'WE ARE NOT PACIFISTS,' SAY CLUB WOMEN

DOUBLE CITY'S POPULATION CAMPAIGN SLOGAN

National Advertising Fund Plans to Be Told at C. of C. Banquet

A vision of Glendale with a population of 100,000 residents within the next two years is to be crystallized into a concrete fact, through the carrying out of the plans that have been worked out by the ways and means committee of the Glendale Chamber of Commerce.

These plans, which have been under consideration for several weeks past will be submitted to an assembly of the leading club, business and professional men of the city at a banquet that is to be held at the Oakmont Country club on Monday night, April 14, at 7 o'clock, when every angle of the project will be set forth and the approval and support of all elements of Glendale will be asked.

Advertising Fund

The members of the ways and means committee of the Chamber of Commerce will present the plans that have been prepared and which call for the raising of a fund to be used for the purpose of advertising Glendale, with the object of bringing more residents to settle in the city and to make their homes here.

The need for such an advertising fund and the benefits that are to be derived fro mits expenditure will be told by several speakers who have been selected to present the proposition to the guests at the banquet. It has been claimed by those in close touch with the situation that the expenditure of the $6000 that was raised last year for advertising purposes brought to Glendale, at a conservative estimate, at

ONE INJURED AS TRUCK HITS AUTO

Police Search for Driver Who Fled After Crash; Skull Fractured

LOS ANGELES, April 10.—Crashing into a small touring car at Clark and Arcadia boulevard in Belle Flower early today, a truck and trailer loaded with hay demolished the automobile and probably fatally injured William Gerald of Anaheim.

According to a report of the accident to the sheriff's office, the truck did not stop after the accident. Gerald was removed to a doctor's office at Belle Flower where it was found he had received a fractured skull and severe cuts about the body. The sheriff's office has started a search for the truck driver.

Race for Senatorship In Illinois Is Close

CHICAGO, April 10.—Returns from 5,020 precincts of 5,668 in Illinois early today showed former Governor Charles S. Deneen holding his lead over Senator Medill McCormick by 4,597 votes in the nip and tuck fight for the United States senatorship nomination. The count: Deneen, 319,674; McCormick, 315,087.

Dawes Report and Illness of Stinnes Blamed for Panic

BERLIN, April 10.—The Dawes report in conjunction with news of Hugo Stinnes' serious illness caused a panic on the bourse today, many stocks making low records.

Shares in Rhine industries were particularly hard hit. Bankers are preparing to intervene by raising credits abroad.

IGNORE SUMMONS, MIDNIGHT ARREST

Traffic Violators Who Fail To Appear Voluntarily Roused From Bed

LOS ANGELES, April 10.—Those who ignore summons to appear in police court in traffic violations in the future will be subjected to the inconvenience of arrest after midnight, according to an edict issued today by police traffic officials, who early today sent two officers to bring in Mrs. Donna E. Bell, of Hollywood boulevard.

Mrs. Bell, it was claimed, had ignored two summons to appear on two traffic violations, the first of which was issued in February. Two officers from the Hollywood station went to her home at 3 a. m. today, forced Mrs. Bell to get out of bed, dress and accompany them to police headquarters where she was required to put up bail.

Requests Opinion on Bergdoll Citizenship

WASHINGTON, April 10.—Secretary of Labor Davis today called upon Commissioner of Naturalization Crisp for an opinion as to whether Grover Cleveland Bergdoll had lost his American citizenship through his faliure to comply with the draft law.

Crisp was asked to ascertain if Bergdoll committed any act of expatriation while in the United States, whether his act of refusal to comply with the draft requirement impaired his citizenship in any manner, and whether any act he could perform would expiate him.

French Praise Dawes' Reparations Report

PARIS, April 10.—While there was some sharp criticism of the Dawes report today, many influential newspapers praised it as constructive and as showing that Germany is able to pay her war debt.

Most of the criticism was based upon the implication that France should relinquish her present Ruhr policy and that neutrals are given an important voice in directing Germany's financial affairs.

Daugherty's Partner Hired In Fraud Case

WASHINGTON, April 10.—A new sensation broke in the Daugherty investigation today when George L. Miller, Oklahoma millionaire, admitted on the stand he had employed J. E. Todd, law partner of Harry M. Daugherty, to obtain his influence upon the former attorney-general, Daugherty, in an Oklahoma land fraud case.

U. S. STEEL REPORT

NEW YORK, April 10.—The U. S. Steel corporation today reported unfilled tonnage on its books as of March 31, last, of 4,782,807, compared with 4,912,901 tons February 29, a decrease of 130,094.

MELLON TAX BATTLE IN SENATE

Widely Different Measures Are Reported Out by Finance Body

WASHINGTON, April 10.—The legislative fight over the Mellon tax plan broke out in the Senate this afternoon with the reporting from the finance committee of the widely different tax bills framed by the Republicans and Democrats.

The administration bill carrying the Mellon rates was presented by Senator Smoot, Republican, of Utah, chairman of the committee, and the Democratic bill, lowering the normal income tax rates and boosting the surtaxes, by Senator Simmons, Democrat, of North Carolina.

Administration Bill

The administration bill provides normal taxes of three per cent on incomes up to $4000 and six per cent above $4000.

The surtax rate was started at one per cent on $10,000 and graduated up to 25 per cent on incomes of $100,000 or more.

Simmons proposed normal rates of two per cent up to $4000; four per cent between $4000 and $8000; and six per cent above $8000.

Offer New Method

In the surtax provisions, the Democrats presented a wholly new method of taxation. Instead of figuring surtaxes upon a percentage basis, the Democrats set definite amounts, coupled with percentages as the base for levying surtaxes.

On net incomes of $10,000, the Democrats proposed no surtax rates, but provided a 1 per cent tax on incomes in excess of $10,000 and not exceeding $14,000.

GLOBE GIRDLERS HEAD FOR SITKA

Army Aviators Start Flight In Drizzling Downpour for Alaska Port

BULLETIN

KECHIKAN, Alaska, April 10.—The four American round-the-world planes which left Prince Rupert today passed over here at 9:35 o'clock (Alaskan time) this morning, flying low. They are due at Sitka at 1:30 p. m.

PRINCE RUPERT, B. C., April 10.—America's round-the-world flyers took off from here today on the first leg of their long and dangerous trans-Pacific filght. At 9:22 a. m. the four big Douglas air cruisers rose from the harbor amid a drizzling rain and headed north for Sitka, Alaska.

The flight will be advanced as rapidly as possible under weather conditions until Attu, the last island of the Aleutian group, is reached. After a thorough overhauling there, the four aviators will hop off over the Pacific for the Japanese Kurile Islands.

Two Killed as Train Hits Car at Crossing

SAN BRUNO, Cal., April 10.—Struck by a Southern Pacific passenger train, the automoblie in which Mr. and Mrs. Frank Wilcox, wealthy Santa Clara residents, were returning to their home from San Francisco, was demolished and both occupants almost instantly killed.

BOND ISSUE URGED FOR LIBRARY

T. W. Preston, Chairman of Board, Tells Need of Sum of $47,000

T. W. Preston, chairman of the library board, conferred with the members of the City Council in committee of the whole this morning regarding the proposed bond issue of $47,000 for the library which will be submitted to the voters on May 6, at the presidential primary.

Of this amount it is proposed to spend $32,500 for the construction of an addition to the main building at Harvard and Kenwood streets; $10,000 in addition to the $5000 already appropriated for the erection of a library building in the northwest section of the city; $500 to the repair of the southern branch at Brand boulevard and Los Feliz

(Turn to page 17, col. 6)

RICHARDSON MAY SUMMON SOLONS

Gravity of Cattle Scourge Demands Quick Action By the Legislature

SACRAMENTO, April 10.—The gravity of the hoof and mouth epidemic in California was indicated here today as Governor Richardson held hourly conferences with scores of leading legislators and capitalists on the advisability of calling a special session of the legislature to secure an appropriation for carrying on the fight against the stock scourge.

G. H. Hecke, head of the state department of agriculture, said all indications pointed to such a move, after a lengthy conference with the governor.

Celebrates Birthday As Host to Daughters

Congratulations to H. L. Miller, head of the H. L. Miller company, realty and insurance concern, who is today celebrating his birthday. Which one? Well, never mind. Anyway, he's feeling young and happy. In order to properly celebrate the event he was host to his five daughters at a luncheon at the Egyptian Village cafe, those present being Mrs. Jennie Fitz, Mrs. Geo. A. Wagstaff, Mrs. E. J. McNamara, Mrs. R. L. Johnson and Mrs. H. E. Rice.

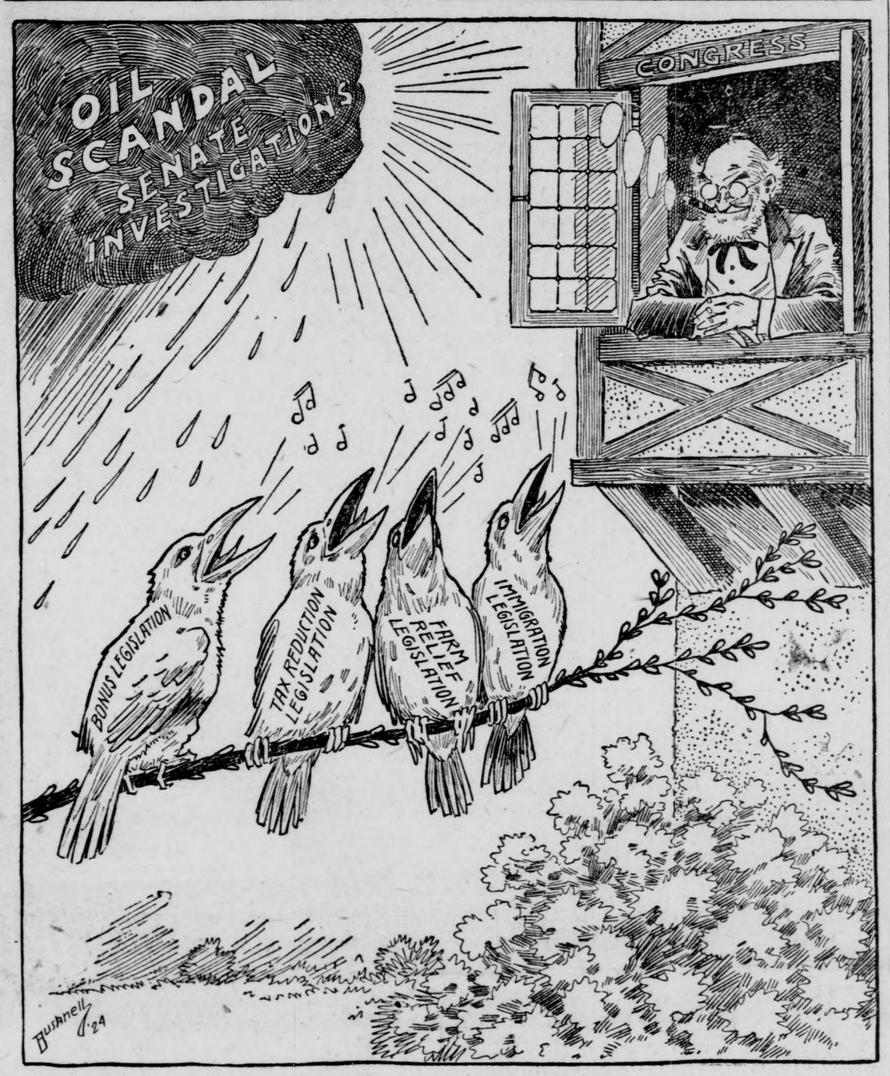
Seeks Investigation To Clear Own Name

WASHINGTON, April 10.—Taking immediate cognizance of charges in Boise, Idaho, his home state, that he and his relatives profited unduly through loans from the war finance corporation, Senator Frank R. Gooding, Republican, today announced he would demand an investigation of the transactions to clear himself.

ROB SAFE IN L. A.

LOS ANGELES, April 10.—Yeggmen early today cut through a wall of a heavy safe belonging to the Scherman Furniture company in North Main street and escaped with $1500.

AFTER THE STORM



DEATH SUMMONS GERMAN CROESUS

Hugo Stinnes Succumbs to Illness at Home In City of Berlin

BERLIN, April 10.—Hugo Stinnes, famous German financier, died here this afternoon.

Stinnes had been on the point of death for the last forty-eight hours. His wife and family were at the bedside.

The famous coal magnate and industrial giant suffered a nervous breakdown from overwork about a month ago. Recently he underwent two operations, the last one last Saturday. Since then he became steadily worse and yesterday he made his will.

Dominant Figure

Stinnes was known as Germany's "industrial kaiser." He was one of the most dominant figures during the World war and since the war has been without a rival in Germany's financial and industrial circles.

Enemies referred to him as the "Assyrian Croesus" and he loved to boast he was the richest man in the world.

BARBARA WORTH'S GUESTS IN PANIC

Famous Valley Hotel Suffers Heavy Damages From Fire and Water

EL CENTRO, Cal., April 10.—Scores of persons, scantily clad, fled from the Barbara Worth hotel early today when a fire started in the servants quarters on the roof of the hostelry, believed to have been from a cigaret dropped in a bed, and did damage estimated at between $25,000 and $50,000.

The fire did not spread to any of the suites or rooms below, but damage was done by water which seeped through into them.

No one was injured. The Barbara Worth is one of the oldest and finest hotels in the Imperial valley.

Idaho Solon Asks Immediate Probe Of Loan Charges

WASHINGTON, April 10.—An investigation by a special Senate committee of charges that either he or his relatives were unduly favored by the war finance corporation, in receiving farm loans, was demanded today by Senator Frank R. Gooding, Republican, of Idaho, in a resolution introduced in the Senate. The charges were made by a farm organization in Boise, Idaho.

GUESTS IN HOTEL FLEE FROM FIRE

Early Morning Blaze Starts In Paint Plant Between Oakland Hotels

OAKLAND, April 10.—Three hundred guests of Hotels Oaks, Savoy and Sutter fled early today when fire starting in a paint and oil shop spread to the Oaks and Savoy.

The fire was controlled after it had mounted to the fifth floor of the Oaks. The other hotels were little damaged. The fire loss was estimated today at $150,000.

Firemen fought a four-hour battle, their lives endangered by explosions of paint and oil stored in the Chris Nelson Paint and Varnish plant where the fire started. The varnish plant is located between the Savoy and Sutter hotels and in the heart of the hotel district.

Wait French Verdict On Reparations Plan

LONDON, April 10—There was a feeling of apprehension throughout England today over the attitude France may assume towards the Dawes reparations report. The view was openly expressed that France can either bring European peace or further chaos. There were indications that all British parties are ready to support Premier Macdonald if he accepts the report in behalf of England. Opinion is general that, if France accedes, Germany will be bound to accept the Dawes plan.

PROVIDE OUTLET FOR FLOOD WATER

Council Orders Colorado St. Cut to Allow Escape of Canyon Runoff

Definite action was taken by the members of the City Council this morning to give the residents along the Sycamore canyon wash relief from the menace of floodwaters, when V. B. Stone, city manager, and Ben S. Dupuy, city engineer, were instructed to have Colorado street opened to a depth of four feet immediately to allow the flood-waters which have been backing up on the property north of this street an escape. The width of the cut will be forty feet, and will provide a runway for the floods which have descended upon this section of the city following rains in the San Rafael hills.

Mrs. R. A. Ladd, Mrs. A. C. Burrell, Mrs. Minnie Breckenridge, Mrs. E. F. Pomeroy, Mrs. J. F. Johannsen and Mrs. Fannie Bower addressed the Council on the

ARMY, NAVY NEEDED TO PRESERVE PEACE, IS VERDICT

Number of Resolutions Are Acted Upon Today By District Federation

By KATHERINE V. SINKS
Of The Evening News Staff.

Radiating the active interest of Los Angeles District club women in affairs local, state, national and international, twenty-one resolutions were adopted by the convention delegates this morning.

David Starr Jordan, president emeritus of Leland Stanford, Jr., University, and nationally known pacifist, failed to convert Los Angeles District club women Tuesday night, for this morning they re-echoed a declaration made in January, 1924, by the General Federation board in Washington, D. C., "We are not pacifists," in unanimously passing a resolution favoring the international court of justice.

For Army and Navy

The resolution was prefaced with a statement that while not favoring warfare that in the present tumultuous state of the world an army and navy should be maintained to preserve the security and dignity of the country for national stability.

The various resolutions were presented by Mrs. Charles F. Van de Water, chairman of the resolutions committee, and throughout the reading and consideration there was a live interest among the women.

Some Cause Debate

Lively debate was brought forth on some of the subjects, while others were given unanimous sanction. It was evident from the attitude of prominent club leaders that the women are loath to vote without knowledge of the subject they are voting on, and in some cases resolutions presented were referred for further consideration and action to the district board. In other cases resolutions that were given first reading on Wednesday were withdrawn because of lack of knowledge for intelligent consideration by the convention assembly.

Of the resolutions read yesterday three were referred to the district board and one withdrawn.

Immigration Bill

The first resolution that met with debate and finally referred to the board was the one favoring the Johnson immigration bill. It was evident that the convention delegates were not versed on either side of the question and its disposal was widely handled.

In this connection the suggestion was made by Mrs. C. H. Toll that it would be well when presenting in convention a resolution

LATEST NEWS

GOVERNOR M'CRAY CASE TO JURY

INDIANAPOLIS, April 10.—A jury of twelve men today took into its hands the case against Governor McCray, charged with embezzlement and larceny of Indiana board of agriculture funds. The jury received the case at 2:22 o'clock this afternoon after a trial which had lasted almost a month.

SEEKS U. S. AID TO FREE DE VALERA

WASHINGTON, April 10.—A move to have Congress intercede to obtain the release from prison of Eamonn de Valera, the Irish independence leader, was made this afternoon by Representative Boylan, Democrat, of New York. Boylan put in a resolution calling upon Secretary of State Hughes to furnish all information in his possession bearing upon De Valera's imprisonment.

JOHNSON HEADQUARTERS TO CLOSE

CHICAGO, April 10.—Senator Hiram Johnson's national headquarters here will not be open tomorrow, although Harold Ickes, manager, said he had heard nothing of any intention on Johnson's part to quit the race for the Republican nomination for the presidency or of any conference in Washington to discuss that possibility. It was said closing of the local headquarters was not due to the results in Tuesday's primaries but had been planned in any event with a view to re-establishing them in some eastern city, perhaps Cleveland. The offices here have been regarded as the principal ones of the Johnson campaign.

Let's Get Our Share Of That Half Million!

Five hundred thousand people come to Los Angeles annually. Why? Because Los Angeles is the most widely advertised city on the globe.

They see Los Angeles FIRST, then Hollywood, San Diego, Pasadena, Redlands and other nationally advertised cities, because for months and even years they have been reading about the advantages which these cities have to offer. They are SOLD before they reach California.

Glendale—the UNADVERTISED—is discovered only by accident, and then only after the advertised communities have been visited.

Consider the potential financial strength of this half million—and the opportunities which smug, self-satisfied Glendale is passing up because it has not yet awakened to the value of a nation-wide advertising campaign.

Remember—"everybody's business is nobody's business," so it us up to each and every live, progressive citizen of Glendale to do his share to spread the gospel of national advertising. We want our share of the half million, and we'll get it only through the cooperation of the entire community.

Personal Mention

Mrs. E. B. Moore of 1259 South Maryland avenue and president of the Federation of Parent-Teachers' associations in Glendale; is attending the Reciprocity luncheon in Covina today.

Miss Mildred Cool, who has been a winter guest of her aunt, Mrs. Gordon L. Smith, of 205 West Chestnut street, and other relatives in Glendale, Los Angeles and vicinity, left early this week for her home in Johnstown, N. Y.

Mrs. P. E. Dowd of 1744 Kenneth road entertained as luncheon guests recently Mrs. George Mackie of Los Angeles, Mrs. Frank of Pasadena, Mrs. Van De Kamp and Miss Van De Kamp of Pasadena and Mrs. Zinkey of Glendale.

Mrs. Bachmyer of Portland, Ore., is expected to arrive here today for an extended visit with her sister, Mrs. Dietrich of 430 West Patterson avenue. Mrs. Bachmyer and Mrs. Dietrich have not seen one another for the past eleven years.

Miss Carrie Gibbons, who has been visiting for the past several months with Mr. and Mrs. Herbert D. Gibbons of 606 West Stocker street, left Tuesday night for her home in Mexico, Mo. Miss Gibbins has been inspiration for a number of social affairs since her arrival here last December.

Miss Louise M. Guenther of 708 North Maryland avenue, who was taken to the Research Hospital a week ago to undergo an emergency operation for acute appendicitis, is reported as doing splendidly and her many friends are looking forward to her speedy recovery. Miss Guenther is secretary-treasurer for the First Presbyterian church.

Mrs. M. B. Bronson of Whittier, was among the guests at the Club Press luncheon Wednesday at the Egyptian Village cafe. Mrs. Bronson has been a member of the Southern California Press club for fifteen years and has had wide experience in newspaper work of various types.

LAST RITES FOR DANIEL F. BOWLER

Friends Gather at Church To Pay Final Tribute To Business Head

The funeral of Daniel F. Bowler, widely known Glendale citizen, who died at his home, 501 South Glendale avenue Friday, April 4, 1924, following a short illness, was held this morning at 9:30 o'clock at the Holy Family Catholic church, with solemn requiem high mass. Father Michael Galvin officiated, assisted by Rev. Patrick Veasey and Rev. Lynch.

Many friends who, during his business career in this city, had learned to love him were present, and the floral tributes were very beautiful. Representatives were present from the Realty Board, Elks, Knights of Columbus and Chamber of Commerce, of which he had been a member.

The pallbearers were Joseph Scott of Los Angeles and the following officials of the Knights of Columbus: Robert McKenzie, supreme special agent; David Supple of San Francisco, state warden; Bernard Leonard, district deputy president of Pasadena; Peter L. Ferry, district deputy president of Glendale, and Harry Girard, past grand knight of the Glendale council. Mrs. Bowler's brother, George Conger, arrived from Wisconsin yesterday for the funeral.

Mr. Bowler was Glendale manager of the Sparr Heights offices, and was 50 years of age at the time of his death. He is survived by his widow and three children, and four brothers in Wisconsin.

Interment was in Calvary cemetery, with the L. G. Scovern company in charge.

Emergency Hospital Patches Up Pugilist

LOS ANGELES, April 10.—"Battling" Johnny Ward, who paints by day and fights by night, was ushered into the Emergency hospital early today in what one would call "a considerably mutilated condition." Whoever his adversary was at San Fernando last night there is little doubt that Johnny didn't win.

$75,000 DAMAGE SUIT

LOS ANGELES, April 10.—Charges of a stolen kiss have resulted in a $75,000 damage suit filed here. Myrta I. Comer, wife of E. Clark Comer, prominent Hollywood real estate dealer, is defendant in the superior court action. Her sister, Lora May Lamport, a concert singer, alleges that Mrs. Comer wrongfully accused her of having associated with Comer, of kissing him and otherwise acting improperly. She asks $50,000 compensatory and $25,000 punitive damages.

PASTOR UNDER ARREST

LOS ANGELES, April 10.—Rev. Baker P. Lee, arrested yesterday afternoon following his indictment by the federal grand jury on a charge of using the mails to defraud in connection with the promotion of the Are-Bee Oil Syndicates 1 and 2, declared today that he is innocent of any crime. He declared that he does not even know "what it is all about." Three officials of the oil company have also been indicted.

SEEKS STAGE LINE

LOS ANGELES, April 10.—The State Railroad Commission late yesterday took under advisement Otis C. Dwy's application for permission to operate an automobile stage between Inglewood and El Segundo.

WANTS SPUR TRACK

LOS ANGELES, April 10.—The Santa Fe railway has applied to the State Railroad Commission here for authority to lay a spur track across R street at Bakersfield.

AT CITY PLANNING MEET

LOS ANGELES, April 10.—Stanhope S. Pier, city commissioner of Portland, Ore., is a guest at the Biltmore hotel. He is here to attend a session of the City Planning Commission.

BANKRUPTCY PETITION

LOS ANGELES, April 10.—Petitions in bankruptcy were filed yesterday in the federal district court by Archie R. Brown, Fresno; Nell Turner, beauty parlor proprietor at Santa Ana, and Sheldon and Virginia Lewis, Hollywood motion picture players. Brown fixes his liabilities at $9074 and his assets at $400.

FOR COMMUNITY CHEST

SAN DIEGO, April 10.—More than $13,000 was reported in as the result of a one-day community chest drive here this week. The one-day campaign was needed to raise the balance of $50,000 that was originally set as the goal.

STABBED TO DEATH

VENICE, April 10.—A knife in the hands of an assailant caused the death of James Barclay, 52, an inquest conducted by Deputy Coroner Green found yesterday afternoon. Barclay was stabbed Sunday night at the home of a woman upon whom he and Dave Hearns were visiting. Hearns today is held in the county jail.

ATTEND CONFERENCE

ALHAMBRA, April 10.—Alhambra city officials are today attending the conference of city planners, now being held at the Ambassador hotel in Los Angeles. Plans and a painting of the proposed mammoth open air theater to be erected in Municipal Park are being displayed there.

VOTERS REGISTERED

SAN BERNARDINO, April 10.—A total of 31,766 voters have registered for the May primaries, according to a report by County Clerk Harry L. Allison.

REVISE DETAILS FOR SCOUT TROOP

Complete Reorganization of Unit Legion Sponsored Is Effected

Complete reorganization of the troop of Boy Scouts sponsored by the local post of the American Legion, officially known as Troop No. 4 was effected last night at a meeting held at the American Legion hall on East Broadway. Those in attendance were H. B. Lockwood, in charge of the troops; E. W. Gilliland, W. H. Regelin, Al Wheelon, E. J. Wix and E. E. McWain.

Hereafter the troop will be conducted along the most modern lines. Mr. Lockwood will continue to act as troop master, with assistance from the following members of the Legion in various lines: Al Wheelon, records and secretarial work; W. H. Regelin, candidates and tenderfoot requirements; E. E. McWain and E. W. Gilliland, advanced work and second-class scouts.

Few Vacancies Exist

Mr. McWain will act as assistant to the scoutmaster. He has had over three years' experience in this work and should be of valuable assistance.

"There are still a few vacancies for boys in the troop," said Mr. McWain this morning. "The candidates, however, must be over twelve years of age. We intend to make Troop No. 4 the leading organization of its kind in the city."

Many summer activities were planned last night and a great deal of enthusiasm was manifested. The Scouts will go to the Bimini baths in Hollywood for recreation and instruction, under proper leadership, on April 26. May 3 will be devoted to an instructional hike.

Six of the local boys plan to attend the Scout trip to San Diego next week, with the possibility that more names will be added before the time set for departure.

That's All

L. A. District Federation Mail The News Back East
Hiram Johnson To Quit?
Japanese Immigration

By Gil A. Cowan

What a wonderful time the clubwomen are having here! Their district convention of the California Federation is a success in every way. It was the writer's pleasure to visit the Tuesday Afternoon clubhouse yesterday and get a glimpse at the splendid manner in which the program is being carried out.

Honestly, men, it takes the women to do everything right. But it requires untiring efforts to have everything "just so," and, no doubt, the social events of the next week will be severely limited.

The Glendale Evening News is giving a most complete account of the convention, and may we not suggest to the members of the Tuesday Afternoon club that they mail the record of their achievement to their friends "back east."

Friends of Hiram Johnson will again wonder whether or no he actually means to discontinue his campaign for the presidency. Certainly, he has had little success in the face of administration organization when it comes to vote-getting, yet it would appear that there should be a contest for such high honors as the presidency. Otherwise this nation will fall into the hands of a small number of people.

Senator Johnson yesterday also threw a bombshell in the camp of "peace propagandists" when he charged that the gentlemen's agreement with Japan is being broken. Only the day before, Dr. David Starr Jordan, speaking before the women's club convention here, declared the agreement had been kept.

Let us read an editorial from the Spokane, Wash., Spokesman-Review, which says:

Hamilton Holt, who spoke before several Spokane audiences Tuesday, told a Spokesman-Review reporter that he had three hobbies: "The league of nations, antique furniture and Japan." Mr. Holt is a cordial admirer of the Japanese people and the Spokesman-Review is in accord with his tribute to their virtues. It has repeatedly testified to their admirable qualities—their industry, patience, good nautre, good manners, high intelligence and devotion to their country and its institutions.

But all that is beside the mark when it comes to consideration of the question of Japanese immigration. Mr. Holt concedes that "the Pacific coast is right in desiring to exclude Japanese," but thinks that "it is going about it in just the wrong way." He thinks "it is a rude and unfriendly act to agitate for legislation adverse to that nation while the 'gentlemen's agreement' is in force."

But the record shows that Japanese immigration has increased alarmingly in the face of the "gentlemen's agreement." There are more than 100,000 Japanese in California alone, and a counting a few years ago by agents of the Japanese government found more than 25,000 Japanese in Washington, Idaho, Montana and Alaska. Undoubtedly Japanese have poured into western Washington in large numbers since the "gentlemen's agreement" was entered into. One has only to walk the streets of Seattle and take casual cognizance to be impressed with their increase in numbers and their increasing activity in all lines of commerce.

The invasion of Hawaii by Japanese and their appearance in the Pacific coast states in increasing numbers constitute a menace to the peaceful relations between the two nations. If there were no Japanese in Hawaii and on the Pacific slope of America there would be no Japanese problem. The presence here of Japanese in large numbers is the cause of friction. Persons who advocate increasing Japanese immigration are unconsciously advocating increasing friction and increasing danger of war. The greater the number of Japanese in this country, the greater the peril.

SOCIAL EVENTS

Reading Circle

At the meeting of the Mutual Benefit Reading circle held yesterday with the chairman, Mrs H. V. Henry in charge, an interesting review of "Will Your Boy Be a Leader?" by Frank Cheney was given by Mrs. Florence Wintersgill.

Mrs. C. H. Crawford read the article recently received pertaining to the methods of the Lincoln school in New York City. This school is trying to use the projective method and is finding it a great success up to the present time.

Mrs. H. V. Henry read a short article on the Platoon System being used in the so-called "Platoon School" in Detroit, Mich., which was also very interesting.

Mrs. Alma J. Danford, Glendale librarian, brought the circle members an Easter greeting and also made an appeal for the bond issue for the library.

Several chapters from "School of Tomorrow" by John Dewey, were read by Mrs. H. V. Henry relative to the use of the auditorium in the schools and the new methods in the school in Indianapolis, which is attended by colored children.

Announcement was made relative to the last lecture of the University Extension course which will be given in the auditorium of the Broadway school at 8 o'clock Friday night. The subject, "The Parent, The Teacher and The Child," will be discussed by Dr. F. P. Woellner. All members are urged to be in attendance.

It is announced there will not be a regular meeting of the circle next week.

♣ ♣ ♣

Program at Club

Members of the Music Department of the Tuesday Afternoon club of which Mrs. Warren Roberts is curator, are to have an unusual treat in store for them Friday afternoon, April 11, when a splendid musical program will be presented at 3 o'clock, in the clubhouse.

The program will include several selections by Mrs. Virginia Freeman's pupils and other musicians.

The program to be presented is as follows:

"Wynken, Blynken and Nod" and "Mighty Lak' a Rose" (Nevin), by the Freeman quintet, Miss Julia Robinson, Miss Gladys White, Miss Marjorie Yarick, Mrs. Gretna Cordary and Miss Pearl Adair.

"The Bird Song" from Pagliacci, Mrs. Laura Jane Burris.

"Hear Me! Ye Winds and Waves" (Handel), "The Moon Drops Low" (Cadman), by Myron Carman.

"Fallen Leaf" (Logan), Gladys White.

"Under the Lanterns" (Sanderson) and "Kashmire Song" (Finden), Mrs. Helen MacMullin.

Accompanists, Mesdames R. T. Young, Spencer Robinson and E. R. Ripley.

Hostess for the afternoon will be Mrs. Lange. All members and friends are extended a cordial invitation to attend.

♣ ♣ ♣

Luncheon Hostess

Miss Permelia Mabel Thompson, daughter of Mr. and Mrs. Frank T. Thompson of 305 North Central avenue, whose marriage to William Kirk Vernon of Upland will be a brilliant society event on April 22, will entertain the members of her bridal party at luncheon on Saturday at the Biltmore hotel and later with a matinee party at the Morosco Theatre.

The guests will include, Miss Mildred Cole and Miss Marguerite Eckles of Glendale and Miss Marion Buckman, Miss Luella Lockwood and Miss Marjory McComber of Los Angeles.

Miss Thompson is from the University of Southern California and a member of the Delta Gamma Sorority. She formerly was president of the student body of the Huntington Park High school and has been the recipient of many social events in honor of her engagement.

Mr. Vernon is of Stanford university.

The wedding will take place Tuesday night, April 22, 1924, at the home of Miss Thompson's grandparents, Mr. and Mrs. O. W. Strong, 685 South Vermont avenue, Los Angeles.

♣ ♣ ♣

Royal Neighbors

The regular meeting of the Royal Neighbors of America will be held tomorrow night, Friday, April 11, at 8 o'clock in the K. P. hall, Park avenue and Brand boulevard, it is announced.

All members are urged to be in attendance.

A number of members will be in attendance Saturday at the State Convention of Royal Neighbors to be held in Torrance beginning at 1 o'clock.

♣ ♣ ♣

Meet Friday

The members of the Acacia Avenue Parent-Teacher association will hold their regular business meeting, Friday, April 11, at the schoolhouse at 2:30 o'clock, it is announced.

Miss Horack of the Psychological Research school will be present and take part in the afternoon's program.

A large attendance is anticipated.

♣ ♣ ♣

Trip Postponed

The fishing trip planned for today by the members of the Men's Bible class of the First Methodist church has been postponed on account of the uncertain weather, it is announced. However, plans will be made for the trip during May.

Accordingly the fish banquet has been postponed for a month.

Gopher-Scent kills Gophers. Use it now and save your lawns and gardens. Sold by all Seed, Feed and Hardware Stores.—Advertisement. 4/7, 8, 9, 10.

Unique Program

An entertainment which gives promise of being a special treat, and is open to the public, is scheduled for Friday night at 8 o'clock, at the First Presbyterian church, to be given under the auspices of the Sunday school intermediate department, of which Mrs. T. A. Lewis is superintendent.

A group of visiting musicians, who will put on a unique and diversified program, is composed of Jennie M. Durkee, guitar and ukelele soloist; Georgia Williams, whistling violinist; Morris Van Auken, mandolin player, and Ruth Thompson, piano accompanist, all of Los Angeles.

Numbers by the whistling violinist will be "Intermezzo" from "Cavalleria Rusticana" (Mascagni), "Ave Maria" (Schubert) and "Mighty Like a Rose" (Nevin).

Mandolin solos are to be "Capricaio di Concierto" (Drienzo), "Medley-Fantasie" (Siegel) and "Serenata" (De Pace).

"Dear Old Pal of Hine," "Sextette from Lucia" (Donizetti) will be ukelele numbers, and "Valse Brilliante" the guitar by Miss Durkee.

"Spring Song" (Mendelssohn), "Kentucky Babe" (Geibel), and other selections will be given in concert.

The young people of the department are desirous that their friends should not miss the opportunity of sharing in the pleasure to be derived from the novel program by visiting talent.

♣ ♣ ♣

Luncheon Honor

The members of the faculty of Glendale Avenue school entertained at luncheon Wednesday, complimenting one of the number, H. Edward Bremer, who is to become a benedict during the coming week of Easter vacation.

The tables in the domestic science room were decorated with orange blossoms. A dainty luncheon was prepared under the direction of Misses Lulu Mary Wooldridge and Sarah Merritt; Misses Avis White and Helen Brockett composed the decorating committee.

Those present were the Misses Mildred Hughey, Caroline Ainsworth, Avis M. White, Ruth Williams, Jennie Lacy, Helen Brockett, Natalie Mackay, Lorene Fritch, Alice Lookabaugh, Ruth Havemann, Gladys Sharpe, Alice Foulke, Mary Wooldridge, Sarah Merritt, Superintendent Richard D. White, Principal Norman Whytock, James G. Bailie, J. F. McMaster, H. Pierre Fitzpatrick, and the guest of honor, H. Edward Bremer. He was recipient of a handsome present from his associate teachers.

'FIRE PRINCE' TO BE SHOWN AGAIN

Student Actors Will Repeat Spanish Operetta at H. S. Auditorium

The sparkling Spanish operetta, "The Fire Prince," given yesterday afternoon at the Broadway High school auditorium by pupils of the music department, under the direction of Mrs. Dora L. Gibson and Mrs. Charles A. Parker, will be offered again tonight in the auditorium, the curtain rising promptly at 8 o'clock.

The operetta concerns Prigio, crown prince of the imaginary kingdom of Pantouflia, who has the bad grace not to believe in fairies. The libretto is by David Stevens, with music by Henry Hadley, considered one of the leading American composers.

Grid Hero Stars

Howard Elliott, who takes the part of Prigio, proved yesterday afternoon that he is just as much a matinee idol as a gridiron hero. He has an excellent voice and real histrionic talent.

Donald Dietrich plays the part of the king. Gwenlian Warner that of the queen, Elmer Fitz and Robert Laird their two younger sons, Mildred Sooy the duchess, Frederika Marshall as Molinda, Winifred Parker and Marie Hearnshaw as the Spanish gypsies and Irvin Carver as Benson, the butler.

Young Carver scored a distinct hit yesterday afternoon in the latter role and can be depended upon to keep tonight's audience in an uproar.

In all, there are seventy-five Glendale Union High school students in the cast of "The Fire Prince." The High school orchestra will furnish the accompaniment, adding another enjoyable feature to the entertainment, which is felt to be one of the best the auditorium has housed. Tickets are available at the box office.

DEATHS — FUNERALS

MRS. MARY L. THOMSON

Word has been received here of the death of Mrs. Mary Livingston Thomson, who passed away March 14, 1924, at the home of her daughter, Mrs. Silas J. Shriber, in Tionesta, Pa., where she had been for the past year. Mrs. Thomson was well known in Glendale and La Crescenta, having been a resident of California for thirteen years and for eight years a resident of La Crescenta, where she lived with her daughter, Mrs. R. E. Haines, prior to her return east last May. She was an active member of the Presbyterian church and charter member of the La Crescenta Women's club and was greatly loved by all who knew her. She possessed a sweet disposition and pleasing personality, which made friends for her where ever she went.

The deceased was born in Tyrone, Ireland, on August 14, 1851. She had been in comparatively good health until a year ago, when she was taken ill, from which she never fully recovered. She was able to be up and around until a very few days before her death.

Funeral services were held in the Presbyterian church in Pennsylvania and interment made in the cemetery at Riverside, Pa.

MRS. NAOMA BARBER

Mrs. Naoma Barber passed away at her home, 1221 Winchester avenue, Tuesday, April 8, 1924, at the age of 58 years.

She is survived by her daughter, Mrs. Leslie A. Cook, of Saratoga Springs, New York, who was with her at the time of her death.

Funeral services will be held in the Little Church of the Flowers tomorrow afternoon, Friday, April 11, 1924, at 3 o'clock. Later her body will be taken back to Saratoga Springs for interment.

The L. G. Scovern Undertaking company is in charge.

Wood Will Retain Philippines Post, Weeks Announces

WASHINGTON, April 10.—Leonard Wood has no intention of quitting his post as governor-general of the Philippines, Secretary of War Weeks said today in refutation of cabled reports from Manila that the general was getting ready to get out from under because of dissatisfaction growing out of the independence propaganda.

Finds 'Stolen' Rings Where She Left Them

LOS ANGELES, April 10—Mrs. Katherine Scovell, said to be a wealthy woman from Kansas City, Mo., who yesterday reported to the sheriff's office that she had been robbed of four diamond rings, valued at $20,000, during a taxicab ride from Hollywood to the hotel where she was stopping, today reported to authorities that she had found the rings. Mrs. Scovell said she had hidden the rings in a flower vase in her room and, upon missing them from her fingers, jumped at the conclusion they had been stolen.

GOSH! LISTEN TO 'EM CROW! WRITE ROOSTER EDITOR!

Sweetest Music Put Upon Earth, Says One; What Is Your Version?

The rooster question continues to agitate Glendalians in general and the Rooster Editor of The Glendale Evening News in particular, as classics of the pen come pouring in.

Wit seems to predominate this time, as witness the following retort from A. Lee to Mrs. Charles Glover's letter in yesterday's issue of this paper:

April 8, 1924.

"Rooster Editor,
"The Glendale Evening News,
"Dear Sir:—

"I have read with some amusement the letter of Mrs. Charles Glover that appeared in your issue of this date. I hardly think her statement that the raucous crow of a rooster is no more disturbing than the sweet song of the mocking bird on the telegraph wire would, in the opinion of your musical editor, be accepted, or that he would consider the rooster crow to be a harmonious melody.

Put It in Cage?

"Mrs. Glover further states, 'Let everything live that God gave life to.' I should like to know what she does with the fleas, bugs, flies and other vermin which she would so carefully preserve; and, if it is so necessary to her happiness to keep a rooster to proproclaim the dawn of day, why not let her keep it in a cage in her sitting room, in place of a canary bird?

"A. LEE."

In an equally whimsical vein, one who signs himself "A Subscriber" rushes to the defense of chanticleer, to wit (and not without wit!):

"April 8, 1924.

"Rooster Editor,
"The Glendale Evening News,
"Dear Sir:—

"Now ain't that too bad, that some people in the beautiful city of Glendale can't sleep on account of a poor little rooster keeping them awake. That sure is sad! What a shame, that some rooster won't let some guy get his morning nap, especially as that same guy probably didn't get in till the wee small hours and probably woke up all his neighbors, maybe the roosters, too.

Lose Beauty Sleep

"Some people could sleep with a thousand automobiles chasing right under their windows, an earthquake could shake the house till it rolled over, and they could sleep on, and probably snore on—but one poor little rooster wakes them up and they lose their beauty sleep.

"There is nothing worse, to my notion, unless it would be to sleep with someone who has eaten an onion and keeps breathing! I have raised chickens for a good many years and all I have to say is, chickens don't draw flies if kept in a sanitary condition. And if they are not, it is

Spinel Koluun

VERTEBRATAL KOMMENT
By Prof. Xavius Zantippe

O. G. E.—Your secret is safe with us. No one need ever know. Meet us at the bridge at midnight and bring the papers. We have the makin's.

Found in the Newlywed News, Apr. 4:—"Pegg—Hamor. William H. Pegg, 21. Grace G. Hamor, 17." Easy with that hammer, Grace. Particularly if it's a square peg! Remember, Clara Phillips wasn't an actress but a carpenter. She hammered her way into jail and sawed her way out.

News item from Page 1:—"Grabbing a satchel containing $150,000.50 in cash and a change of clothes, Ira K. Irak, bold bank bandit, called a taxi and (Turn to page 57, col 8½).

The day's best receipt:—"To one quart of raisins, half a cake of yeast, a Saturday afternoon off and five gallons of rain water, add one 25 cent package of Zip, for sale at all drug stores, with full instructions." —Adv.

Sports:—Babe Ruth has challenged Jack Dempsey to a pool tournament at thirty paces, with Willie Hoppe as referee, is the latest rumor from the film studios, where they were signing the contract as this went to press. Marquis of Salisbury rules will be observed, or Hoyle, it was not decided which.

"Ancient Egyptian life was full of social evils," says a dispatch from the Valley of the Kings. Wonder if they played Mah Jongg?

WAIKIKI, Hawaii, Three Months from Now!—The bobbed hair craze has reached here and all the Hula dancers are having it shingled. Beads are being worn higher this season.

This week's most embarrassing moment:—"One day I had just eaten a wonderful meal at the (advertiser wouldn't come through) restaurant and when the waiter came with the bill, I reached into my pocket, where I knew I had ten cents, and when I pulled it out and looked at it—it was only a dime. I was never so embarrassed in my life.—Oscar Piker, 126 County Flood Control channel.

From our Foreign Correspondent:—"Paris, April 8.—I learn on the highest authority that Russia has declared war on Siberia, if I have the name right, which is in turn invading Poland, I think they said. It was all so confused. You know how it is in those places, with the music so loud and the drinks coming so fast. There will probably be fighting, somewhere."

Poultry Notes:—The necessity of hatching eggs is a moot question. But if they are hatched, they should be made comfortable for the first forty-eight hours. Hens that moult are the best layers. Birds with worn toenails are considered by experts to be better layers than otherwise. A cockerel is a rooster that isn't as old as he will be later, but just as noisy.

TO PREVENT CURL

Curl leaf of the peach is prevented by spraying, and not cured by it. Now is the time to spray, before the trees blossom. Do it now.

One of the chief industries in British Guiana is collecting balata gum, which is used in making rubber belting.

QUOTES BIBLE ON BOBBING OF HAIR AND—OH, READ IT!

Here's Hot Answer to Those Who Are in Favor of Those Short Locks

With a news item from New York confronting him, wherein it is set forth that barbers' shears of snicker-snack through the tresses of 2,000 Brooklyn misses a day, the Bobbed Hair Editor of The Glendale Evening News is whipped to the other extreme by the following communication of strong anti-bob sentiment:

"R. 1, Box 23, Glendale.
"April 8, 1924.

"To the Bobbed Hair Editor,
"The Glendale Evening News.

"Please read I Corinthians, 11:6-15. Verse 11 reads: 'For if the woman be not covered, let her also be shorn; but if it be a shame for a woman to be shorn or shaven, let her be covered.' Verse 15 reads: 'But if a woman have long hair, it is a glory to her; for her hair is given for a covering.'

Smoking and Drinking

"I trust the Bible is our guide. If it were more closely read and heeded, I'm sure there would be less bobbed-hair females. This custom defeminizes a woman, just the same as the custom of smoking cigarettes and drinking unmans men. Very unfortunately, smoking and drinking are practiced among the women, too; and equally unfortunate are the extreme fashions worn on the streets and imposed upon men and women who have no respect for the women who do these things and still less for their immodest fashions.

"The trouble is the lack of real mothers in our homes of today, for the real good old home, where purity and modesty are supreme. Just give these gray-haired mothers and their daughters time and they will see and learn where the customs of bobbed hair, painted cheeks and lips, half clad bodies in our streets, churches, business places, school rooms and so forth will lead them.

"Sick and Idiots"

"In conclusion, to the better and deeper-thinking mind they are truly offensive, and a ruination to our country. A quotation from a minister: 'Bobbed hair is for sick, convalescents and idiots.'

"Yours for long hair,
"M. B. H. H."

Now, the Bobbed Hair Editor of The Glendale Evening News is a man. What hair he has he wears short. And it's getting shorter all the time. What views he has on the question of bob or not to bob are immaterial and have nothing to do with the case—tra la! But the public wants to know what YOU think about the question. Shoot in your letters, folks!

CIRCULAR PIN CUSHION

A circular pin cushion that can be slipped over the arm of a sewing machine without interfering with its operation has been invented by a woman.

Price of beaver skins at the dressing centers has advanced about $21.50 in four years.

OH, MR. HATFIELD! CAN YOU PRODUCE RAIN NEXT JULY?

Certain Skeptical Spirits Demand Demonstration in Mid Summer!

By H. THOMPSON RICH
Of The Evening News Staff.

As the southland continues to be veiled in more or less moist clouds, through which Old Sol and Jupe Pluvius romp playfully at hide-and-seek, speculation grows rife on the question: "Are or are not the Hatfield brothers (Charles M. and Paul) responsible for the rains?"

Scientists in general and W. H. Bach of Burbank in particular are well aware that, in order to induce rain to fall, it must first be introduced into the air by means of evaporation from some body or bodies of water somewhere on the earth, as water is not manufactured "presto chango" out of the whole cloth, but is a compound of two gasses, hydrogen and oxygen, the former highly inflammable.

Fire, Then Water

These gasses combine by combustion in the proportion of two parts of hydrogen to one part of oxygen, H_2O, to form what is commonly called water. This has been proved in the chemical laboratory by igniting hydrogen and oxygen gasses under a beaker. The result is a flash of fire, followed by a precipitation of water in the form of drops on the inside of the beaker.

As the earth's atmosphere is chiefly composed of nitrogen (an inert gas), and oxygen, with the addition of hydrogen and numerous rare gasses such as argon, helium and zenon, it is seen that should some such activity as that of the Hatfield brothers succeed in setting the earth's atmosphere afire, the result would be a precipitation of all the moisture from the clouds, which would not only wipe out humanity in an instant, in a globe-wide inferno of flame, but would the next instant throw down on the sizzling earth such inconceivable cloudbursts as to cause the biblical flood to seem a mere shower by contrast.

Utilize Principle

The Hatfield brothers, undoubtedly well aware of the alleged presence of rain following such epochal disturbances as great battles and national fireworks demonstrations, have probably utilized this principle as the basis for their rain-wooing operations. In short, some method of coaxing the atmosphere to absorb water and then yield it up again is suspected as being the "secret" behind the operations of Charles M. and Paul Hatfield.

Have they been successful in their recent efforts in the mountains west of Coalinga, or has it merely rained? The question would be as difficult to answer as any question a mortal might conceivably ask, for it could never be proved either that the Hatfields did or didn't make it rain. One thing is certain, and only one, in the controversy, and that is: IT RAINED.

Rain Next July

Certain skeptical spirits are now voicing the demand that the Hatfield brothers make it rain in July, when it is well-known that rain does not come of its own invitation in this section. A good downpour at that season, not a mere sprinkle, would end the argument, and Charles M. and Paul Hatfield would be acecpted as meteorological magicians and hailed as world benefactors.

"Making it rain" when it rains anyway is felt by many to be too much like dealing in that brand of prophesy that says: "A dark, handsome man will cross your path." Science is exact and that is why Sirs Oliver Lodge and Arthur Conan Doyle's experiments with the hereafter are repudiated for lack of proof.

Says W. H. Bach: "If the Hatfields have induced the rain, they have found some way of uniting the gasses of the air or of stimulating some kind of electrical energy in the atmosphere that has created humidity—or else the elements have combined to operate a remarkable coincidence. The Hatfields' secret, if they have one, should be owned by the Department of Agriculture at Washington, D. C."

Hoppe Hands Stringing Defeat to Horemans

NEW YORK, April 10.—Willie Hoppe, 18.2 balk line billiard champion, will enter the final block of his 1500 point challenge match with Edouard Horemans, a top heavy favorite tonight, as a result of piling up a substantial lead in the first two blocks. Hoppe gave the Belgian one of the worst defeats in the history of competitive billiards last night in winning the second block by 500 to 16, and at present tops the challenger by a total of 1,000 to 440.

Our own entry in the contest, "Why did you come to Glendale?" is this headline: "Midwest Hit by Cold Wave." Do the rest of you give up?

Radio listeners are going to be in a fine pickle if that Dill bill doesn't pass.

A Los Angeles paper says that the "bandit was wounded in the grain." He must have a wooden leg—

OR A CEDAR CHEST!

A paper says, "Two gunmen successfully robbed the tills of the bank of more than $9,000, only to meet death and capture." So this is success!

Speaking of the old west, what's the matter with the present west for excitement?

An investigating committee in one of our prominent quizzes found that the affairs of a distillery company had been turned over to a trust company for liquidation. What could be liquider than that?

Lo may be a poor Indian, but he must be honest. He is the only one interested in oil lands who has not yet been investigated.

A girl who has been lost for ten long years has just engaged a press agent who discovered her in Hollywood. He has also discovered that he was born in Petrograd, Russia, which, if you haven't guessed it, leaves the stage all set for a grand bust into the movies, which is what was desired in the first place.

PLANS TO SPEND SUMMER ABROAD

Mr. and Mrs. M. B. Jones to Sail for Europe for Extended Trip

Los Angeles District club women are interested in the trip abroad that Mrs. Mattison Boyd Jones, of their past district presidents, and her husband and daughter are to take during the summer months.

Mr. and Mrs. Jones and their daughter, Miss Winifred, are well known residents of Glendale and their countless friends throughout California will wish them "God speed" when they leave their California home early in the first week of May.

Sail From New York

They plan to go directly to New York, where they will spend a few days before sailing May 10 on the White Star liner Homeric. It is their plan to spend the remainder of the month of May in Italy and in June and July to journey through the various European countries, visiting Switzerland, France and other countries.

They will reach England in August in time for Mr. Jones to attend the meeting of the American Bar Association there.

On returning to America they will visit island groups and reach New York on the Majestic, another White Star liner, in September. They will doubtless reach Glendale late in September.

Ministering Angel Is Burned By Gas Stove

LOS ANGELES, April 10.—Faith Chevallier, aged 73, of 2226 Rogers street, known to the prisoners of the city and county jails as the "ministering angel" was treated at the Receiving Hospital for severe burns received while lighting a gas stove in her home. Doctors state her burns will not be fatal.

"Ethyl gas" is produced by adding a percentage of benzine or alcohol to gasoline which, it is said, will result in "knockless gasoline."

AUTO SHOW LURE TO LARGE CROWD; PRESENT PRIZES

Glendale and Eagle Rock Dealers Give Creditable Display of Cars

By A. S. HALL
Of The Evening News Staff.

Crowds continue to flock to the million-dollar auto show being held this week at Colorado boulevard and Maywood avenue, Eagle Rock, by the Glendale and Eagle Rock dealers. It is the first auto show to be held in Eagle Rock, and the snappiest of the 1924 models are on display.

The show is open every night this week from 6 to 10, and there is no admission charge. Every person passing through the big doors into the show will have an opportunity to win one of the numerous prizes being awarded nightly, as well as competing for the grand prize Saturday night.

The Kelly-Shrine Club orchestra of Glendale, under the direction of A. M. Kelly, furnishes sweet and tantalizing strains during the evening. The orchestra will be heard every night of the show, and the musicians are receiving high praise for their artistic ability.

One of the principal points of interest at the show is the Franklin booth, where the Motor Sales Company, of 406 East Colorado boulevard, has the niftiest models of the Franklin line on display. The four-door sedan is attracting considerable comment from the motoring public. Other body styles are: Touring car, demi-sedan, brougham, coupe, touring limousine and two-door sedan.

A stripped chassis, with visible motor mounted, shows the working and wearing parts of the car. Suspended above the chassis is an airplane propeller, made of laminated wood, the same as the chassis of the Franklin car.

Designs in the new Star car, exhibited by Armstrong & Bradshaw, 115 West Harvard street, are: Touring car, sedan, coupe,

Club Women Yield Silent Tribute to Memory of Leader

Silent tribute to the memory of Mrs. E. R. Brainerd, prominent Los Angeles club leader, who died Monday at her home in Los Angeles, was paid yesterday afternoon during the convention session.

At the exact hour of Mrs. Brainerd's funeral in the First Congregational church in Los Angeles, there was a break in convention activities when Mrs. Toll asked the assembly to bow their heads in silence in memory of Mrs. Brainerd.

Musical Program at Presbyterian Church

Glendale lovers of music will enjoy the unique musical program to be presented Friday night, April 11, in the Glendale Presbyterian church under the auspices of the Intermediate Sunday School department.

The program will be presented at 7:30 o'clock in the social hall of the church and will include several guitar, ukelele and mandolin solos. A special feature of the program will be the whistling violinist.

A cordial invitation is extended to all Glendale to attend. The charge of admission will be applied toward the furnishing fund for the Intermediate Sunday School room.

Deputies Called to Enforce Quarantine

LOS ANGELES, April 10.—Sheriff's office deputies are being kept busy answering calls for aid in enforcing the cattle quarantine regulations, including sundry duties from shooting dogs to haling offeding parties to court. The town watchman of Montrose called in last night to request that stray dogs in his community be killed.

By a novel process, bags for holding grain can be made weevil-proof.

VARIED PROGRAM KEEPS INTEREST IN MEET ACTIVE

Press Luncheon Gives Fair Scribes Happy Period Of Relaxation

By KATHERINE V. SINKS
Of The Evening News Staff.

Sustaining the unanimity of interest and spirit that was so evident at the opening session of the club convention Tuesday afternoon, club women of the Los Angeles district enjoyed their first full convention day yesterday from the morning to the dramatic, musical and literary program last night.

Following the morning session featured by the conference directed by Mrs. John F. Mead, vice-president of the California Biennial board, and the morning session featured by a vivacious club institute directed by Mrs. Robert J. Burdette, California director for the General Federation, the convention delegates separated at the noon hour.

Some went to the luncheon meeting at the Congregational church, some spent the time with friends, and all club presidents, press chairmen and newspaper women, who were fortunate to hold reservations, attended the brilliant press luncheon at the Egyptian Village.

At the Congregational church Mrs. J. B. Lorbeer, vice-president of the district, presided, and Mrs. E. E. Leighton, chairman of art, talked on "How the District May Help to Develop Art in Southern California." Music was given by the Women's Glee club of Occidental college.

High Jinks at Lunch

The press luncheon, heralded as the real high jinks of the convention, proved a happy diversion from a strenuous round of convention activities. Mrs. Leiland A. Irish, district press chairman, presided, with Grace Frye assisting as toastmistress. Honored

DAMAGED

STRESS NEED TO PRESERVE TREES OF U. S. FORESTS

Music Department Displays Collection of Work by Calif. Composers

In the Department of Applied Education, an exhibit on the south side of the tea room arranged by Mrs. W. S. Stephens, chairman of conservation, and Mrs. W. A. McCormick, chairman of Country Life, stresses the preservation of trees. A poster calls attention to Forest Protection week, April 21-27. The exhibit displays a miniature forest, with a basket of cones and other beauties of the forest, arranged attractively.

Also, on the south side of the tea room, is the exhibit of the music department, under the chairmanship of Mrs. W. E. Mabee. The exhibit has been arranged by the G. Schirmer Music company of Los Angeles, which features books of educational value for schools and music study and a splendid collection of California composers, including Charles Wakefield Cadman, Charles F. Lummis, Homer Grunn, M. Henion Robinson, Charles Roos, Gertrude Ross, and others equally prominent.

Writers' Exhibit

The Wheel of Progress and Publicity is further featured by a smaller wheel, on which are arranged portraits of the Federation News staff and copies of this organ published in the interest of clubdom. Mrs. E. E. Timmerhoff is chairman of circulation, the department of press and publicity.

Literature of the General Federation headquarters is to be found on the north wall of the tea room.

An exhibit of pictures and posters depicting the work of Community Service in Long Beach is presented by Eloise Forman, district chairman of this activity. Playground activities, happy children under directed play, and other phases of the work.

A clever poster on the wall, hung by the political science department, Mrs. Margaret D. Gale, chairman, showing the contrast between the intelligent voter, who has studied the existing condition, and the non-intelligent voter, with no conception of the value of her vote, speaks for itself.

Inyo Women Busy

Inyo county exhibit shows a relief map of the county, showing the diversity of altitude and climate, being termed the Switzerland of America, and having within its confines the famous Death Valley; and Bishop, with the slogan, "Having attended to its charities, Bishop Business Womens club considers a new chapter," has, in addition to that enterprising club, the Women's Improvement club and the Athens Madrigal club. The Independence Women's club, the Friday Afternoon club of Big Pine, the V. A. club and the Women's Athletic club of Lone Pine were all represented in the exhibit with posters, slogans and pictures of business blocks and other attractive features of their county.

Missing Plumber Is Sought by Sheriff

Sheriff William I. Traeger yesterday requested the co-operation of the local police in locating Charles Dean, plumber, supposed to be at the present time in Glendale, or to have been here recently. He is wanted on a charge of failing to provide for his wife and two children.

Eight weeks ago, after leaving her in Santa Monica, he phoned her and stated that the family Buick touring car was in Glendale and that she could have it. A search by the insurance company which issued a policy on the car failed to locate it here.

Many Visiting Club Members Registered

With more delegates arriving hourly for the twenty-third annual convention, of the Los Angeles District, California Federation of Women's clubs now in session at the Tuesday Afternoon club, Mrs. A. J. Derby of the credentials committee, announces delegates registered up to the present time from Santa Barbara County, Ventura County, Inyo County and San Luis Obispo County are as follows:

Ventura County

Mrs. Leo A. Smith, Ventura, Current Topics club.
Mrs. D. W. Mott, Santa Paula, Ebell club.
Mrs. E. Nichols, Santa Paula, president Poinsettia club of Saticoy.
Mrs. E. B. Butcher, Santa Paula, Ebell club.
Mrs. J. R. Ramsay, Santa Paula, Ebell club.
Mrs. Jessie T. Browne, Santa Paula, president Ebell club.
Mrs. David Powell, Fillmore, Ebell club.
Mrs. Lola Krouser, Oxnard, Oxnard Monday Afternoon club.
Mrs. M. E. Cheney, Oxnard, president Oxnard Monday Afternoon club.
Mrs. U. D. Underwood, Somis, president Somis Thursday club.
Mrs. Ida P. Goodyear, Somis, Somis Thursday club.
Mrs. Hazel Cheek, Sespe, president Sespe Women's club.
Mrs. Louis P. Riave, Simi, president Simi Valley Women's club.
Mrs. B. H. Brigham, Simi, Simi Valley Women's club.
Mrs. Edna W. Andrews, Moorpark, president Moorpark Fortnightly club.
Mrs. Grace B. Reed, Moorpark, Moorpark Fortnightly club.
Mrs. Parnell McDermott, Ventura, Current Topics club.
Mrs. A. J. Derby, Ventura, president Current Topics club.
Mrs. Otto Kitchen, Somis, Somis Thursday club.
Mrs. Alton L. Drown, Ventura, president Ventura County.

Santa Barbara County

Mrs. John Wood Dorrance, Santa Barbara, president Santa Barbara County.
Mrs. Ernest L. McCartney, Carpinteria, Carpinteria Women's club.
Mrs. John S. Catlin, Carpinteria, Carpinteria Women's club.
Mrs. M. O. Winters, Santa Maria, past president Santa Barbara County Minerva L. Club.
Mrs. Ethel Rahbar, Santa Maria, president Community club.
Mrs. L. F. McClellan, Guadalupe, president Women's Welfare club, vice president Santa Barbara county.
Mrs. George C. Smith, Santa Maria, Community club.
Mrs. B. C. Sutton, Santa Barbara, Santa Barbara Women's club.

Inyo County

Mrs. O. C. Houghton, Big Pine, president Inyo County.
Mrs. Elva Willis, Big Pine, president Friday Afternoon Study club.
Mrs. Daisy Houston, Lone Pine, Varied Amusement club.
Mrs. E. H. Edwards, Big Pine, president Varied Amusement club.

San Luis Obispo

Mrs. G. M. Hedding, Pismo Beach, Pismo Beach Women's club.
Mrs. Marion Gothard Wallace, Atascadero, Atascadero Women's club.
Mrs. Helen P. Treadwell, Atascadero, Atascadero Women's club.
Mrs. C. J. Trussler, San Luis Obispo, president San Luis Obispo County.

Los Angeles City And County Delegates

Delegates are arriving hourly from Los Angeles County and City of Los Angeles and in addition to the list of registered delegates published yesterday in The Glendale Evening News the following delegates were registered during the sessions Wednesday of the twenty-third annual convention of the Los Angeles District, California Federation of Women's clubs, which is being held in the Tuesday Afternoon clubhouse:

Los Angeles City Clubs.

Mrs. Cora Deal Lewis, Los Angeles, president L. A. Civic Club.
Mrs. Lula D. Miller, Los Angeles, Cliff Dwellers.
Mrs. Pehr, Los Angeles, Council of Jewish Women's club.
Mrs. E. B. Machm, Los Angeles, La Canada Women's club.
Mrs. Allen, Los Angeles, La Canada Women's club.
Mrs. J. M. Cage, Los Angeles, Lincoln Study club.
Mrs. Jos. B. Bonhaus, Los Angeles, Outlook association.
Mrs. L. G. Thresher, Los Angeles, Outlook association.
Mrs. R. P. Spaulding, Los Angeles, Outlook association.
Mrs. Viola Van Order, Los Angeles, Women's club of Slauson.

Los Angeles County Clubs

Mrs. Laura Ohio, Cosmos, Cosmos Women's club.
Mrs. Frank D. Walsh, La Verne.
Mrs. Elmer Perry, Inglewood, Inglewood Women's club.
Mrs. C. D. Bename, Inglewood, Inglewood Women's club.
Mrs. J. A. Bolton, Long Beach, Signal Hill Women's club.
Mrs. H. Kinzel, Long Beach, Ebell club.
Ida B. Haney, Glendora, president Glendora Women's club.
Mrs. W. O. Gibson, Pasadena, Pasadena Shakespeare club.
Mrs. J. F. West, Pasadena, Pasadena Shakespeare club.
Mrs. W. C. Spill, Pasadena, Shakespeare club.
Mrs. Emma McClees, Pomona, Pomona Ebell.
Mrs. J. Findlay, Pomona, Pomona Ebell.
Mrs. James Patrick O'Mara, Pasadena, Shakespeare club.
Mrs. Harry D. Sharp, Montebello, Montebello Women's club.
Mrs. F. B. Gilbert, Whittier, Women's club of Whittier.
Mrs. Chas. E. Rice, Pomona, Pomona Ebell.
Mrs. Wm. A. Cochran, Pasadena, Shakespeare club.
Mrs. Robert E. Ramsay, Michillinda, Women's club.
Mrs. H. A. McDonald, San Pedro, Women's club.
Mrs. Boyd Sough, Chatsworth, Chatsworth Community club.
Mrs. A. H. Haworth, Chatsworth, Chatsworth Community club.
Mrs. T. C. Gould, Alhambra, Wednesday Afternoon club.
Mrs. J. H. Pearson, Pasadena, Shakespeare club.
Mrs. E. R. Bever, Reseda, Reseda Women's club.
Mrs. E. Blevins, Reseda, Reseda Women's club.
Mrs. C. R. Twitchell, San Gabriel Women's club.

Appropriate $255 to Cut Down Six Trees

A recommendation by Ben S. Dupy, city engineer, that an appropriation of $255 be made to provide for the removal of the six eucalyptus trees on Glendale avenue between Broadway and Wilson avenue, was approved by the City Council this morning.

The city engineer explained that it was the original intention to save these trees and pave around them, but this plan has been found impracticable. A delegation from the Glendale Improvement association, headed by C. W. Ingledue, was present to address the Council, endorsing the city engineer's recommendation, but action was taken on the suggestion of Mr. Dupuy without opposition.

DEVELOPMENT OF DRAMA SHOWN IN FOUR OFFERINGS

Group of Plays Presented at Convention Call Forth Show of Talent

Dramatic, musical and literary talent and accomplishments of Los Angeles District club women were beautifully and artistically displayed last night, when the evening session was devoted to the presentation of four plays, representing four periods in the development of the drama, and in musical groups from corresponding areas.

"The Second Shepherd's Play," an early miracle play; "An Elizabethan Revel and Shakespearean Pageant;" a scene from "The School for Scandal;" and a modern comedy, "Suppressed Desires," were the plays given and so widely varied were their settings and themes that one cannot be singled out as surpassing another, for all were cleverly done and splendid interpretations of the development of the drama.

The early miracle play was given by the Drama department of the Tuesday Afternoon club of Glendale, of which Mrs. Max Lynn Green is curator. Appearing in the cast were Mesdames W. E. Halstead, W. L. Andrews, A. L. Baird, C. O. Kling, Lee Galvin, Roger Bentley, William Nash, Jr., John White Garver.

Shows Early Period

Of the four presentations this play was undoubtedly the most difficult, representing as it does one of the earliest periods of drama. The Tuesday Afternoon club women are to be complimented on the dramatic effects they secured and the interest they sustained in their characterizations.

Next a kaleidoscopic view of Shakespeare's works was colorfully given by women of the Sierra Madre Woman's club, directed by Mrs. J. Glenwood Jones. It was a brilliant pageant featured by beautiful gowns and versatile portrayal of characters so familiar to Shakespearean students.

The clubhouse auditorium offered a splendid setting for the pageant and as the many characters were brought upon the stage by the eloquent announcements of Mrs. J. Milton Steinberger as the herald, the audience viewed a pageant such as one sees in mammoth professional productions.

Portraying the characters were Mrs. William J. Lawless, Queen Elizabeth; Mrs. Frank Hart, Mistress Blanche Parry; Miss Ruth Klemme, Lady Catherine Gray; Miss Louise Cummin, Lady Southwell; Mrs. Stella Dennison, Lady Jane Seymour; Mrs. Agnes Leighton, Lord Robert Dudley; Miss Viola Fennell, Mrs. R. M. Finlayson, pages.

Marjorie Mocklin Prussing proved a sprightly Puck, creating a most convincing character in her work in the prologue, during the pageant and in short epilogue.

Others in Pageant

Other characters were Mrs. Dan Bruce, first court lady, Henry Fourth; Mrs. W. D. Richards, second court lady, Henry Fourth; Mrs. A. F. Snell, Katherine of Arragon; Mrs. A. E. Bacon, Hermione; Miss Alice Stanley, Malvolio; Mrs. Winifred Helliwell, Cleopatra; Mrs. E. Stermthal, slave; Miss E. Cummin, Cardinal Wolseley; Mrs. Homer Tuttle, Romeo; Mrs. Frank Barbour, Juliet; Mrs. Leah High, Florizel; Mrs. Harold Hart, Perdita; Mrs. H. T. Fennel, Autolycus; Mrs. E. H. Carpenter, Cordelia; Miss Eleanor Bayne, Falstaff; Miss Elizabeth Ferris, Pistol; Mrs. Harold E. Allen, Hamlet.

Mrs. William Murphy served as pianist and Miss Cleo Rundel as violinist.

It is interesting to note that this pageant with additional scenes was presented in January as part of the year's work by the drama department of the Sierra Madre club.

"In the scene from "The School for Scandal" Mrs. Guy Bates Post, known to American drama lovers as Adele Ritchie, appeared as Lady Teazle. The par of Sir Peter was handled by Arthur K. Wyatt, with Miss Lillian Grundy playing the part of Maria.

Wins Applause

Mrs. Post was a living picture of a pretty little lady on some lovely Dresden china piece, and it is needless to laud her clever dramatic work, which has won her plaudits in every land.

Mr. Wyatt's work was equally as well done.

Of course, the final play, a modern sketch, was heartily received and was as well presented as the foregoing ones.

Those taking part were Miss Ione Gale as Henrietta Brewster; Mrs. J. Russell Shea as Mabel, the sister; Dr. K. F. Nance as Stephen Brewster.

Enjoyable musical entertainment was given by the Fuhrer string quartet, including Bessie Fuhrer-Erb, Ethelwyn Conrey Lindsey, violinists; Frances Aylsworth Ghisi, viola; Mr. Erb, violoncello; by the Madrigal octette, including Pearl Berry Boyd, Edith Wing Hughes, Thelma Benson, Mary Teitsworth, Clara Robbins, Eunice Ross, Cornelia Glover, Letitia Williams, with Mrs. Hennion Robinson as accompanist; and by Mrs. Gertrude Ross, composer and pianist, and Eleanor Eastlake Maginnis, vocalist.

Mrs. Max Lynn Green and Mrs. Malvern Barker of Glendale were stage director and manager, and the committee in charge of the entire affair were Mrs. Margaret J. Frick, chairman; Mrs. Clara Bryant Heywood, Mrs. W. E. Mabee, Dr. Margaret Carhart, Mrs. Walter Raymond Gillette.

GLENDALE BANKS' REPORTS REVEAL HUGE RESOURCES

Prosperity of City Shown In Figures Compiled In Answers to Call

Following calls from the state superintendent of banks and from the comptroller of currency, requesting a report of conditions from California banking institutions at the close of business on March 31, six of the nine Glendale banks and branches publish such a statement in today's advertising columns of The Glendale Evening News. The other three banks, which are branches of Los Angeles institutions, make no report, as they are obliged by law to publish no more than a notice of deposits, which will appear within the next few days.

The six banks reporting show combined resources of over $5,000,000, which, when coupled with the large resources of the two local branches of the Pacific Southwest Trust and Savings bank and the local branch of the Security Trust and Savings bank, swell the total banking resources of this city to a large figure.

The reports of conditions of the six Glendale banks appearing in today's advertising columns show clearly the healthy condition of the local banking business and should be read carefully by every resident of the city.

Here Is Outline

Following is a brief resume of the reports, arranged by order of resources:

First National bank in Glendale, report made by W. W. Lee, president, and John A. Logan, cashier. Total resources, $1,461,438.01.

Glendale State bank, report made by A. R. Eastman, president, and G. E. Farmer, cashier. Total resources, $1,410,483.96, made up of commercial assets totaling $939,892.13 and savings assets totaling $470,591.83.

Glendale Savings bank, report made by W. S. Perrin, president, and H. E. Francy, cashier. Total resources, $973,171.

Federal Commercial and Savings bank, North Brand boulevard and East Broadway branches combined, report made by C. C. Cooper, president, and W. A. McCormack, cashier. Total resources, $889,367.47, made up of commercial assets totaling $667,748.65 and savings assets totaling $221,618.82.

Community Savings and Commercial bank, report made by W. C. B. Richardson, vice president, and H. J. Wellman, cashier. Total resources, $298,342.90, made up of commercial assets totaling $168,750.26 and savings assets totaling $129,592.64.

PLAN MEETING TO DISCUSS CONTROL

Sycamore Canyon Residents to Give Views on Best Methods There

In an effort to arrive at some conclusion concerning the proper method of caring for flood waters in Sycamore canyon, the members of the Glendale Advancement association today noon voted to invite officials of the Sycamore Canyon Improvement association to the meeting next week to discuss this matter. The Glendale Advancement association will assure the Sycamore Canyon Improvement association of its co-operation.

Officers of the Glendale Advancement association will attend a meeting of the Fourth Street Improvement association next Thursday night, April 17, at the Grand View school, it was decided, after a letter extending an invitation had been read.

Urge Report Printed

The association will urge the county supervisors to print the report on water conservation prepared by James W. Reagan, chief engineer of the Los Angeles county flood control commission. A motion to this effect was adopted. Engineer Reagan will also be asked to send an engineer to Glendale to work with the city engineer on the permanent improvement of Verdugo canyon.

President C. W. Ingledue and Frank Cox were instructed to work with the Chamber of Commerce committee on the expenditure of $225,000 of the flood control bond issue in Verdugo canyon. It was pointed out that work planned by the county engineers in Verdugo canyon would only reinforce similar work placed there three years ago, and that three years hence additional work of the same nature would be necessary.

Urge Parking Ban On Approach to Station

Chief of Police Fraser and V. V. Stone, city manager, this morning recommended to the City Council that all parking on the east side of Railroad street be prohibited, and that parking on the west side be limited to thirty minutes.

Railroad street, running from Los Feliz road to the new Southern Pacific depot, is very narrow, and it was to avoid congestion of traffic that the matter of parking was referred to the two city officials.

PROVIDE OUTLET FOR FLOOD WATER

Council Orders Colorado St. Cut to Allow Escape of Canyon Runoff

(Continued from page 1)

subject, and were insistent that some steps be taken immediately. Tired of waiting for action by the flood control commission, the Council instructed the city officials that if it were impossible to get relief from this quarter immediately, the work should be done at once at the city's expense.

Action Demanded

While it was recognized that traffic on Colorado street would be seriously inconvenienced by the cut, it was considered essential by the councilmen that something be done in the matter, which has hung fire for so long, awaiting relief from the county flood commission.

The men and teams which have been at work clearing the mud from the streets will be put to work on the cut at once, and it is expected that the work will be completed in a short time. The question of lowering the grade on Wilson and California avenues was also discussed. With the completion of the cut on Colorado street, further work will be done on the wash, with a view to keeping the flood waters within the ditch banks, if possible.

In the course of the discussion Mayor Spencer Robinson stated that work on Sycamore Canyon road would probably start next month, as soon as the rainy season was over, but the danger of serious damage to the property holders in this section and possible loss of life in the event of a serious flood made immediate action necessary, in the opinion of the Council.

Tent Show Granted Permit to Show Here

F. J. Luebbert, representing Murphy's Comedians, was granted a ten-day permit by the City Council this morning for the erection of a tent on the east side of Brand boulevard between Lexington drive and Doran street.

Mr. Luebbert explained that it was the intention of the company to test out Glendale,, and, if the people turned out in sufficient numbers, they would, in all probability, erect a permanent playhouse in this city.

He had originally requested a permit for one year, but the Council granted him a temporary permit in order to determine the character of the show before a license for the long term was issued.

MONTH'S PERMITS TOTAL $253,398

Two Licenses of $20,000 Each Issued At City Hall for New Buildings

Two $20,000 permits issued this morning by H. C. Vandewater, municipal building superintendent, with other small permits issued, raised the total for the month of April to $253,398.

So far in 1924 a total of $3,056,607 has been issued. One of the large permits issued this morning was to J. S. Stone for the erection of a bungalow court at 513 West Harvard, and the other to M. C. Drisko for an eight-room residence and garage at 2026 Hermosita Drive.

The following permits have been issued recently:

J. S. Stone, bungalow court 513 West Harvard	$ 20,000
M. C. Drisko, 8 rooms and garage, 2026 Hermosita	20,000
Ettie V. Dufur, 6 rooms and garage, 801 East Tenth	6,000
J. D. Brayton, five-unit court and garage, 705 East Palmer	6,000
Sawyer and Bolen, 6 rooms and garage, 738 Wing	5,250
William J. Raymond, 4 rooms and garage, 1154 Allen	2,200

PICTURE EXHIBIT AT WOMEN'S MEET REVEALS TALENT

Work of Southland Painters Arranged for Display At Convention

An exhibit that is of more than ordinary interest to visitors and local people is the splendid showing of paintings by artists of Southern California, all of whom make their home within the Los Angeles district. All of these paintings are the work of artists who have won recognition, and many of them have been awarded prizes in art exhibits on the coast and also in the east.

The appreciation that has been shown by the many visitors is most gratifying to Mrs. E. E. Leighton, district chairman of art, and a recognized artist, through whose efforts it has been made possible for the Tuesday Afternoon club and their guests to enjoy this wonderful treat.

Included in the list are "The Open Door," by Roscoe E. Schrader.

"The Trail on Mt. Whitney," by Jack Wilkinson Smith.

Wins $1000 Prize

"The Sycamore," by Wm. Wendt. It was a painting from the brush of this artist entitled "I Lift Mine Eyes Unto the Hills," that was awarded the prize of $1000 at an exhibition in Chicago.

"The Angelus," by F. Carl Smith.

"The Lady In Red," by Eduard Vysekal, of the Otis Art Institute, was awarded first prize by California Art club, 1922.

"The Brook In the Hills," by Aaron E. Kilpatrick.

"Sunset at Laguna," by Jean Mannheim.

"The Little Mother," by Donna Schuster.

Chosen for Salon

"Sunset In the High Sierras," by Benjamin C. Brown. This is the first showing of the last painting from the brush of this artist, and it is to be hung in the Biltmore salon at the coming exhibition by painters of the west.

"California Gold" is a colorful piece, from the brush of Nellie Brookes Mayhew, noted painter of the mission series of historic church of Southern California.

"The Trail of the Angler" is by Hanson Puthuff, who was awarded two silver medals at the Panama Exposition.

"The Basque Country" is by John W. Cotton, one of America's foremost etchers, who makes his home in Glendale.

Picture Purchased

"Grinnell Glazier" is by Katherine W. Leighton (Mrs. E. E. Leighton), whose exhibit of her own paintings at the Tuesday Afternoon clubhouse, recently, attracted wide attention. One of her paintings, "Desert Blooms," has been purchased for the Art Salon that has been established in Oxnard.

A screen exhibit of portfolios is a unique feature of the art exhibit. A movement which started in the art department of the district to stimulate the study of American art in the American home, has spread throughout the art sections of clubs and these portfolios are a fine illustration of the splendid results of the movement. Each portfolio is started with a reproduction of a painting by an American artist mounted on the cover, and some already contain quite complete histories of the lives and works of the artists.

GOSH! LISTEN TO 'EM CROW, FOLKS!

What Have You Got to Say About Rooster Question? Write Your Views!

(Continued from page 3)

time for the board of health to find out why.

"Probably the guys who kick on roosters don't eat eggs. I surely wouldn't, if I was them, because eggs make people frisky and then they keep late hours, and of course want to sleep late next morning. Probably it would be best to kill off all the roosters and mate the hens to grindstones, so that some of these guys who don't like roosters will get more hard-boiled when they eat the eggs!

Go to Bed Early!

"My prescription to the guys who don't like roosters is to go to bed when they ought to, and then when the rooster crows they will be able to get up without any trouble. If anyone wants to kick on unsanitary conditions in their neighbors' poultry yards, why all right, but let him be man enough not to kick on a poor little rooster crowing in the morning, to my notion, the sweetest music God ever put on earth.

"I don't know any parties interested nor do I live next to neighbors who kick on roosters. I am writing this as the sentiment strikes me.

"A SUBSCRIBER."

If YOU have any opinions on the rooster question, write them out and mail them to the Rooster Editor of The Glendale Evening News.

Tuna fish weighing 1,500 pounds have been caught in the North Atlantic near Cape Breton Island, but species in European waters seldom weigh more than 500 pounds.

VARIED PROGRAM KEEPS INTEREST IN MEET ACTIVE

Press Luncheon Gives Fair Scribes Happy Period Of Relaxation

(Continued from page 3)

state, district and Glendale officers were presented and entered into the jollity of the occasion.

Los Angeles and local newspaper women were also presented and later a cabaret program entertained.

On each table was a miniature official newspaper car, bearing a publicity banner on a pen holder. On the honor table was a whole train of cars, "The Press Special." The tiny automobiles and train of cars were filled with small bouquets of pansies as favors.

At the honor table and the table reserved for club editors were added favors of little cards bearing mummy figures, with the warning:

"Don't be a mummy
Nor leastwise a dummy
When the Federation gives you a chance;
Our press conference meetings
Hold not only greetings
'Twixt professional press folk and free lance;
Comics, quips and attraction
Of real work, success, each seance."

Reports Are Heard

Promptly at 2 o'clock the convention session of the afternoon was called to order by Mrs. Toll at the clubhouse and the early part given to reports from club delegates, each giving the outstanding successes and facts of interest pertaining to her particular club.

Mrs. Charles F. Van de Water was presented, and as chairman of the resolutions committee gave the first reading of resolutions, over twenty in number, which were later discussed informally among the delegates preliminary to the final reading this morning.

"Intelligent Citizenship" was the intensely interesting subject discussed by Mrs. Mab Copeland Lineman, Los Angeles attorney and chairman of legislation for the district.

In presenting her subject Mrs. Lineman declared, "What we should strive for is training efficient leaders and securing contented followers."

Need for Service

"The outcome of the government is with the women," she added. "Service is the true criterion of greatness. Intelligent self-direction begins right at our own firesides. The day is past when we can sit home and look pretty. The day has come when we must co-operate with men in business. No home can be a place of rest and understanding unless there is that business knowledge.

"Club women should educate themselves to independent thinking and a critical analysis of all evidence submitted to them."

Late in the afternoon the club delegates learned the real beauties of Glendale's setting at the foot of "The Green Verdugo Hills." As guests of the Tuesday Afternoon club they motored along the foothills, past the homes of Mrs. Charles H. Toll, Mrs. Mattison B. Jones, Mrs. Daniel Campbell, through Rossmoyne and out Verdugo road to the Oakmont Country club, where coffee was served in the beautiful new clubhouse, commanding a wonderful panoramic view of surrounding valley and nearby hills.

Mrs. Charles H. Temple, chairman of entertainment, arranged the affair at the country club. Assisting her were Mesdames Albert D. Pearce, Roy L. Kent, T. G. Widmeyre, A. M. Hunt, F. C. Weller, Frank Arnold and Bert Woodard.

OPENING OF NEW BAKERY SATURDAY

Loaf of Bread Free With Small Purchase; Ovens In Plain View

To celebrate the opening of the New System bakery at 217 East Broadway on Saturday, April 12, the proprietor, J. P. Ludwig, states that on that day only, a one and one-half pound loaf of bread will be given away free with every 25-cent purchase.

A feature of the New System bakery is that all goods are baked in the front of the store, in plain view of passers-by, who can see every detail of the modern and sanitary process through the large plate glass windows.

In addition to the regular line of superior quality baked goods, delicate French pastries will be one of the delicious products of the New System bakery, prepared under the supervision of a master baker, late with Paulais of Los Angeles, who will, in addition, supervise the entire product of the establishment.

This is the first of a chain of similar bakeries, states Mr. Ludwig, who selected Glendale as the most favorable city for the establishment of his initial store.

One of the feats performed by the dancers among the "tribes of Islam" in Anglo-Egyptian Sudan, is to bend backwards until their foreheads touch the ground.

Strong and durable, yet collapsible, is a clothes chest which the in[illegible] moth-proof.

$9900 Is Value of Publicity Granted To Clubs, Is Claim

Cetting something for nothing, demonstrating a fine spirit of service on one hand and hearty appreciation on the other, was noted at the annual press luncheon yesterday, when Mrs. Leiland A. Irish, district press chairman, announced that during the past year the Los Angeles District had received from newspapers publicity worth $9900.

The Glendale Evening News is proud to claim a goodly share of this service to the California clubs, particularly to those of the Los Angeles District.

Close More Roads in Fight Against Plague

LOS ANGELES, April 10.—More roads were closed today by Sheriff Traeger in the fight against the foot and mouth epidemic. This affected chiefly the San Bernardino line, all roads from there are closed except three main paved highways.

Foothill boulevard. Holt avenue and Chino road being the only routes that are not barricaded.

Hertz as Conductor at Hollywood Bowl

LOS ANGELES, April 10.—Alfred Hertz, musical conductor from San Francisco who is to wield the baton at Hollywood bowl this summer, has arrived from San Francisco. He is registered at the Alexandria.

Seeks Stage Permit on Route From Coast

LOS ANGELES, April 10.—Otis C. Dwy, seeking a stage permit between El Segundo and Inglewood, had a hearing before Examiner W. R. Williams of the railroad commission here.

Just Received For Easter
A Shipment of Clever

EAGLE ROCK

OPEN FIRST UNIT FOR NEW CHURCH

Members Celebrate Occasion With Supper, Musical Program Tuesday

Members of the Congregational church gathered at the new parish house on the Maywood avenue corner of Colorado boulevard, Tuesday night, to celebrate completion of the first unit of the new plant. Supper was followed by a splendid musical program arranged by Shirley Allen.

The new parish house serves as quarters to house the class rooms, assembly and banquet room, pastor's study, ladies' parlor, and church kitchen and dining hall. A notable feature of the new building is the arrangement and location of class rooms which have been so planned that they afford an abundance of fresh air and sunshine. The assembly room which is 31x68 feet, will serve as the church auditorium while the main auditorium is under construction.

The main church building is expected to be under construction within two or three weeks, the contract having been let and plans made for removing the old structure from the grounds.

The directors of the Los Angeles Church Extension society, comprising twenty-four members, were present at the exercises, as honored guests. Among the speakers of the evening were C. E. Spaulding, chairman of the meeting; Dr. Ryland of Hollywood; Dr. Kenngott, conference superintendent of California; Delbert A. Schweitzer, well known attorney; Shirley Allen and Glenn E. Arbogast, the latter two members of the building committee.

For Storm Drain

The Northeast Realty board is solidly backing the project to secure a storm drain for the southern part of Eagle Rock, which was materially damaged by the recent rains, and has appointed a committee to appear before the Los Angeles City Council to urge relief.

The members of this committee are L. Baird, president of the board; Howard L. Rogers, of Eagle Rock, and Messrs. Davis and Thorne, attorneys for the board.

Miss Lloy Galpin, president of the Business and Professional Women's club of the Southern California district, has consented to act as parliamentarian for the Eagle Rock chapter. Mrs. Paul Elderkin has been chosen to train the music section. Owing to illness, Miss Nellie Hibler of Pasadena had been forced to drop this work.

William Pfeiffer, eleven-year-old son of F. W. Pfeiffer of 5117 Sherwood avenue, who was recently bitten by the Airedale dog of Rudolph Peitsch, is apparently none the worse for his experience. The owner of the dog was brought into court and given a suspended sentence of $25 or twenty-five days, on a charge of harboring a vicious animal. This is said to be the same dog that once bit Officer G. H. Taylor, formerly with the Eagle Rock police department.

SUNLAND

COMMITTEE BUSY ON C. C. PROGRAM

Father-Son Entertainment to Be Staged by P.-T. A. on Night of April 15

A committee with Elmer Adams as chairman has been appointed by the Sunland Chamber of Commerce to plan an entertainment for this month. The date has not yet been decided on, but it is expected to be within the next two weeks.

Another committee composed of members of the Monte Vista Parent-Teacher association is busy arranging a program for the entertainment to be given on Father and Son night, April 15, at the schoolhouse. This committee promises some unusual features for the enjoyment of the men.

The Afternoon Sewing club held the last meeting at the home of Mrs. Ralph Shaffer, Arnold Court. The members are engaged in making useful articles that will be very ornamental as well. Refreshments were served the members present.

Add to Piano Fund

Members of the congregation of the Sunland Baptist church gave a dinner for the benefit of the piano fund Wednesday evening. The new church building in the Lancaster tract is steadily nearing completion and the congregation is anxious to have a piano for it when finished.

Miss Viola Webb, who has recently returned from a trip to Salt Lake City, was surprised by a number of her friends last week when they congrgated at her home for a social evening. Among those present were: Misses Helen Brown, Lois Newcomb, Eunice Kenney, Margaret Peete, Louise Peete, Hortense Ruppel; Edward Peete, Gene Peete, Edward Crews, Steve Ardizonne, Mr. and Mrs. Brown and Mrs. Chapez.

Mr. and Mrs. Lloyd Wright of Hollywood were week-end guests of Mrs. E. D. D'Aule of North Palm avenue.

Mr. and Mrs. Blinkman and two children of Texas have been visiting Mr. and Mrs. Ernest Purryer, who recently moved into their new home in Walnut Gardens.

Mr. and Mrs. Conway of Los Angeles are building a home in Walnut Gardens.

Jewelry is being made out of elephant's hair in Paris, and promises to become quite a fad.

BURBANK

FATHER AND SON BANQUET TONIGHT

Presbyterian Church Will Be Location of Fifth Annual Affair

The fifth annual Y. M. C. A. "Father and Son" banquet will be held starting at 6:30 o'clock tonight in the Presbyterian church. Special tables have been reserved by the Rotary and Kiwanis clubs and fatherless boys from the Thomas A. Edison and John Muir schools will be brought, in addition to sons of members and high school boys.

Kenneth Martin, head of the decorating committee, is planning to have each of the club tables decorated in the colors of these organizations and each club will be asked to sing their club song. Another clever scheme for decorations will be the use of poppies and sunflowers, suggesting the idea of "poppies and sons."

Besides the main speaker, Judge Benjamin F. Bledsoe, a boy from each of the Y. M. C. A. clubs of Burbank will also be speakers on the program. The banquet will be under the auspices of the Hi-Y club.

Review Valhalla Case

Charges against the Osborne and Fitzpatrick Finance corporation, made by section-buyers in the Valhalla memorial park, have been taken under advisement by Commissioner Keiser of California real estate. Decision will not be made for at least a month, it is understood, the intention of the department being to give thorough consideration to the evidence.

More than a score of hearings have been conducted by the commissioner since March 3. The complaint filed by section-buyers charged misrepresentation in the sale of lots.

It is understood that the only action possible by the commissioner could be the revocation of real estate brokers' permits granted to sales managers of the corporation. It is said the corporation so far this year has made no application for renewal of its permits.

More than $3,500,000 are said to have been sold to approximately 6000 section-buyers.

Hereafter the board of education will do its own street work adjacent to school properties, it was intimated by J. J. King, a member of the board, at the meeting of the board of trustees in discussing the proposed paving of Third street. The subject was brought before the board in a communication from Superintendent Collins, who suggested that a conference be held of the city board and the school board before contracts were let for the improvement of this particular street. In the discussion it developed that the school's half of the street is not included in the proposed contract.

LA CRESCENTA

COMMUNITY SING ON FOR TONIGHT

Concert Player Will Render Special Program as Show Proceeds

Every one is reminded that tonight is the Community Sing night, the evening to be spent at Montrose schoolhouse. Arthur Crowell, well-known concert pupil of Miss Marguerite Hauber, will play for the assembled chorus members. Those who have enlisted as members of the great chorus Director Prosper has organized are requested to be on hand promptly at 8 o'clock tonight at the first rehearsal.

Director Prosper was unfortunate last night in having his dog taken from his car. Mr. Prosper left Risko, Irish terrier, in the sedan when he went into the schoolhouse, but on coming out discovered the dog was gone. Any one having information regarding Risko is requested to communicate with Mr. Prosper tonight at Montrose schoolhouse.

Attend Convention

Mrs. C. A. Haskins, president of the Woman's club of La Crescenta, and Mrs. Mary B. Darrow, press chairman of the club, attended the great convention of Federated clubs in Glendale on Tuesday. Mrs. Haskins on Wednesday attended the morning session, but had to return to La Crescenta to preside at the regular monthly meeting of that organization. Mrs. Mary B. Darrow and Mrs. Jessie Hansen attended the Tuesday evening program and reception and Wednesday Mrs. Darrow attended the press women's luncheon at the Egyptian Village. Wednesday night Mesdames Haskins, Darrow and Jessie Hansen and M. S. Collins, vice-president of the La Crescenta Woman's club, attended the dramatic program.

Mrs. Haskins and Mrs. Darrow attended the all-day session today and with Mrs. M. S. Collins will be present at the banquet tonight.

Members of the cast of "Si Slocum's Country Store" will motor to Tujunga tomorrow night to present this popular play for the benefit of the Parent-Teachers' association in that town.

The sale of tickets for the Madame Ellen Beach Yaw concert is going along splendidly. A number of tickets have been disposed of here and at outside points.

Club's Monthly Dance

Saturday night the Woman's club will give their regular monthly dance, which will be a novelty dance and Mrs. M. S. Collins and Mrs. J. Martin will be hostesses. Very good music is promised and the usual delicious home-made cakes and coffee. These dances are most popular, friends of the club members coming from many outside points.

La Crescenta school pupils are having a substitute principal these days, also a substitute for the first and second grades. Principal A. T. Blanford is quite sick with a severe case of la grippe, which developed into mastoid trouble. Mrs. Greenberg is in the sanitarium as the result of injuries suffered in a fall a short time ago. Mrs. Greenberg injured her hip and will receive treatment for that trouble.

A petition for the opening, grading and paving of Rosemont avenue is being circulated. Many of the property owners have already signed and the others are in line. This will open up an inaccessible portion of this district, practically the dividing line between Montrose and La Crescenta, where there have been no roads, through to Honolulu avenue.

Pen Up Pets

All the pets in La Crescenta valley are wearing a badly abused look these days, as they either are penned up or at the end of a chain, for a special officer is hovering around this district to enforce the rigid state quarantine law.

The corner of Michigan and Los Angeles avenues looks quite strange these days as the huge old pepper trees that have been there since La Crescenta was first known, are gone. They have succumbed to the march of progress, for into the peaceful valley has come the first of the triumphant hosts of the present day march of commerce. Sam Seelig Co. desired a store on this corner, ergo, the trees are felled and in their stead is to be an up-to-date brick building.

Alleged Failure to Make Will Is Charged

LOS ANGELES, April 10.—Claiming that Daniel Donahue broke his word when he died without leaving a will, Jennie Wolf has filed suit to gain title to a considerable estate at Venice and Ocean Park. Mrs. Wolf lives at Ocean Park. Donohue died last December 3. Mrs. Wolf says that in 1911 Donahue got her to leave New Haven, Conn., to come to Ocean Park and care for him for the rest of his life on the agreement that he would furnish her a home and will all of his property to her upon his death. He gave her the home but failed to give her the property, she complains. She says that since 1911 she has cooked for him, kept house, done his washing, kept up his apartment houses, run his poultry market and grocery store without wages.

Balky Engine Finds Way in Divorce Suit

LOS ANGELES, April 10.—The family automobile prevented Carl O. Lindberg, wealthy mining and club man of Los Angeles, from forcing his wife, Marie, into a sanitarium for a "rest cure," she claims in a suit for divorce filed today. Lindberg had hired another man and a nurse to carry her forcibly to the sanitarium, had knocked her down, placed her in the automobile and started on the trip, when the engine stopped. They had to return home. Lindberg has interests in China, Wyoming, Colorado and in the Los Angeles harbor district.

Wife of Convicted Man Seeking Divorce

SAN DIEGO, April 10.—On the ground that her husband, Everett Drew Clark, has been convicted of the murder of George E. Schick, Etta Mae Clark has filed suit for divorce in the superior court.

Almost a year ago Clark obtained an interlocutory decree in San Francisco, some time after the strange disappearance of Schick. Mrs. Clark, fearing there may be some doubt as to the suit started by her husband, decided herself to institute proceedings, it was said.

Pardon Is Sought For Three Held Blameless

LOS ANGELES, April 10.—To ask Governor Richardson for a pardon for three Mexicans now serving terms in San Quentin for the robbery of the First National Bank of Arcadia, District Attorney Asa Keyes will leave for Sacramento. The three men have been exonerated by a confession made by Hubert Kittle, former police detective. They are Salvadore Mendval, Juan Hernandez and Bromleo Galindo.

Asks Large Sum For Damages to His Arm

LOS ANGELES, April 10.—Claiming that he has lost 25 per cent of the use of his left arm for life, Harold Rohrdanz demanded damages of $16,000 from J. Roberts, wealthy Los Angeles man. The plaintive Rohrdanz claims he was run down by Roberts' automobile at Inglewood last December. Rohrdanz stated he formerly earned $406 a month as an expert engineer and physicist.

MAZDA
Quality Electrical Merchandise
THE MARK THAT MEANS INSPECTED & CERTIFIED by PACIFIC STATES ELECTRIC COMPANY
Chosen from the Markets of the World

T. M. Reg. 1921

Livable homes are wired by "Check" Seal contractors

YOU can see what the "Check" Seal means the minute you enter a home which has been wired by a "Check" Seal contractor. The wiring devices are modern and of standard manufacture. Fixtures are attractive and properly placed. The lamps are G. E. Edison Mazdas. And there are outlets for the convenient use of *all* the electrical appliances.

Such homes enjoy crisp toast and tempting coffee in the morning. They enjoy dustless rugs and clean clothes during the day. They have the comfort of warm bathrooms. And they have soft lights to read by in the evening.

Make your home livable! Specify a "Check" Seal installation and "Check" Seal appliances. You'll get good workmanship at a fair price. You'll get such standard equipment as G-E wiring devices and G-E Edison Mazda Lamps. And when you buy electrical appliances certified by the "Check" Seal, you are sure of long and satisfactory service.

Look for the "Check" Seal. Deal with "Check" Seal contractors and retailers. They stand for standard electrical equipment properly installed.

IN the interest of better electrical service, we publish the "Electrical 'How' for Householders," a booklet which describes and illustrates the latest and most efficient methods for the use of electricity. The 1924 edition of this booklet can be had free from "Check" Seal contractors and retailers or by writing to our nearest office.

The "Check" Seal is the trade mark of the Pacific States Electric Company—the largest distributor of electrical merchandise on the Pacific Coast. This Company does not sell direct to you but its merchandise can be bought through reliable electrical contractors and retailers. Every electrical product marked by the "Check" Seal has been inspected and certified by this company. Every electrical contractor and retailer who displays the "Check" Seal is committed to the "Check" Seal policy of standard materials, good workmanship and fair prices.

TREND IS TOWARD BETTER CLOTHING IN MEN'S STYLES

Garments Showing Results of Study and Gradual Changes in Type

Ed Nisle, clothier of 135½ South Brand boulevard, who brings the "Pride in Appearance" movement to Glendale, declares that this trend toward better clothes for men has been gathering force for many months and is now finding expression in all parts of the country, particularly with regard to the new spring styles, which emphasize correctness and smartness.

"During recent years men's clothes have been undergoing a gradual but decided change that has now culminated in the present styles," says Mr. Nisle, "which we are now featuring in our store with a special 'Pride in Appearance' event that will be of personal and decided interest to every man and young man in Glendale. As this has ceased to be a pioneering country, men have had more leisure and have realized the importance of proper dress.

Very Important

"Not that clothes make the man, but that they make the first imprint of a man. A well dressed man gives an impression of carefulness, of prosperity, and above all of a well-ordered existence. He has an air about him of being dependable, while a person badly clothed is justly suspected of being careless in other things also. To be sure, no man is admired for giving over-anxious attention to his clothes, but few men today would argue that an ill-fitting suit was a help in business. For clothes are perhaps the most important single item in giving a good first impression.

"This change may be summed up in a phrase: 'Pride in Appearance.' Men regard clothes today as something more than a necessity. They regard them as a source of constant pleasure and satisfaction, and as a standard by which the world at large measures their social standing. Men have come to realize that they owe it to themselves, their families and their positions to dress well.

Conditions Change

"This movement for better dress, the 'Pride in Appearance' movement, is sweeping the country. It is evidenced by the attitude of men in buying clothes. In the past little attention was given to anything but whether a suit of clothes would wear. Today this is not enough. A man demands also that it be well-tailored, that it be well-cut. And he has discovered that correct, careful dress is not a matter of spending more money, but of choosing clothes more carefully, and as a result he chooses his clothes with more care. In a word, he has come to know more about clothes and has become more discriminating.

The 'Pride in Appearance' movement is also evidenced by the attitude taken by clothing manufacturers. Manufacturers who are quick to respond to public opinion, realize the importance of the movement and are paying more attention to the character of their product. As a result, better values are to be found in men's clothes today than have ever before been offered—values which make it possible for every man to be better dressed—to take 'Pride in Appearance.'

Move Significant

"We think this movement so significant and so far-reaching in its effect," added Mr. Nisle, "that we are at this time devoting both our store and our advertising to this special 'Pride in Appearance' event. We invite the public to visit us and learn more about this nation-wide movement in general, and particularly the part being played in it by our store."

Widow Asks $100,000 For Her Broken Heart

OAKLAND, April 10.—Is a widow's heart susceptible to a love wound causing damage of $100,000? Mrs. Marguerite Curl, beautiful Piedmont society widow, says her heart was wounded to that extent when Charles William Case Deering, Bohemian club, central figure in several marriages, son of Charles Deering, multi-millionaire president of the board of directors of the International Harvester company, promised to marry her and then repudiated his vow the day he married another widow.

Mrs. Curl filed her suit today in the courts of San Francisco. Her complaint recites that Deering paid court to her until May 15, 1923, when they become betrothed. Wedding preparations were in order until June 1, 1923, when, the widow charges, Deering repudiated his promise and married Mrs. Helen Elizabeth Moyer, widow of Allen Moyer, formerly wealthy realty broker of San Francisco, who committed suicide under mysterious circumstances a year ago in Sonoma county.

Report Three Persons Missing at Pasadena

PASADENA, April 10.—Police here are searching for three persons who have been missing for several days. Edwin Harte, 26, formerly of Van Nuys, was reported missing last Thursday. His wife told authorities that he left on that day for San Bernardino on a selling trip, and would return in the evening. No trace has been found of him since. While there is no evidence, police believe he is the victim of foul play.

High Lights On Old Home News

By Southland News Service

MISSOURI

ST. JOSEPH—With the number of drunken motorists increasing rapidly, stringent measures have been adopted by the police department. Edward Taylor was fined $250, when charged with a violation of the vehicle act.

ST. LOUIS—Disregarding his plea of insanity, a jury sentenced Beecher Coleman, Jr., former police officer and Ku Klux Klan organizer, to life imprisonment for the murder of a local contractor.

KENTUCKY

LOUISVILLE—While police were scouring the city for Martin F. McHugh, slayer of Patrolman Ralph L. Croxton, McHugh was found dying from a self inflicted bullet wound.

PADUCAH—Robbers who entered the home of James Beard, were evidently Beau Brummels out of a job. They took clothes valued at $100, but overlooked jewelry on the dresser, valued at about $5000.

PENNSYLVANIA

PITTSBURGH — Pittsburgh alone paid $150,000,000 of a more than $300,000,000 payroll of the industries in the Alleghany county for the quarter just closed.

LANCASTER—Ku Klux Klan leaders here hold the belief that a "Negro Klan," which celebrated its organization recently, has been holding secret meetings in the locality.

KANSAS

KANSAS CITY—The Board of Education announced that Good Friday, April 18th, will be a school holiday.

WICHITA—This town has the newest type of prohibition agent. It is none other than a little rooster, whose crowing led the way of agents who were unable to find any liquor in the house, to its hiding place in the barn.

MASSACHUSETTS

BOSTON—Stabbed three times through the neck, James McGlone, 23, walked six blocks, to the city hospital, where he collapsed from loss of blood. He told the police he was struck by an unknown assailant.

PLYMOUTH—Strict enforcement of the law affecting overloading of all vehicles, for the protection of state roads and highways will be enforced, according to Frank A. Goodwin, Registrar of Motor Vehicles, who yesterday revoked the licenses of 11 automobile trucks because of violation of the rule.

IOWA

DES MOINES—Woman claims $5000 damages for an unwarranted kiss. She is Mrs. G. Heffer, who stated in her case that the butcher bestowed upon her an unsolicited kiss.

SIOUX CITY—Beach Thrash, 13 years old, negro boy, was taken from the city jail here and lynched by a mob, after he shot and perhaps fatally wounded Chief of Police Albert Wells, who arrested him for stealing.

OHIO

CLEVELAND—Police here raided ten bootlegging joints in their cleanup of the city. Prohibition agents, and local authorities have combined forces in rounding up violators of the volstead act.

DAYTON—One man is dead, and two are in a serious condition following an argument over the right of way on a lonely road in a suburb of this city. The dead man is Arthur Chester, and the wounded are Harold Smith and William Swendon.

NEBRASKA

OMAHA—Word that dealers in other states, particularly Wisconsin, were seeking to sell scrub cattle to Nebraska farmers, has brought a warning from the Nebraska Dairy Development society.

NORFOLK—After experiencing one of the worst floods in 23 years, this locality is getting back to normal this morning. Rapid melting of snows due to several days of very warm weather, caused the creek at Gordon to overflow.

PILGER—The First National Bank here was obliged to close its doors this morning. Gradual shrinkage of deposits and frozen papers were given as the cause.

COLORADO

DENVER—Denver will have the heaviest tourist season in its history, according to E. P. Bracken, vice-president of the Chicago, Burlington and Quincy Railroad.

GRAND JUNCTION—From 200 to 500 acres of cantaloupes will be raised in the upper portion of Grand Valley, for outside markets, this year. This is the first time cantaloupes have been raised commercially in this section.

MONTANA

KALISPEL—The Flathead Valley faces the prospects of a dry season if the moisture trend of the first three months is an indication, the quarter showing a rainfall of 2.01, fifty per cent below the normal figures.

BUTTE—Burglars entered a local dry goods store here and carried off a safe containg approximately $1,000.

OKLAHOMA

ARDMORE—With building permits reaching a total of $20,700 for the month of March, a new high figure for the year has been recorded.

TULSA—Testimony to the effect that Oklahoma City pays higher freight rates on many classes of merchandise inbound from the gulf, than nearby cities, was introduced by witnesses in the Texas-Oklahoma rate hearing

NEW MEXICO

ALBUQUERQUE— Recognizing the importance of the national road convention to be held next month, Governor James F. Hinkle has sent a personal invitation to good road workers throughout the nation.

SANTA FE—Governor Hinkle has appointed delegates as New Mexico representatives to the National Convention on State parks to be held the latter part of the month.

WASHINGTON

SPOKANE—Considerate justice was meted out in the police court, when speed law violators received jail sentences to suit their convenience. The judge, benign as he was, suggested to three undecided violators, that they accept five days in jail. They did.

OREGON

PORTLAND—Two pretty girls were arrested here charged with being members of a ring selling bogus imported lace. They are Catherine Riley, 18, and Rose Riley, 15.

ARIZONA

PHOENIX—Cotton growers in a resolution requested the state board of agriculture and horticulture to create a non-cotton zone, where the spread of the boll weevil could be prevented.

NEVADA

RENO—Jack Harrison, local man, was fined $500 in the federal court, for violation of the Volstead Act.

BRITISH COLUMBIA

EDMONTON—Beating up of Professor William Wallace, 65, a negro here, has thrown terror into the little children who refuse to return to school with colored children. An investigation will be started by the attorney general.

WHITE ROCK—During the fiscal year, 51,028 automobiles, containing 179,590 passengers, cleared at the Douglas port of entry.

SUNDAY HIKE IS PLANNED BY CLUB

Rubio Canyon, Echo Mount Points of Interest on Proposed Jaunt

Members of the Glendale Outing club will hike to the vicinity of Rubio canyon and Echo mountain on Sunday, April 13, under the leadership of Chester T. Nye, president, leaving from the Fair Oaks Pacific Electric depot in Pasadena and returning via the Dawn Mine trail to the end of the Lincoln avenue car line.

Glendale people and those from other points are invited to join the hikers. Round trip tickets on the bus to Pasadena may be purchased. Those intending to take the hike should board either the 7:10, 7:35 or 8:05 o'clock bus Sunday morning, and should be at the Fair Oaks depot not later than 8:30 o'clock.

Lower Rate Possible

"Do not buy your tickets to Rubio canyon individually," is the advice of President Nye of the Glendale Outing club, "as we may be able to secure a reduced rate. And be sure to wear clothes suitable for mountain climbing.

"All hikers should bring a lunch. Good water is obtainable along the trail. The hills and canyons are beautiful at this time of year, after the refreshing rains. This will be a trip worth remembering."

Those desirous of additional information may reach Mr. Nye at 520 Fischer street, in southeast Glendale.

Coat and Cap Prove No Clue to Mystery

REDDING, Cal., April 10.—The blood stained coat and cap found yesterday under a railroad trestle near the scene of the murder of Oleva Hamlin last Saturday which gave officers a clue they deemed important, blew up yesterday. A Redding merchant, Sam Breslauer, identified coat and cap as having been sold by him in November to a man Montague, whose name he gave. Deputy District Attorney L. C. Smith, taking the blood stained garments, went to Montague. He wired back that the Montague man was not the one wanted. He had purchased a coat of Breslauer of the same style as the bloodstained coat but of a smaller size.

Get Heney to Aid in Revenue Bureau Probe

WASHINGTON, April 10.—The Senate committee investigating the Internal Revenue Bureau has decided to retain Francis J. Heney of California, famous graft investigator, to assist in the Senate probe. Heney's expenditures will be paid by Senator Couzens, Republican, of Michigan, who sponsored the investigation.

By grinding the whole beans at the top and adding hot water to the powder that sifts to the bottom of a peculiar shaped pot that does not look unlike a large cartridge, coffee is made in Albania.

Launch Attack on Law For Common Carriers

LOS ANGELES, April 10.—G. E. Davenport, through his attorneys, Leonard, Surr & Hellyer of San Bernardino, has filed a writ of habeas corpus in the California supreme court here as the result of a fight over his hauling contract to Lake Arrowhead.

An attempt will be made to have declared unconstitutional the state railroad commission act pertaining to common carriers. Davenport was arrested April 1 by a constable and his work halted. He maintains that he is operating under a private contract, but it appears that such are covered in the railroad commission's rules. The case will come up for hearing next Monday morning.

Guards Searching For Prisoner Who Escaped

YOSEMITE, Cal., April 10.—State prison guards are still searching for John Crosco, aged 51, who escaped from the state highway camp at Briceburg Tuesday. He was a former resident of Yolo county with a twenty-five year sentence to serve.

SANICO RANGES BEING FEATURED BY LOCAL FIRM

Exhibit For Gas Appliance Week Includes Famous Porcelain Finish

The famous SanicO ranges with the twenty-five year guarantee are being featured by the Jewel City Plumbing company of 526 East Broadway during Gas Appliance Week, now in progress and continuing until Saturday, April 12.

Special displays of Reinlander refrigerators, Ward floor furnaces and a full lien of automatic water heaters are carried, and in addition the Pacific plumbing fixtures and Mueller brass goods, states F. R. Bruner, one of the proprietors.

The SanicO ranges are carried exclusively in Glendale by the Jewel City Plumbing company. They are the only line of ranges bearing an actual twenty-five year written guarantee against rust, Mr. Bruner states; and it was only after a rigid investigation by the American Gas association, of which the manufacturers are members, that the guarantee could be offered.

Easy to Clean

"Being all porcelain," says Mr. Bruner, "they are easily cleanable and can be washed like a china dish. Soap and water do not harm the parts in any way, as the special process of the manufacturers used in the preparation of the poreclain makes it the greatest rust resister used on any range. For beauty, service and quality, the SanicO is unexcelled, and its 25-year bona fida guarantee against oven or other parts rusting through is burned into the oven door of every range.

"All models are equipped with the Sanistat Oven Heat control, a device which regulates the temperature of the oven heat. With this appliance, an entire meal can be cooked in the oven at one time, without danger of burning and the housewife can leave the food to cook in a SanicO while she entertains company or takes the afternoon off.

"SanicO design has been refined and greater harmony of proportion secured to bring these ranges up to a higher standard of beauty than ranges have known before. The clear, clean colors are rich and pure. The "White" is snow white, the "French Gray" a soft smooth even color absolutely free from muddiness, the "Dark Blue" is a rich soft midnight hue. These colors with jet black and brilliant nickel make amazing attractive ranges in the various combinations which you will find on SanicO porcelain gas ranges.

Porcelain Elastic

"SanicO porcelain is the only procelain that is safe to use on a range because it is the only porcelain that is so largely made of metals that it is elastic, and because it expands and contracts with heat or cold exactly the same as the pure iron to which it is fused. Heat it red hot and cool instantly in water—that will not hurt it in any way. SanicO porcelain is entirely different from and vastly superior to the ordinary porcelain. Such porcelain is principally glass and consequently extremely brittle and broken by the least jar or twist. SanicO porcelain is made of a mixture of six metals to which a small quantity of the ordinary porcelain ingredients have been added, just enough to give it a glaze. It is tough, elastic, everlasting.

"All SanicO porcelain ranges are carefully designed to give the best results with the least fuel. They are all splendid bakers and quick cookers. Each style in its class is the cheapest range you can buy at any price. SanicO prices are far below those you must pay for inferior ranges, due to immense quantity production and a highly standardized product. Measured by the cost per year of service, SanicO will save you a large per cent."

Quarantine Station Established Jointly

EL CENTRO, April 10.—Imperial county today established a joint quarantine station with San Diego county at the top of Mountain Springs grade. Two arrests were made last night for transporting stock without a permit, according to the sheriff's office.

Birds' nests are extensively exported from Sarawak, British East Indies.

Burbank Students Realize Ambition, Are Movie Extras

Cameras clicked and typewriters ticked in Burbank yesterday afternoon, recording for the world the appearance of Ruth Roland and about 1500 local school children, gaily costumed, in a monster "Thrift Parade" down Olive avenue.

Children from every school in the city—John Muir, Thomas A. Edison, Luther Burbank, Abraham Lincoln and the high school—participated in the gala event, which afforded Miss Roland such a bevy of extras, gratis, as would be the envy of many a star.

To compensate the children for their co-operation, Ruth Roland awarded prizes for the schools making the best showing, and the children of the John Muir school romped away with first prize.

Chairman Furnishes Data On Convention Delegates

That 444 club women have been officially representing the 187 clubs in the Los Angeles District at the convention, was made known this morning in the report given by Mrs. D. J. Baptiste for Mrs. A. J. Derby, chairman of credentials.

Interesting facts following this announcement, was the statement from Mrs. Toll that the number of delegates that could be sent from the 187 clubs was 550 so that the 444 was a splendid showing.

Then Mrs. Baptiste made known that on Tuesday there were 332 visitors at the convention, and on Wednesday 420 visitors. These brought the assemblies well past the 800 mark.

The report read by Mrs. Baptiste contained the following added data: General Federation officers and chairmen present 1; state officers 3; Los Angeles District past presidents 3; Los Angeles District officials 11, and chairmen 26; total number of Los Angeles District board members 37.

Los Angeles city, 48 clubs represented, 45 presidents, 113 delegates; Los Angeles county, 79 clubs, presidents 75, delegates 135; Ventura county 10 clubs, presidents 10, delegates 11; Santa Barbara county 4 clubs, presidents 4, delegates 1; San Luis Obispo county 10 clubs, presidents 1, delegates 2; Inyo county clubs 2, presidents 2, delegates 1.

Stocks, Bonds And Markets

By Southland News Service

LOS ANGELES, April 10.—Heavy buying coupled with careful manipulation of sales today skyrocketed Los Angeles Investment stock for a 15-point lead over yesterday, reaching a peak of $4.15 at 11 o'clock.

At that time the exchange floor was in turmoil, bidding heavy, and the quotations on the upward trend. It opened this morning at $4.05, went shortly to $4.07, took another 2-point advance and so climbed to $4.15. Within one hour more than 6,000 sales had been recorded. At 11 o'clock $4.20 was the asking price.

Southern California Edison Preferred was held at $118 with $115 bid. The industrials, however, were weak at the opening today. Los Angeles Gas and Electric was held at $91.

Oils were fairly active but the prices were weak and trading was on a slim margin. General Petroleum common was bid at $42.20. The asking price was $42.40.

From the long range point of view, Los Angeles brokers today were looking for Pacific Gas and Electric to gradually appreciate in value. Even though the immediate market price of PCG is likely to be affected by the political agitation for lower rates, it should be borne in mind, they said, that the supreme courts have already established the principle of a fair return on invested capital.

Production and consumption of petroleum in California as stated in its bulletin by the Reserbe Bank of San Francisco are now more nearly balanced than was the case during the greater part of 1923, terminating at least temporarily the rapid rise in stored stocks which was a feature of the petroleum situation during last year.

Movie Amalgamation

N. L. Nathanson, general manager of the Famous Players, Canadian, with headquarters at Toronto, states that Loews, Inc., has definitely absorbed Goldwyn Pictures. Actual means of negotiating the merger, he says, has been through absorption of Goldwyn by Metro, which in turn is affiliated with Loews. He declares the amalgamation means little to the picture situation in the United States and is more or less a result of recent combination of the greatest producers to do away with cut-throat competition and the vagaries of censorship.

An advance of from 15 to 20 cents a barrel on higher gravities of crude oil in California is expected soon, it was learned today, the base price remaining unchanged.

The Union Oil Company of California has declared a regular quarterly dividend of $1.80 on April 28 to all stockholders of record April 10. For the quarter ending March 31 the net income was $3,100,000 as against $1,650,000 for the first quarter of 1923.

Declares Dividend

LOS ANGELES, April 10.—At a meeting of the directors, United & Eastern Mining declared a dividend of 10 cents a share, payable April 28 to holders of record April 10. It is a quarterly dividend. Formerly quarterly dividends have been 15 cents.

Four wells with a combined initial production of 73,000 barrels a day have been completed in Cacalilao field of Mexico by Mexican Sinclair-Empire Fuel & Gas company. The wells were drilled by Sinclair organization on lands of the Empire company.

The Los Angeles Stock Exchange has rejected a proposal for the guaranty of brokers liability in case of failure.

Associated Telephone company, operating in Long Beach, has reported to the railroad commission for the year 1923 that its operating revenue was $607,835.48; operating expenses $332,359. 38; giving a net operating revenue of $275,476.10.

Winter Wheat Report

By International News Service

WASHINGTON, April 10.—The condition of winter wheat on April 1 indicates a production of 549,415,000 bushels this year, compared with 572,340,000 bushels last year, according to a statement issued by the census department.

Upon the assumption of average abandonment of acerage and average influences on the crop to harvest, the condition April 1 forecasts a production of about 549,415,000 bushels, which compares with 572,340,000 bushels, the estimated production in 1923; 586,878,000 bushels in 1922 and 589,858,000 bushels, the average of the preceding five years.

The average condition of rye on April 1, was 83.5 per cent of normal, against 81.8 on April 1, 1923; 89 on April 1, 1922, and 87.9 the average condition for the past ten years on April 1.

Passed for Listing

LOS ANGELES, April 10.—At a meeting of the board of governors of the Los Angeles Stock Exchange, the following stocks were passed for listing and will be called April 15: Federal Holding company, organized last year for the purpose of purchasing and holding stock of the Federal Trust Savings bank of Hollywood. It has an authorized capitalization of $1,000,000 and stock is issued share for share with the bank stock; California Oil company, with two wells on production at Santa Fe Springs and important leases.

Earnings of William Wrigley, Jr., company in the first three months were considerably in excess of last year and a statement to be issued soon is expected to show earnings nearly double dividend requirements, according to a report by E. F. Hutton and company. Earnings of $712,077 in January were the largest of any similar month. Foreign business is being steadily developed. Domestic demand is heavy in all parts of the country, especially in the west.

Further rainfall in the northern part of California and in the San Joaquin valley has been sufficient to improve pasturage situation and is a great boon to cattle interests of the state facing a most trying situation as a result of the hoof and mouth disease quarantine.

On Dawes Report

Although few bankers have as yet been able to properly study Dawes report in those quarters where a hasty perusal of statement has been made opinion is somewhat divided. From a banking standpoint many are inclined to think the report rather complex and indefinite and in a measure is disappointing because it fails to tell just those things about Germany and reparations that bankers have been most desirous of knowing.

The report apparently fails to analyze Germany's real financial condition and also fails to fix the amount of reparations. It was pointed out that this was a matter which the Dawes committee had nothing to do with but nevertheless some bankers thought it is going to be extremely difficult to proceed with rehabilitation of Germany's finances unless the full extent of her obligations are known.

Bankers do not think the report itself offers a proper basis at this time for consideration of foreign loans. The plan has to be submitted first to the reparations commission and then to various governments by which time many of the recommendations may be abandoned, while others may be changed.

Chosen Directors

James S. Alexander of New York and Paul Shoup of San Francisco have been elected directors of the Southern Pacific company to succeed Walter H. Bliss, deceased, and W. A. Worthington, retired. The remaining thirteen directors have been re-elected.

R. D. Bush, state oil and gas supervisor, says the Huntington Beach oil field has passed flush production and that the output will probably continue close to the present average of 56,000 barrels daily for some time. There is room for many more wells, particularly on large Standard Oil holdings, which will probably be developed at a rate depending on general oil market conditions. Drilling notices for the week-end from April 5th were 28 against 32 in preceding weeks.

New York Close

NEW YORK, April 10.—The stock market closed heavy today. The downward movement gained further momentum in the final dealings, heavy sellings of all classes of stocks causing considerable losses in many issues. The market showed practically no rallying power, stocks closing at or near the bottom of the day. Studebaker lost over 2 points to 89 3-8; American Can nearly 3 points to 97 3-4; Baldwin Locomotive 2 points to 112 7-8; Corn Products 2 points to 162 3-4; General Electric 3 points to 209 3-8, and Davison Chemical about 4 points to 42 7-8. U. S. Steel, owing to the unfavorable monthly report, lost 1 1-2 points to 96. Bethlehem Steel lost 1 1-8 to 49 3-8 and Gulf States Steel 3 points to 67. Oils also showed pronounced weakness, losses of over one point being registered in the majority of leading oils. Rails, although showing underlying firmness, registered good losses. Norfolk and Western lost over 2 points to 124 5-8 and Southern Railway 1 3-4 to 53.

Grain Market

CHICAGO, April 10.—Belief that the United States government crop forecast under-estimated the wheat yield was expressed today. Experts, basing their figures on less than normal abandonment of acreage, estimated the crop would be arourd 573,000,000 bushels, 24,000,000 more than the government estimate. This and lower prices in Liverpool as a result of favorable crop conditions abroad affected the local pit bearishly and it opened lower, but later found support that firmed prices and resulted in higher closing all around. Wheat closed 1-8 to 5-8 higher; corn up 1-8 to 1-2 and oats 1-4 to 3-4 higher.

WOMEN CAN LEAD TO WORLD PEACE, SPEAKER CLAIMS

Unity and Leadership Point Way to Triumph of Intelligence

"With the organized women of the state equipped with facts accurately interpreted, and with machinery for joint action with other bodies or organized citizens, we can strengthen our unity and elevate our leadership to make a long step toward the triumph of intelligence in the conduct of mankind's affairs and toward the end of violence and brutality to such an extent, at least, as crime has been controlled in properly organized political bodies ordinarily designated as nations." Such is the dominant thought given this morning to the convention delegates by Miss Lloy Galpin, chairman of international relations, presiding over an early conference on international relations.

Points From Message

Miss Galpin is a student and teacher, and in her talk this morning she brought to the convention delegates a message of value to take home to their individual clubs.

Parts of her message follow:

"International relations involve the whole philosophy of life.

"Club life led woman to see there is a profound value in principles.

"We must not be discouraged if we cannot apply our principles 100 per cent.

Schools Under Fire

"Since the war the whole school system has been challenged and under fire. Every teacher is justifying and excusing the subject she is teaching. This is particularly true in the department of social science, including philosophy, sociology, economics and history.

"History is experience, and experience is what happens to us, plus how it affects us.

"If you leave out ancient history you leave out the superstructure on which this civilization is based.

"We are aiming in international relations to develop a new attitude of mind.

"The point is not to end war, but to eliminate the possibility of war.

"We are making an appeal to intelligence, not to blind force. Germany made the great mistake of thinking brute force was right."

BROWN FREED IN SHOOTING TRIAL

Accused Justified, Decision of Jury After Brief Review of Case

It took a jury in the superior court in Los Angeles yesterday just fifteen minutes to acquit Wallace W. Brown of 721 West California street on a charge of assault with intent to kill in connection with the shooting of J. M. Barnett, of Los Angeles, in Glendale last Thanksgiving.

Barnett and his wife, according to the evidence, had been attending a Thanksgiving party at a neighbor of Brown's, and when Barnett returned at midnight with his car to take his wife home, he is said to have honked his horn repeatedly.

Brown went out to see what the trouble was, and during the argument which followed, it was charged that he had shot Barnett. The jury took the position that the shooting was justifiable under the circumstances.

Running out 100 yards of line in less than three seconds, is the record of a sailfish in southern waters.

G. & M. Applies for Leave to Abolish Commutation Fare

Ray L. Morrow, city attorney, this morning notified the City Council that he had been advised by the State Railroad Commission that the Glendale & Montrose railway had made application for permission to abolish commutation fares on their line between Eagle Rock and Glendale. It is their intention, he stated, to charge a straight 5 cent care.

On motion of Councilman Sam Davis, the city attorney was instructed to be present at the hearing, but to offer no opposition to the contemplated change. In the opinion of the councilmen as expressed, the company was entitled to the 5 cent fare.

NATION IN NEED OF ARMY, NAVY, SAYS FEDERATION

Number of Resolutions Are Acted Upon Today By District Delegates

Continued from page 1

for or against a bill that a copy of the bill should be attached.

Another resolution referred to the district board was the one offered by Inyo county asking for fair play for residents of Owens valley from agents of Los Angeles county. Mrs. O. C. Houghton, president of Inyo county, withdrew the resolution on the ground that there was lack of knowledge among the club women and urged them all to "Come up to Inyo county and see for yourselves."

Hospital Location

The resolution urging a new location for the Los Angeles General hospital, preferably in Elysian Heights, was also referred to the district board.

The resolution withdrawn had to do with restriction in the placing of signs about California as blots on the landscape. This matter was covered in the resolution concerning the Standard Oil company.

Resolution favoring the adoption by the California Federation of Women's clubs "America the Beautiful" as the official federation song.

Resolution expressing appreciation to the Standard Oil company for removing billboards that were blots on the landscape and urging other companies and individuals to follow his example.

Resolution urging newspapers to print constructive news instead of sensational scandal.

Resolution discouraging the wanton destruction of California wild flowers and urging their preservation in their native haunts.

Resolution favoring a state law making it illegal to pick California wild flowers within thirty-five feet of highways.

Resolution against the holding up of allotments due veterans of the world war.

Resolution urging the state and district departments for co-operation with ex-service men and women to incorporate as part of their rehabilitation programs assistance in marketing handicraft of war veterans.

Resolution favoring the building by the government of a new hospital of 1000 beds at Sawtelle for disabled war veterans now housed in an inadequate and unsanitary building built thirty-five years ago.

Resolution favoring the establishment of a hospital and dormitory accommodations for ex-service women on property owned by the United States government in Los Angeles county.

Resolution approving of the United States sending representatives to an international opium conference to bring about the restriction of the raising of the poppy and cocoa plants for medicinal and chemical purposes; urging that the conference be held in Paris or London or some European capital, but not in Geneva because of Switzerland's refusal to ratify the Hague conference because of financial reasons.

Resolution approving of the San Carlos dam project and of the return of the administration of the affairs of the Oklahoma Indians to the Interior Department.

Resolution advocating the international court of justice.

Resolution urging junior membership in every club.

Resolution discouraging the exploitation of children in suggestive songs and dances.

Other Resolutions

Resolution endorsing the campaign of the California Fish and Game Commission to establish a breeding ground for water fowl in the lower Klamath lake region.

Resolution approving the Campfire Girls' program.

Resolution favoring the Golden Scroll Foundation for the Mission Play at San Gabriel.

Resolution urging business men to give employes a half holiday if it can be done without detriment to business.

Resolution expressing sorrow upon the passing of Mrs. E. R. Brainerd and expressing condolence to her husband.

Resolution urging a bill preventing the indiscriminate printing in newspapers of names of children brought up for delinquency.

Resolution expressing the sincere appreciation of the Los Angeles District to the Tuesday Afternoon club for the wonderful hospitality extended throughout the convention and complimenting them on their beautiful club home.

Resolution expressing to Mrs. Toll the love and appreciation of the District for her wonderful leadership in "the finest convention the District has ever enjoyed."

Morning Session

The old school of American club women was represented this morning by Mrs. J. A. (Caroline Lincoln Osgood, beloved member of the Sierra Madre club, who was called from the convention floor and escorted to the platform by Mrs. Daniel Campbell, while the assembly stood and applauded as she was given the seat of honor by Mrs. Toll.

Preliminary to the reading of the resolutions Mrs. Toll took occasion to express appreciation of the district for the splendid work of Mrs. W. E. Mabee, chairman of music, and to thank her for securing the talented artists who gave musical entertainment on Wednesday night.

It was of interest to learn that Gertrude Ross had dedicated her song, "Song of Spring," sung last night, to Mrs. Mabee.

Minutes of the Wednesday sessions were read by Mrs. W. W. Slayden and two amendments adopted to the by-laws.

Following the consideration of the resolutions, reports were heard from individual clubs.

Governor Delays Executions Set For Good Friday

SACRAMENTO, April 10.—Because they were sentenced to hang on Good Friday, April 18, Governor Richardson has reprieved William Bringhurst, Willard Thompson and Isaac Wolfgang, condemned prisoners at San Quentin. Bringhurst and Thompson were reprieved to April 21 and Wolfgang to April 25.

"I am granting these reprieves because of the sanctity of the day," said the governor.

NEW SONG HIT IS ABOUT GLENDALE BOOST FOR CITY

Kitty Yarnall Is Author of Both Words and Music; Offers Their Use

A new Glendale song, entitled "Glendale for Me," to be sung to the tune of "Somewhere in France," is offered by the author of the latter, Kitty Yarnall, of 4029 Parkdale avenue, Los Angeles, a continuation of Park avenue, Glendale.

"Somewhere in France" was written during the late war and published in Philadelphia. Both words and music are copyrighted by the author and may not be used without her permission. In offering the Glendale lyric to her music, she states that anyone or any group wishing to use the number may have her permission by addressing her at Box 760-A, Route 5, Los Angeles.

Predict Popularity

The music is very catchy and the "Glendale for Me" words, which follow, are certain to prove popular:

I.

Up close to the hills there's a city,
A city you all ought to know,
So dear to our hearts for her beauty,
Where peace like a river doth flow.
Deep down in our hearts comes a-stealing
A feeling of love most divine,—
Speak a good word, I pray, for Glendale each day,
Her mountains, her sunshine and clime.

Chorus

Glendale, Glendale, that's the place for me;
Glendale, Glendale, the sweetest place to be.
Your praise we'll sing forever,
The ties we will not sever;
Your name we'll keep,
With pleasure speak,
Forever and forever.

II.

Just ride through the streets of our city,
The sights you will hail with delight;
Go try to find a place quite so pretty,
From sunrise to sunset at night.
Now all let the name of our city
Be broadcasted from hilltop and shore,—
We all love her so well, our friend we must tell,
We'll shout, sing, whistle and yell.

Ordinance Proposes Bigger Health Force

An ordinance looking to the employment of a full time city health officer with a salary of $400 per month, was introduced by Councilman Hall this morning.

It also provides for two sanitary inspectors, one laboratory technician, one city nurse and one clerk. If adopted, the ordinance will be effective July 1.

Heretofore Dr. Kaemmerling has only given a portion of his time to the work of the city, and under the new ordinance the city health officer will not have a private practice. The matter of who will have the new office has not been as yet decided.

Bandits Grab Sack of Mail In Traction Car

CHICAGO, April 10.—Three bandits early today robbed a Chicago & Southern Traction company interurban train here of a mail sack containing an unassorted bunch of company mail.

The car was empty of passengers when the trio jumped aboard at the interurban terminal and seized the mail, which was in charge of Motorman J. S. Parker. They escaped in a Ford sedan.

HUNTERS USE CADILLAC IN TRIP AFTER GEESE

WIDENING OF BOULEVARD BIG NEED

Valley Communities to Urge San Fernando Roadway Be Improved

By H. THOMPSON RICH
Of The Evening News Staff.

Los Angeles county and city authorities are soon to hear the concentrated demand of sixteen valley communities that San Fernando road be widened and improved from Los Angeles to Sylmar, in order to adequately care for a volume of traffic so tremendous as to make it admittedly the heaviest traveled road in the state.

It would be natural to suppose that, in view of this fact, the burden of responsibility would fall primarily on the state; but, inasmuch as it is not technically a state highway, little relief can be had from this quarter, say those back of the movement.

On Property Owners

Likewise, minimum assistance may be expected from county road funds, as practically all of the great thoroughfare is within the Los Angeles annexation district. The burden therefore appears to fall heaviest upon abutting property owners. The latter, however, do not believe they should be assessed for building and maintaining a highway so generally utilized by state and inter-state travelers.

"Passing the buck" seems to be the present general status of the situation, those back of the movement declare. Meanwhile certain municipalities through San Fernando road passes have taken the matter into their own hands, so critical has become the issue.

Doing Their Part

San Fernando is widening and paving Porter avenue, as the road is called in their territory. Burbank is likewise doing its part in widening and paving, and is at present about to eliminate the dangerous "Turkey Neck" curve at the Southern Pacific crossing. Other municipalities are doing their bit.

In Glendale, the San Fernando Boulevard Improvement association, whose president is L. H. Wilson, has for the past two years exerted continued efforts for the betterment of this highway. A petition for widening and paving was presented to the City Council in September, 1922, Mr. Wilson reports.

For some time the council deliberated over the petition. It is now in the hands of the newly formed City Plannin Commission, whose chairman. T. W. Watson, states that a report will

(Turn to page 11, column 5)

Wet Weather Hints Help Motorists to Escape Accidents

Scores of stalled cars and many avoidable mishaps during recent rains have brought a few comments of caution from the Automobile Club of Southern California. Among these are included:

Don't fail to signal. Better a wet arm than a broken neck.

Go slowly into pools of water and deep gutters so that water will not splash through the radiator and put the ignition system out of business.

Watch for school stop marks and signs, for some of these have been obliterated by rain and mud.

Keep on the cement in backing out of your garage. Many autos have been stuck in the mud in the back yards of their owners.

Keep your windshield clean.

Be sure your brakes are properly adjusted. If they are equalized there is less danger of skidding.

Do not encourage skidding by throwing out the clutch when applying brakes.

If forced off the hard-surfaced road, do not attempt to swing back too suddenly. There is danger of overturning.

AUTO CLUBS HELP CUT EXPENSE

Estimate $20,000 Saved for State by Handling of License Plates

A reduction in overhead costs to the state of at least $20,000 was made possible through the service given by California State Automobile Association and Automobile Club of Southern California to their members, in issuing 1924 automobile plates at the branch offices of the clubs during the recent renewal period, Will H. Marsh, chief of the division of motor vehicles, announced today.

The clubs and their respective branch offices issued approximately 185,000 sets of plates from January 14 to February 1, it was stated. Marsh explained that the division had been relieved of an expendtiure for postage ranging from $13,000 to $17,000 since most of the applications handled by the clubs were in the smaller towns and would otherwise have been handled by mail from Sacramento. He added that the state

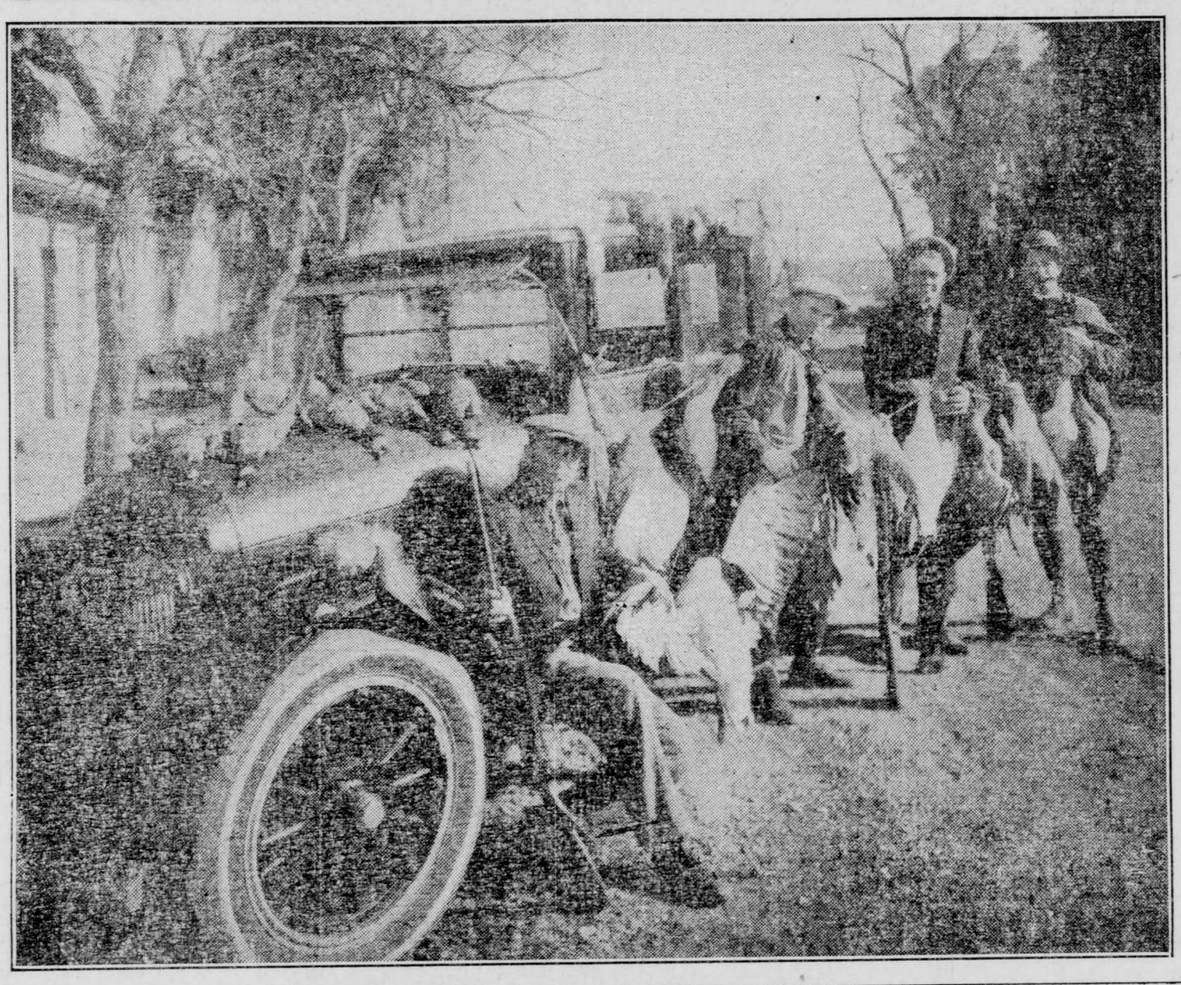
Good Shots, Good Car And Good Luck

Three nimrods and their guide, with a part of one day's bag of wild geese brought down near Willows, Cal. Seated on the running board of the Cadillac car is the guide. Standing, left to right, are DR. T. C. YOUNG, A. L. BAIRD and W. C. PAGE. There are thirty-four geese shown.



MEMBERS OF PARTY BAG LARGE NUMBER IN TWO DAYS' WORK WITH GUNS

Find Fowls Plentiful Near Willows, 110 Miles Northwest of Sacramento, Where Decoys Lure Feathered Prey From Cloudy Sky

By A. S. HALL
Of The Evening News Staff.

There are three men in Glendale who know where the wild geese fly the thickest and the lowest in season, and know the quickest and easiest way to get there.

Unlike most hunters who discover a paradise of this sort, they are not keeping the secret to themselves but have given all the details about how to reach this happy hunting ground, and the best way to travel.

The mighty nimrods are A. L. Baird, president of the Kiwanis club; Dr. T. G. Young, prominent surgeon, airplane and automobile enthusiast, and all-around sportsman, and W. C. Page, crack shot with rifle or shotgun.

Near Willows, Cal.

They found their happy hunting ground near Willows, Cal., 110 miles northwest of Sacramento, and in two days the members of their party bagged no less than seventy-six geese, mostly Canadian hawkers and speckled breasts, with a few white geese among the lot.

The trip was made early last January, long before the close of the hunting season. The five-passenger Cadillac coupe, purchased by Mr. Baird from the Court Motor company, was used, and Mr. Baird and Dr. Young alternated in the driving.

Mr. Baird, in telling about the trip, said:

Get Late Start

"We decided to go one morning. After we had gotten all the things necessary for the trip, such as guns, shells, proper clothing and other articles in readiness and had called up to see if the geese were flying, it was 2:30 o'clock in the afternoon before we got started.

"That was rather a late start, but soon after we got out on the open road I found out the Cadillac was purring like the well-known kitten, so we just stepped right along.

"We reached Merced, 368 miles from here, at 11:30 o'clock that night, and decided to put up at a hotel for the night.

Sacramento Next

"We left Merced about 8 o'clock the next morning, and two hours later we were in Sacramento. We whiled away four hours in Sacramento, visiting friends, looking up old acquaintances, and making new ones, and at 2 o'clock that afternoon we were on the road again.

"It was 5 o'clock when we reached Willows, 110 miles from Sacramento. We put up at the hotel, turned in early, and prepared to get a good night's rest before starting after the game early the next morning.

"The start from the hotel was made the next morning before daybreak, as the best time to hunt geese is as soon after daybreak as the law allows. We drove out to where a rancher lives who owned 210 live decoys, and used them in our two days of hunting.

"We hunted in the midst of a big field. The country around there was almost level and we could see for five miles in any direction. There was no big body of water near, but the live decoys brought flock after flock of geese down in our direction.

"The first morning we bagged thirty-four geese, and the second morning the members of the party added forty-two to the count. We decided we had enough, and began making preparations for the return trip.

"We drove to Stockton that afternoon, and stayed there all night, making the run from Stockton to Glendale the next day without any hard driving or discomfort."

Kiwanis Has Feast

The geese killed by the party were brought back to Glendale and the members of the Kiwanis club enjoyed a big banquet several days later.

Mr. Baird reported the roads for the entire distance, with only a few exceptions, were in excellent shape, and the Cadillac went up the hills with ease and no apparent extra exertion on the part of the motor.

"It was a great trip, and we had a good time," Dr. Young said. "Everybody felt happy when we got back to Glendale. When it comes to long trips, such as we took, I don't think there is any car that can beat the Cadillac for real comfort, convenience and pleasure in traveling."

Average Cost of Work To Be $400 Per Mile

SACRAMENTO, April 10.—Betterment and maintenance work on state highways, covering 4,550 miles, will cost $4,000,000 in 1924, representing an average cost of approximately $400 per mile, it was announced today by Harvey M. Toy, chairman of the state highway commission.

This sum will be taken from the state's share of motor vehicle and gasoline tax funds.

Cost of caring for shade trees along highways will be over $40,000, and owing to the dry weather, it may be necessary to devote additional funds for this purpose. On the other hand, the department expects to save on funds apportioned for removal of slides, since lack of rain has resulted in no slides of consequence to date.

Divers who rise too quickly from great depths are often attacked by a sort of paralysis called "caisson disease," and unless treated at once it proves fatal.

Recreational Value of National Forests

An annual recreational value of $10,000,000 is placed on the national forests of California by District Forester Paul G. Redding, according to an article published in the last issue of Motor Land, the magazine published by the California Automobile Association.

Eliminating the transient motorist, there are left in round numbers 2,000,000 people who used the national forests of California last year for every conceivable form of sport and enjoyment. The minimum time any of these visitors spent in the mountains was one day and thousands of them stayed for weeks.

Statistically speaking, the forest service estimates that 5,000,000 recreational days is a low figure for the total time spent by these visitors in the national forests. Mr. Redding takes the first-class motion picture theater as the standard of amusement in the country to figure out what all this enjoyment of the national forests, not to mention rest, freedom from business cares and good health is worth, if reduced to a dollars and cents basis. The motion picture house would charge not less than 25 cents an hour, which, on the basis of eight hours of pleasure, would amount to $2 a day. Applying this figure to the total number of recreational man days spent by visitors in the national forests, Mr. Redding gets a figure of $10,000,000, which he says he believes is a very conservative estimate of what the national forests are worth each year to California and the nation as a recreational asset.

Jam of Cars Demands More Traffic Signals

That further extension of traffic signals has become necessary is proved by the recent traffic check made by the Boy Scouts for the Los Angeles Traffic Commission. This count reveals that 310,000 automobiles crowd into the downtown district during the twelve-hour business day.

Many outlying intersections are just as badly congested as those downtown; for instance, Adams and Figueora averages 3600 cars per hour, with Wilshire and Western having an hourly average of 2870, and many corners carrying better than 2000 cars per hour.

Automatic traffic signals are acknowledged by all traffic authorities to be the best method of handling traffic across intersections. All motorists welcome the signals as they clearly show who has the right of way and completely eliminate the traffic "merry-go-round." They also are a means of safeguarding the lives of the pedestrians.

'DON'T' LIST FOR TRUCK DRIVERS

Association Gives Employes Hints on Formation of Better Feeling

In an effort to create a more favorable atmosphere toward truck drivers, eliminate dangers of accidents, permit of unimpeded traffic and generally the observance of all traffic laws, the California Truck Owners' Association has offered a list of "Dont's" for truck drivers.

It is pointed out that trucks are operating on practically every road in this state, in small cities as well as large, carrying products of the farm, orchard, mine and mill to the markets and returning with food supplies, machinery, etc. Modern business finds the truck an essential mode of transportation.

Suggests Rules

That the truck owners' association desires to cooperate and to insist that truck drivers co-operate with the public the following admonitions, if observed will bring results:

Don't overload.
Don't speed.
Don't throw your clutch out on grades.
Don't fail to be courteous at all times.
Don't forget to keep to the right at all times.
Don't forget that others have as much right to the highway as you.
Don't drive trucks in a train closer than the law allows.
Don't stop on a public highway unless you give signal and always stop as far to the right as possible.
Don't figure what the other fellow will do. Always keep your own car under control.
Don't carry passengers on the seat with you who will detract from your business of driving.

Let Others Pass

Don't ignore the sound of a horn from the rear. Let the autoist pass. It is his right.
Don't take the right of way from the other fellow when it is not yours.
Don't ever fail to stop at school crossings. A human life is worth more than getting to your destination on time.
Don't park your car on the highway at night without a tail light burning. Your negligence may cost a life.

DECIDE PLAN FOR SAFER DRIVING

A. A. A. Officials In Favor Of Publishing Facts In All Crashes

In its effort to educate the public to the need for safer driving by citing wherever possible the exact cause of each accident or fatality, officials of the new A. A. A. following a discussion of it with members of National Press Club, decided upon a plan to get at the heart of this growing accident problem.

Officials of the A. A. A. are in favor of featuring automobile accident news where it will have a good influence on drivers as a whole, but believe that unless the news is presented in such a way as to lead the reader to a clear understanding of the causes the journalist does his paper as well as his readers an injustice.

Two Facts Demanded

Two facts are demanded by the public in every accident, they point out. The first is how it happened, and the other the extent of the damage. The average reporter, they say, makes an elaborate story of the latter, but slides over the one feature of the story which would help others avoid similar fates.

"By merely presenting the facts," contends President Thomas P. Henry, "the reporter can frequently give the reader a cue for the formation of his own conclusions, and without in any way exposing the paper to libel. It is highly important that the reader form a correct conclusion from what he reads, but if he is only encouraged to think about the accident and seek an explanation some progress has been made toward removing the causes of accidents."

Put Strongest Tire on Right Rear Wheel

The strongest tire (newest) should be placed on the car at the point of greatest strain—right rear, the right front and the left front wheels. On a car equipped with all new tires the right rear wears most, left rear next, and so on. When the rear tires show signs of being worn they should be exchanged with the front tires. After that the above sequence should be followed.

Bids on Seawall and Highways Are Sought

SACRAMENTO, April 10.—Advertisements for bids to construct a long seawall and adjoining highway in Ventura county near El Rincon, midway between Ventura and Santa Barbara on the San Francisco-Los Angeles coast highway, will appear in a few days, it was today announced by the state highway commission.

Harvey M. Toy, chairman of the commission, said the contract will consist of two portions of wall and highway, separated by a few miles, and that the entire length of wall and highway will approximate 6,400 feet. The new structure will replace the frail timber tresles now in place over the ocean beach at the foot of the sea cliffs paralleled by the Southern Pacific railroad.

Toy said the proposed seawall will vary in height from 10 to 20 feet with a width of 36 feet for a minimum.

The contract will include placing of 16,000 cubic yards of concrete and 62,000 cubic yards of sand fill.

The announcement by the commission said April 28 has been tentatively set as the date for opening of bids.

They All Praise Buick

Ask any garageman, any mechanic, in fact, any person who knows motor cars, what he thinks about Buick. Invariably he will tell you that Buick is a thoroughly good, high grade and dependable automobile and that a person makes a genuinely satisfactory investment when he buys one. Then ask the Buick owners you know what they think about Buick. Do these things and you will quickly understand why Buick has sold over one million motor cars and why you, too, should own a Buick.

VARIETY IN CAR STYLES IS SHOWN

Chevrolet Designs Present Wide Range in Bodies, Says C. L. Smith

This is the day of individuality, says C. L. Smith, Chevrolet distributor, at Orange and Colorado streets, who reports a continued increase in Chevrolet sales in Glendale.

"The Chevrolet automobile which is so well-known to the buying public is more than holding its own for sales of 1924," says Mr. Smith. "Each month has shown an increase over the previous year. The attractive enclosed bodies built by Fisher that are featured on the higher-priced cars have opened up a new field of sales, as they supply a long-felt want to the man who wants a small car with a high-grade enclosed body. Already a marked increase has resulted in this class of buyers.

"Of particular interest to them is the new four-passenger coupe just added to the line. Like the other enclosed cars, the body is built by Fisher. These cars are all equipped with cord tires. Balloon tires are being supplied on both open and enclosed Chevrolets at a slight increase in cost.

"This seems to be a day for individuality being shown in the car a man possesses and therefore the Chevrolet sport models, shown in various body designs with wire, disc or wooden wheels, equipped with balloon tires, allow buyers to choose a model that suits their different tastes."

BUYERS TURNING TO PACKARD CARS

First Cost Insures Service During Long Period, Is Agent's Claim

The steady growth in the sales totals of Packard autos all over the country, as shown in figures quoted by W. H. Daniel, 1129-1131 South Brand boulevard, local distributor, is evidence of the increase in popular favor of the Packard, and the realization on the part of thousands of motorists that the low maintenance costs of the Packard render it one of the most economical cars to be found anywhere.

"The excellence of the workmanship that goes into every Packard insures service from the word 'go,'" says Mr. Daniel. "Buyers know that the first cost is practically all there is to the cost of a Packard, and they realize that they will not have to be paying out exorbitant amounts in a steady stream to keep their cars in shape to deliver consistent service."

Mr. Daniel is rushing the work on his new South Brand boulevard establishment and hopes to have it ready for its formal opening by May 1, when he will be host to his friends and clients as well as to the members of the automobile fraternity of Glendale in an elaborate house-warming party.

INCREASE SHOWN IN NASH INCOME

$1,618,475 Net Receipts for Three Months Ending February 29, 1924

At a meeting of the directors of the Nash Motors Company, President Nash reported that the net income for the three months ended February 29, 1924, after deducting expensese of manufacturing, including depreciation, selling and administrative expenses and local, state and federal taxes, amounted to $1,618,475.62, as compared with $1,573,241.78 for the same period a year ago, according to reports reaching Donald C. Barbee, of the Nash Sales Co., Inc., 1234 South Brand boulevard, local dealers.

The value of sales for the three months this year shows an increase of 13½ per cent over last year.

Commenting on the business outlook, President C. W. Nash said: "Every indication points to a normal spring business for the Nash Motors Company. Orders for April indicate this month will about equal April of last year and we believe our business for the first half of 1924 will be very satisfactory inasmuch as we can see nothing at the present time which would indicate anything to the contrary."

15,963 Cars in State Exempt from Gas Tax

SACRAMENTO, April 10.—No less than 15,963 automobiles owned by the state, counties, municipalities and public service corporations are exempted by law from payment of the motor vehicle license tax, according to Will H. Marsh, chief of the State Motor Vehicle Department. Automobiles owned by the federal government also are included in the total.

Of this number, 6593 are the property of public service corporations and 870 are owned by the federal government. The remainder are owned by the state, counties and cities.

Shows New Spotlight

This pretty miss is showing how the FYRAC NIGHT GUIDE is operated through the windshield of a car to make night driving safer and to afford a long range of vision.

In order to increase the efficiency of a spotlight by rendering it accessible whether used on open or closed cars and to eliminate the windshield glare, a spotlight has been designed that attaches directly through the windshield. One type of these new lights is called the "Fryrac Night Guide," and is sold by the Western Auto Supply company.

With the increasing use of closed cars and the wide spread adoption of windshield wings on open cars, the "Fryrac" spotlight has become a nationally known product. It is worked entirely from the inside of the car and the pistol control enables the driver to direct the light on the road from an angle that removes all possibility of glare in front of his machine. It has many advantages over the out-at-the-side type of spotlight for it can be used at the time when it is most needed—in bad weather when the curtains are on the car.

Prevent Accidents

The light may be set to illuminate the side of the road where it is needed, as many accidents are caused by the driver being blinded by the glare of headlights on an approaching car, and attempting to feel his way and trust in luck that he will come safely through. The Fryrac may be set in any position and it will "stay put" regardless of road shocks. It is said that it will throw a shaft of light for a distance of 1500 feet.

The Western Auto Supply company are equipped with machinery that enables them to install these light guides at the rate of one every fifteen minutes.

PUBLIC APPROVAL

of Packard Design and Engineering is proven by these figures taken from the Motor Registration News.

For the first two months of 1924 **Packard's** increase in business in California, as compared with January and February, 1923, was **59 per cent** greater than the average increase of all cars combined for the same period.

The enthusiasm of Packard owners has been largely responsible for this remarkable showing. Every "Man Who Owns One" is an energetic salesman for the car that only Packard can build.

$200 to $400 Saved

On This Light-Six Touring Car

By our matchless facilities—our enormous production

HERE is a car at a surprising price. Built by ordinary methods it would cost you from $200 to $400 more.

It is in scores of ways the leader of its class. No rival car compares in the value that it offers.

Let us tell you how we give that value, then urge you to see this car.

A sensation

Studebaker is today the world's largest builder of quality cars. Studebaker success is the sensation of Motordom.

Sales have almost trebled in three years. Last year, 145,167 people paid $201,000,000 for Studebaker cars.

There are tremendous reasons for this rush to Studebaker cars. And every man who buys a car should know them.

72-year traditions

The Studebaker name has for 72 years stood for quality and class. To build an ordinary car under that name is unthinkable.

Our assets are $90,000,000—all at stake on serving you better than all others.

We have $50,000,000 in model plants, equipped with 12,500 up-to-date machines. We have 23,000 workers, under profit-sharing plans which lead them to stay and develop.

We spend on engineering $500,000 yearly. We employ 1,200 men to give 32,000 inspections to each Studebaker car in the making.

We are lavish

We are lavish in things that count.

We pay 15% bonus on some steels to get them exactly right. We use genuine leather in our cushions. We use curled hair.

We use more Timken bearings in this Light-Six than any competitive car within $1,500 of its price.

Our bodies are beautiful creations. The finish and coach work show the final touch. But we build them in $10,000,000 body plants of our own, and pay for these extras in savings.

Studebaker Light-Six Touring Car

Same steels as we use in the costliest cars we build. More Timken bearings than in any competitive car within $1,500 of this price.

Genuine leather cushions, ten inches deep. Curled hair filling. All-steel body.

One-piece, rain-proof windshield. Attractive cowl lights. Standard non-skid cord tires.

Transmission and ignition locks. Perfect motor balance. Curtains that open with the doors.

By far the greatest value in this class.

Mail coupon for book about it

We machine all surfaces of our crankshafts and connecting rods, as was done in the Liberty Airplane motors. No other maker of cars at our prices does this. The result is that perfect motor balance, lack of vibration and long life.

Where we save

We save by enormous production—150,000 cars per year. Our major costs are all divided by that enormous output. It is utterly impossible for smaller makers to compete.

We save by modern plants, mostly built in the past five years. We save by up-to-date machines. By building our own parts and bodies.

See what this car offers

Come see what this Light-Six offers. How it excels in scores of ways any rival car.

Built with the same steels, the same care and skill, as the costliest of our cars. We have only one grade of chassis.

See its beauty, its comfort, its luxury. See how we have studied your every desire.

Do that and you will choose this car, if you have in mind a price anywhere near this.

Send for the book

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance—

It will enable you to look at any car and tell whether it's been cheapened to meet a price or offers true quality.

It will tell you why some cars rattle at 20,000 miles and others don't. It shows one single point in a closed car which measures whether you're getting top or medium quality. The book is free. Clip the coupon below.

THE WORLD'S LARGEST PRODUCER OF QUALITY AUTOMOBILES

Shows Clean Record for Auto Fatalities

Vermont leads the nation in traffic safety, not one automobile fatality having occured in the State during the first two months of 1924.

Nevertheless, the preliminary record of fatalities for January and February, as reported to the National Automobile Chamber of Commerce, points out sharply the need of concentrating every effort so that the death total may not set a new high mark.

Five hundred and ninety-six traffic deaths in January and February are indicated in statistics compiled by 114 newspapers, automobile clubs, police departments, safety commissions and State highway bureaus.

There are 25,000,000 more women than men in the world, according to one statistician.

FORD INCREASES OUTPUT OF CARS

New Assembly Plants Will Add Production of 600,000 Yearly

New assembly plants of the Ford Motor Company, now in course of construction under the company's enormous expansion program, will increase domestic production capacity 600,000 cars and trucks annually.

Work on some of the plants began last year, but on three of them contracts have been let and construction started since the first of the present year.

The new St. Paul plant will have a capacity 150 per cent greater than the present plant. The increase in Chicago is 140 per cent. Other increases are: Memphis, 200 per cent; Kansas City, 100 per cent, and Oklahoma City, 33 per cent.

Plants started since January 1 are those at Charlotte, Jacksonville and Memphis. These three, it is expected, will be completed by early summer.

These three projects represent an expenditure of several million dollars and, while contributing much to the industrial development of the south, also are indicative of the prosperous conditions existing in that section of the country.

All of the plants, though varying in size, are of the same general design, in which are incorporated the latest achievements in factory engineering and production planning.

Keep Tools, Wire Out of Radiator Passage

Never remove mud and dirt which cake or harden in the air passages of the radiator core with a wire or tool of any kind. The thin walls of the cells are easily punctured and small leaks invariably result. Use a stream of water from the inside of the hood through the radiator core.

Damp on Spark Plug Influences Firing

Irregular firing is often caused by the moisture which gathers on the exposed part of the spark plug To remedy this trouble grease the porcelain with hard grease.

SATISFACTION IS GARAGE'S POLICY

Two Floyds Launch Business as Automobile Experts at 230 North Brand

The opening of Floyd's Garage, 230 North Brand boulevard, by Earl F. Floyd and Floyd D. Gardner, brings to the local field two automobile experts who specialize on fine work on four well-known makes of cars, the Cadillac, Peerless, Hudson and Essex, and the two partners place at the disposal of Glendale autoists an experience that has been gained through years of close attention and study of automobiles in some of the best shops in the Southland.

Both these young men have started to build up their business on one solid foundation, that of satisfaction to every client who entrusts them with his work, and they stand behind every job that they turn out with a guarantee of perfetcion on which they base their reputation.

Since their opening day their many acquaintances in Glendale have been turning to them for advice and assistance in the care of their cars, and the prospects for a steady improvement in their business are, they declare, of the brightest.

Auto Clubs Cut Costs By Handling Licenses

(Continued from Page 9)

had been relieved of a substantial sum in payrolls and other expenses by the arrangement.

Marsh declared this estimate was based on the actual cost of handling the business by the division and not upon expenditures by the clubs. "During the renewal period the clubs utilized the part time services of more than 150 employes in this work without charge to the state and no doubt spent from $40,000 to $50,000," he added. "They were thereby able to give faster service to their members and relieve us of a vast amount of detail at a time when our files were congested."

At the close of the renewal period a new service was initiated whereby dealers were permitted to secure plates for new cars from the branch offices of the clubs without the delay of forwarding applications to Sacramento. Scores of telegrams asking that the service be continued have been received from dealers and police officers.

TRAFFIC PROBLEM SOLUTION NEEDED

City Planning Commission Must Work Out Ideas to Aid Motorists

Some permanent solution of the traffic problems that confront the cities of the United States must be worked out by the city planning and traffic commissions in the immediate future if the rapidly increasing number of cars is to be handled in such a manner as to permit their owners to secure real service from their machines, according to Lyman P. Clark, of the Glendale Motor Car Company, 124 West Colorado street, Maxwell, Chalmers and Chrysler dealers.

"The delay in reaching a solution," Mr. Clark declares, "is actually causing many prospective buyers of automobiles to wonder whether the congestion is not so great that they ought to put their money into something else.

"The old 'saturation point' bogey that scared manufacturers and statisticians for so many years has fled, but in its place comes the question of the saturation point in traffic, and the suggestions that are being offered for its solution, so far, do not seem to have opened the way to anything like a permanent method of handling the traffic in the cities of the country.

Speeds Up America

"The automobile has speeded up America and has developed cities along lines and in directions that they otherwise would not have followed. This has been followed by a condition in which business men who can afford to reside at a distance from their offices pour into the business section of every city in the country every day by the thousands, complicating the already serious problems of traffic management still further.

"I am confident that some means will shortly be found to meet the difficulty, for all that is needed is enterprise and imagination to cause many of these so-called problems to vanish.

A recently invented auto cultivator in Australia is built on the principle of the rotary hoe, tractor hauled, and will turn over three acres an hour in fair ground.

COMPANY'S SALES JUSTIFY OUTPUT

Demand for Willys-Overland Products Shows Big Jump, Is Claim

Retail sales by Willys-Overland dealers for the month of January, 1924, which are actually checked by the company, are reported to be double those of January, 1923. Retail sales made during the shows, which are generally taken as a forecast of spring buying activity, show a big increase among the Willys-Overland dealers this year over last year, 544 Overland cars having been sold at retail during the Chicago Automobile Show week and 322 Willys-Overland cars having been sold at Toledo during the automobile show week there.

Retail sales in New York during the New York show were 50 per cent greater than last year. All of these facts, in the opinion of the officials of the Willys-Overland Company, at this time indicate that Willys-Overland plans for the production of 300,000 cars in 1924 do not underestimate the probabilities, says Geo. F. Smith, of Smith-Sloan, Inc., 228 South Brand boulevard, local dealers.

Seeking Improvement San Fernando Road

(Continued from page 9)

be made to the City Council on Tuesday, April 1, covering the situation in full and making recommendations.

Action Big Need

Los Angeles county officials have repeatedly assured the San Fernando Boulevard Improvement Association that they stand ready to assist in paving this highway and that, according to Mr. Wilson, while they have no jurisdiction over widening, will advance up to 20 per cent of the cost of a 24-foot pavement from the north to the south city limits of Glendale.

Information gathered from other municipalities along San Fernando road leads to the conclusion that something obviously must and will soon be undertaken to relieve the ever-increasing burden of traffic this great road is compelled to carry.

Nearly 6,000 factories are in operation in South Africa.

Distinctive Excellence at Remarkably Low Price

The Nash Six Special Sedan

To put it in a sentence—*here's a car that's high-priced in everything but the price.*

It has the looks, the quality, the performance, that elsewhere sell for several hundred dollars more.

Take the body! Designed with custom-built beauty. Entire exterior solidly faced with smooth metal. No portion of stalwart wooden frame is exposed.

And the doors! Four in number. Generously broad. Fitted with heavy rubber bumpers. That makes the fit tight and true. Eliminates squeaks and rattles.

The fittings! There's a fine jeweled clock, blue-toned mohair cloth upholstery, an automatic windshield wiper, heater, rear-vision mirror and a score of other costly features.

The chassis! It is standard Nash Six construction. This means that you buy a rugged massive frame. A brilliantly performing motor. A surplus care and skill and material in every mechanical detail.

Everywhere people are talking about this car. Demand is vigorously ahead of biggest production Nash has ever had on any enclosed model. *So order now.* Deliveries made in rotation.

Taxi Records Reveal 90,000,000 in Mileage

A remarkable demonstration of the importance of taxicabs in everyday life is the record of the Yellow Cab Company of Chicago for the year 1923. Figures recently made public show that this company hauled 23,000,000 passengers in the year just passed and traveled over 90,000,000 miles.

Fountains in Trafalgar Square in London are supplied from artesian wells.

Cover for Batteries Prevents Accidents

Many a time, with cars in which the battery is located under the seat, it is completely discharged by a tool which, accidentally thrown across the terminals, causes a short circuit. By cutting up an old inner tube and placing it over the battery, this trouble can be eliminated.

Scales of less than three tons capacity are inspected once a year and those weighing more than this amount, twice a year.

AUTO SHOW LURE TO LARGE CROWD

Glendale and Eagle Rock Dealers Deserve Praise on Their Display

(Continued from page 3)

roadster, special touring, special sedan and wagon stock. This light little car is constantly surrounded by admirers who marvel at the beauty and grace of its lines.

The Hudson line—Hudson super-six and the new Essex six—is sponsored by the Kelley Motor Company of South Brand boulevard. The new Essex six is made only in the coach and the five-passenger touring car, while the Hudson super-six has the coach, the sedan, four-passenger speedster and seven-passenger phaeton. A chassis, showing the sturdy construction and mounting of the Hudson motor, is part of the exhibit.

The Willys-Knight is displayed by H. W. Creighton, of 2141 Colorado boulevard, Eagle Rock, in the following types of bodies: Five-passenger touring, roadster, seven-passenger touring, five-passenger sedan, coupe-sedan standard and the seven-passenger sedan. The new improvements on the engine are shown by the cutaway type engine block mounted at the exhibit.

The same dealer is showing the Overland Red Bird special car this year and it finds many admirers among the spectators. In addition to the Red Bird touring car, the models for the year are: Regular touring, roadster, coupe, sedan and Overland Champion, the all-purpose car which is another feature of the body styles this year.

In one corner of the building a crowd will always be found, and in the center of that crowd will be one of the numerous Nash 1924 models exhibited at the show by the Nash Sales Company, Inc., 1234 South Brand boulevard. The improvements on the new models are explained by a corps of experts on hand to answer questions.

Body styles of the new Nash fours are: Five-passenger touring, sport model, roadster, carriole and five-passenger sedan. The bodies on the enclosed models are built especially by the Seaman company. The same dealer is displaying Lafayette cars at the show.

AUTO EXPERT IS BUICK BOOSTER

Men Who Put Cars to Every Severe Test Swear By Machine's Quality

"In the last analysis," says W. A. Tanner, of Tanner & Hall, Ltd., South Brand at Maple, Buick distributors, the best evidence of a car's ability must come from the men who use any particular make of car day in and day out, and in this respect Buick can show a world of testimony that it stands up under any and every condition and that it delivers the service demanded of it, yes, and more, through years of the hardest grind.

"Men who testify to the Buick's merits are not confined to one walk in life nor to the well paved sections of the country. We have letters from stock raisers whose driving is mostly done through the range countries that try the mettle of a car; from engineers who send their Buicks through and over any and every kind of roads; from ranchers who have to face mud roads and every other kind of grueling test, and the evidence is all the same—The Buick stands the gaff.

"Another class of men whose evidence cannot be denied or disproven is the mechanic who has to service the Buick. He knows what the car can do, he knows the in-built merit of every bolt and nut that goes into the Buick, and he also bears emphatic testimony that the Buick is everything that it is claimed to be—and more.

"This word of mouth testimony as to the Buick's goodness is the finest kind of advertising, and it results in more sales every month, placing the Buick in the front rank of cars both as to sales and real quality."

France was peopled with ancestors of the Hottentots of South Africa some thousands of years ago, according to discoveries in archeology recently.

CAR SHOULD HAVE FRESH BATTERIES

Owners Will Avoid Trouble on Summer Tours By New Equipment

With the approach of the spring and summer touring season, the need for the replacement of batteries becomes a vital one, according to Henry M. Kuhn, of the E. W. Cizek Auto Electric Company, 300 South Brand boulevard, agent for the Willard batteries.

"When a car has been run for eighteen months or two years, which is the average life of a battery," says Mr. Kuhn, "it is time to get a new one. Some batteries may last longer than that and a lot fail to last that long, but you can figure that 20,000 to 25,000 miles of service is all that one may expect from a battery. Now that the prices have reached their present low level, car owners should replace their batteries before they undertake any long summer jaunts, so as to avoid any possibility of trouble en route.

The willard battery, Mr. Kuhn claims, is used as standard equipment by the makers of 137 different makes of automobiles and trucks, and the Willard radio batteries are also in use in 106 radio broadcasting stations throughout the country, and in this number are included the largest and most powerful stations that have to have the best equipment to send their messages flashing out into space.

DRAG MOTORISTS INTO ALL COURTS

Speeding, Reckless Driving Lead Lists For First Three Months

California motorists, to the tune of nearly 10,000, paid the penalty in the state courts for reckless driving and speeding during the first three months of 1924 according to estimates compiled by the division of motor vehicles. These estimates were based on reports received from courts throughout the state with the exception of San Francisco.

During the same period the licenses of thirty-nine persons were revoked while the licenses of sixty others were suspended on various charges. Revocations for the period include eleven persons convicted of driving while intoxicated. Suspensions, for the most part, were for speeding.

Out of an estimated total of 9,905 convictions (San Francisco excepted) 5,883 were for speeding and 4,021 were for reckless driving. In the Los Angeles courts, however, there were 1869 convictions for reckless driving as against 534 for speeding thus indicating that violations of the speed law occur most frequently in the less congested districts.

Reports from rural districts for the month of March show a decided increase in arrests due to the activities of the state highway traffic patrol.

Meat of the dugong, or seacow, tastes similar to pork, and is enjoyed by the natives and whites of western Australia.

NEAT BOXES AID EQUIPMENT SALES

Stromberg Carburetor Put Up in Packages For Auto Owners

According to Herman Psenner, of Psenner Brothers, 601 South Brand boulevard, official distributors for the Stromberg Motor Devices Company, the new Stromberg package equipments have been well received by automobile owners all over the United States.

These equipments consist of a special made carburetor with all necessary fittings for every popular make of car. The equipments are packed in a neat box. This enables the dealer to sell them over the counter the same as any other staple commodity. The services of an expert mechanic are not needed as the installation is not difficult. Complete instructions are included in each box.

The special OF model carburetor used for the Ford installation holds the world's economy record. An A. A. A. test with a regular Ford touring car on the Dixie highway, near Chicago, showed that only one gallon of ordinary 57 test gasoline was consumed in covering 51 6-10 miles.

Besides making a special carburetor for every car for replacement sales, over 135 passenger car and truck manufacturers use Stromberg carburetors as standard equipment.

SOLID TRAINLOAD OF STUDEBAKERS

Sixty-Four Freight Cars Are Needed to Haul Light and Special Sixes

A solid trainload of cars was forwarded from the big Studebaker factories with Hartford, Conn., as their destination, says a wire to the Packer Auto Company, local dealers, 245 South Brand boulevard.

This is one of the biggest single shipments of automobiles made this year.

Leaving South Bend, this train consisted of fifty-two freight cars of light six and special six models. It was routed by way of Detroit to pick up twelve more carloads of big sixes. Altogether, the train contained 207 Studebakers, valued at approximately $300,000.

This large shipment to the east indicates the insistent, heavy demand for Studebaker cars.

The Studebaker factories at both South Bend and Detroit are running at capacity.

Oil on Garage Floor Causes Tire Damage

Oil that collects in little puddles in the depressions in the cement floor of the garage should be removed, because the tires are almost sure to get into it and if you let the section of the shoe become soaked with oil the affected rubber will soften and undue wear will result.

About 29,500,000 tons of manufactured ice was consumed last year.

SHOW APPLIANCES TO LIFT BURDEN FROM HOUSEWIFE

Asbestos Holder or Table Mat Free to Visitors During Week

An asbestos holder or table mat will be given free to every visitor during Gas Appliance week, now in progress, states D. L. Larkin, proprietor of the Good Housekeeping Shop at 140 South Brand boulevard.

In observance of this week, which ends Saturday, April 12, the windows of the shop have been specially trimmed and display many popular modern devices for lifting the burden from housekeeping and making it the pleasure it should rightfully be.

Free lectures and demonstrations are being conducted daily, Mr. Larkin states. The Good Housekeeping shop is the exclusive Glendale agency for the celebrated A-B line of ranges, and valuable information regarding their use is being offered.

"The convenience of the A-B ranges, one of their outstanding features, is best appreciated by seeing them," says Mr. Larkin. "This applies not only to the wide variety of styles suitable for every need but also to the many exclusive features possessed by every A-B range.

"You will scarcely realize the value of the canopy, for instance, until you have used an A-B cabinet range. Odors, vapors and heat are provided for in the proper way and the kitchen is made cool and pleasant. There is convenience, too, in the high shelf which provides a handy place for needed utensils and receptacles while cooking.

"Roomy working tops and capacious ovens are other important features the housewife will give instant approval. At the same time the compact designs save space in the kitchen.

"The patented A-B glass oven door keeps the baking visible at all stages and does away with the necessity of opening the door, thus avoiding waste of heat or causing baking to fall. The patented construction prevents door from cracking with heat.

"All 'Aristocrat' designs are equipped with electric oven and canopy light, the illumination being given the oven through a bullseye opening directly opposite the light.

"It requires little effort to keep an A-B gas range as beautiful as the day you first put it in your kitchen. The smooth, enameled and nickeled surfaces are quickly restored to glistening spotlessness with a damp cloth.

"Grids and burners are instantly detachable and may be removed for cleaning by simply lifting them out. They are replaced as easily.

"Beneath the working top, or burners, is a porcelain enamel dirt tray. This is removed by simply pulling forward, washed as you would a china plate, and replaced white, clean and sanitary.

"In the broiling oven is a porcelain enamel broiling pan which catches the greases from the broiling meats. This, like all A-B porcelain enamel, is the same high quality as your best porcelain ware. You may use the pan for the making of gravies. It will not peel, crack or become grimy.

"Durability is a highly important consideration. The quality, as well as the beauty of A-B gas ranges has been given highest possible honors.

"In building A-B gas ranges the framework is first constructed. The design, as well as the material, gives it unusual strength and rigidity. Over this framework is built the body—of purest sheet steel obtainable. Every part is carefully made in our own large factory under careful supervision.

"The oven is a very important part of your gas range. The effects of usage are soon apparent in ordinary gas range ovens. The vapors released from the baking or the intense baking heat soon cause them to rust out or burn out—thereby making them useless.

"A-B ovens are lined with an aluminum composition which makes them rustproof. This metal, aluminum-alloy, has a bright silver sheen that reflects the heat as well as radiates it evenly to all parts of the oven. Rust nor baking heat cannot destroy A-B ovens."

Takes Cab Ride, Tells Police Diamonds Gone

LOS ANGELES, April 10.—In a taxicab ride from a Hollywood cafe to a downtown hotel Mrs. Katherine Scovell, wealthy widow of Kansas City, Mo., lost $20,000 in diamond rings, she reported to the police and sheriff's office.

Mrs. Scovell reported that she and a girl friend and two men were in the taxicab and fell asleep during a ride about the city. While she was asleep, Mrs. Scovell said, four three-karat rings disappeared from her fingers. Following Mrs. Scovell report, officers started a search for the two men, who are reported to have checked out from the hotel where they were stopping.

Santa Ana Resident Under Arrest in L. A.

LOS ANGELES, April 10.—F. S. Williams, alias S. H. Edwards, a salesman, is in the city jail held on charges of having obtained money under false pretenses at Santa Ana.

Scented Notes Futile to Dodge Jury Duties

LIMA, Ohio, April 10.—Polite regrets, written on scented and colored notepaper, will not save any woman in this county from jury service. This is the edict announced by Common Pleas Judge F. C. Becker, after receiving a note from a woman who asked that she be excused from jury service. The note was written on perfumed pink stationery.

"Jury service is not an invitational affair. It is a duty," declared Judge Becker. The feminine writer expressed regret that it would "be impossible" for her to come to Lima and serve on a jury, stating that she had to "look after her work."

"I know there will be plenty of others you can get," she wrote, signing the missive, "Yours for Success."

Plan Drive in Valley on Liquor Violators

FRESNO, April 10.—At the expense of the southern district, federal prohibition agents are to be concentrated in the San Joaquin valley in a gigantic drive on Volstead act violators, it was learned today when Thomas J. Nicely, federal agent hitherto in charge of this district, was superceded by J. C. Keen of Washington and T. A. Warren of San Francisco. Nicely, however, will remain as prohibition agent in this district.

Preacher Pays City, Appeases Conscience

FORT LAUDERDALE, Fla., April 10.—Another genuine, honest man was chalked up on the list of the local "conscience" fund the other day when the city council of this city received a check for $1, accompanied by a letter explaining what it was for, from Rev. M. R. Davis, now in McClusky, N. D.

In the letter of explanation, Rev. Davis said that he broke an electric light on a street lamp here back in 1916 "while I was returning from a basketball game." He said that during a recent address he delivered before a young people's meeting on the subject of "Honesty" the Lord told him to make it good, and that he therefore was following the dictates of his conscience.

Davis is a graduate of the local high school.

Postpone Journey to San Joaquin Valley

LOS ANGELES, April 10.—The proposed trip of the Los Angeles Chamber of Commerce through the San Joaquin Valley, has been indefinitely postponed, due to the acuteness of the hoof and mouth disease in this area. Fresno has already informed the Chamber they have cancelled all arrangements made for their arrival.

Waters of the Gulf of Panama are among the calmest of any in the world.

OFFER PRIZES TO YOUNG ATHLETES

Twining & Myers to Stage Two Marathon Races for Boys and Girls

Two marathon races, one for boys under 12 years and the other for girls of the same age, are down on the card for Sunday afternoon, April 13, at Burton Heights, and when the races are finished the lucky winners will be sporting wrist watches that have been offered as prizes by the promoters of the event, Twining & Myers, realtors, 108 West Broadway.

The only condition attaching to the competition is that the parents of the entrants register the children at the tract office before 2 p. m. Sunday, and as soon as this formality has been attended to and the runners can be lined up for the start, the races will be staged, and the winners will get their wrist watches, real watches that any boy or girl can be proud of.

Fun in Prospect

The events are expected to provide lots of fun for everyone attending the opening of the selling campaign at Burton Heights, the cream of La Crescenta valley, that Twining & Myers are now putting on the market, as the demand for the best of foothill property keeps on growing as it has been doing for the past month.

The lots at Burton Heights are larger than is usual in many subdivisions, with bearing grape vines on all of them, and with all improvements going in as rapidly as the workmen can instal them. Chief of the provisions that has been made for the benefit and protection of the owners of homesites in Burton Heights is a cement storm drain that will carry off any excess rainfall during the rainy season.

Attracts Buyers

A feature of the contract under which these lots are sold, W. L. Twining points out, is that the price includes water and water shares, and the location of the proeprty is amid scenes of natural beauty that are unrivalled anywhere in the southland, a factor that is rapidly bringing many homeseekers to investigate this tract, as well as farsighted investors who realize the present trend toward higher prices in foothill property in the Glendale region.

In order to reach Burton Heights one follows Verdugo road to Motnrose, turning left at the bank on the corner of Honolulu avenue, and from that point the pavement leads directly to the tract where the races are to be held.

Charges Departments Are Not in Sympathy

WASHINGTON, April 10.—The Interstate Commerce Commission, in its desire to protect the interests of the railroads, is not in sympathy with efforts of the Shipping Board to make the American merchant marine a success, Frank I. Thompson, member of the board, charged before a House investigating committee.

All new home construction in Soviet Russia is being done exclusively by owners, investors not being interested.

Bible Class Will Be Open to All Women

A Friday morning Bible class will be conducted every Friday morning at the Glendale Presbyterian church with Mrs. A. L. Bennett in charge, it is announced. The study will begin at 10 o'clock and continue for one hour.

All women of Glendale are extended a cordial invitation to attend.

Bacteria are colorless.

Five Alienists Hold Harry Thaw Is Sane

PHILADELPHIA, April 10.—The five alienists authorized by court, who examined Harry K. Thaw, Pittsburgh millionaire and slayer of Stanford White, have found him sane, former Judge John M. Patterson, Thaw's attorney, admitted late Wednesday. They will so report when the trial of Thaw's sanity plea is held next Monday, April 14.

Topliff Offers Special Prices on New York Batteries

One of the busiest places for its size in Glendale is R. F. Topliff's Garage, 110 North Louise street.

In addition to a regular repair business "Bob," as he is commonly known by Glendale auto owners, has worked up a huge battery business on account of low prices and prompt service.

"Personal attention to each patron and excellent workmanship, is the secret of this busy plate," said Mr. Topliff.

Monarch Auto Supply Company Well Stocked

The keynote of service in automotive supplies is in "keeping the stock."

The Monarch Auto and Supply Co., a strictly local concern, which has enjoyed an ever increasing business in Glendale for ten years, has always made a practice of keeping a full line of parts handled in stock in order to give the motorist immediate service.

In addition to genuine Ford parts, the Monarch sells Bearings, Axles, Gears, Springs, Valves, Rings, Pins, Bushings, Tools, Camping Supplies, etc.

Uncle Wiggily Bedtime Stories

By HOWARD R. GARIS

UNCLE WIGGILIY AND THE MUD

Not far from Uncle Wiggily's hollow stump bungalow was a big mud hole, or puddle. The hole was not always there—it appeared only after a rain. And, because it was now spring in Woodland, and because there was much rain, there was hardly a day when there was not a mud hole near the rabbit gentleman's home.

"And, do you know, Uncle Wiggily," said NurseJane Fuzzy Wuzzy one day, "many of the animal children have lost their rubbers in your mud puddle on their way to school."

"No! Is that so?" asked the bunny, quickly twinkling his pink nose.

"Yes, indeed!" answered Nurse Jane. "Look! I think Susie Littletail is looking for one of her rubbers now!"

Surely enough the little rabbit girl was standing on the edge of the mud hole, poking about in it with a stick.

"What's the matter, Susie?" asked Uncle Wiggily, hopping out of his hollow stump bungalow.

"Oh, I lost one of my rubbers in your mud puddle, Uncle Wiggily," replied Susie. "I wish you would put a bridge over this hole—or do something! I stepped in the mud and one of my rubbers was pulled off, and now I can't find it and I'll be late for school! Oh, dear."

"Never mind, my dear, I'll help you look for your rubber," offered the bunny rabbit gentleman.

With a stick he poked about in the soft, black mud and pretty soon he felt something on the end of the stick, and cried:

"I have your rubber, Susie!"

But when he pulled it up he found he only had an empty tin can on the end of his stick.

"Oh, dear!" cried Susie. "Soon the last bell will ring!"

Then the rabbit gentleman began poking about very fast in the mud, and Susie also poked with her stick. And, after a while, Uncle Wiggily found the lost rubber. It was covered with mud.

"Here, give it to me and I'll wash the mud off so Susie can wear it to school," offered Nurse Jane. And, by making haste, the little bunny girl wasn't late.

"You must do something about that puddle in front of the bungalow," said the muskrat lady housekeeper, when Jackie Bow Wow, a little later, had almost lost one of his overshoes in the muck.

I will," said Uncle Wiggily. "I'll put a little board bridge over the hole. The children can walk on that."

Taking a long board from the fence, Uncle Wiggily laid it across the mud puddle from end to end, raising it on stones so it would be above the hole.

"Now the animal boys and girls can safely cross and not lose their rubbers," said the bunny. "I'll sit here on the porch and watch for them to come home from school. I want to see how they cross on my little bridge."

Soon the Lady Mouse Teacher in the Hollow Stump school let the boys and girls out and they ran for home. Many of them had to pass Uncle Wiggily's bungalow and when Kittie Kat first reached the plank bridge over the puddle, she was afraid to cross.

"Come along! Don't be afraid! I'll help you over!" cried the bunny gentleman, and he held out his paw to Kittie, who, taking hold of it, was no longer afraid. Safely she crossed on the plank bridge, and she did not get in the mud or lose her rubbers. In this way Uncle Wiggily helped Jennie Chipmunk, Dottie Flufftail and other animal girls across the plank.

But when the animal boys came they wanted to wade right through the mud, and Floppy Twistytail, the little big, lost both his rubbers, and it was some time before he could poke them out with a stick.

While this was going on the Bob Cat slipped out of his den in the forest and made his way toward Uncle Wiggily's bungalow. The Bob Cat was very hungry.

"I'll make that rabbit give me something to eat!" he snarled.

Coming near to the bungalow, the Bob Cat saw Uncle Wiggily leading Susie Littetail over the plank bridge. Susie was the last pupil to come from the Hollow Stump school. She had stayed in to help the Lade mouse Teacher clean off the blackboards.

"Oh, ho! This is my chance!" whispered the Bob Cat. "Uncle Wiggily is so busy helping Susie that he won't see me! I'll just skip across that plank, over the mud puddle and catch him!"

Susie and Uncle Wiggily were at the far end of the plank and stepping off when the Bob Cat started across. The little rabbit girl looked up and saw him coming.

"Oh, Uncle Wiggily!" cried Susie. "Look! The Bob Cat!"

Kittie Kat was afraid to cross

"I'll fix him!" bravely shouted the bunny gentleman. Taking hold of the plank Uncle Wiggily tipped it to one side.

"Hi, there! What are you doing?" howled the Bob Cat, who was now in the middle of the board.

"I'm tipping you into the mud puddle! That's what I'm doing!" laughed Uncle Wiggily. And with that into the mud plopped the Bob Cat!

"Oh, gurr! Wuff! Glump; bubbled the Cat as his head went under the mud. And he had to crawl out all by himself, for neither Nurse Jane nor the bunny would help him. And, covered with mud, the Bob Cat slunk home to his den. He didn't catch any rabbit that day.

But, if the dining room table doesn't turn over and wave its legs in the air when the gold fish is trying to put its shoes on, I'll tell you next about Uncle Wiggily's tin umbrella.

Copyright 1924, by McClure Newspaper Syndicate.

10 Years Ago

From Evening News Files

Mrs. Stockbridge of Lomita avenue, loved and known professionally as Fannie Yantis, will direct and stage the High school senior class play to be given by the graduating class of 1914. It will be Shakespeare's "As You Like It."

Yesterday when three little fellows about ten years of age were fishing for polliwogs in McOmber's reservoir in East Glendale, one of them fell into the reservoir and narrowly escaped drowning. His companions secured a pole and rescued him.

Mrs. Allen Fairchild of 1321 Arden avenue enjoyed the novelty of an aerial flight with Walter Bookins, friend of Mr. and Mrs. Fairchild, Saturday afternoon. The sensational trip was most delightful to the fair lady, having gone up about five hundred feet.

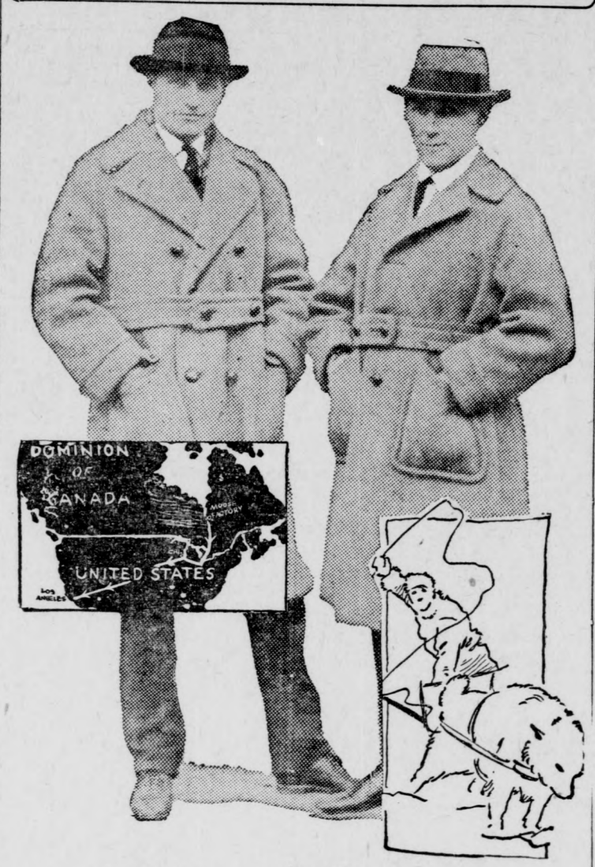
Long 'Mush' Just For Fun

C. W. LIDKEY (left) and GEORGE MARSHALL, who plan to "mush" from Hudson Bay to Los Angeles "just for fun." It's a journey of about 4,000 miles and, of course, they expect to have plenty of adventure. The sled they will use can be converted to wheels.



DETROIT, April 9.—"Just for the adventure and because the stunt has never been tried before," C. W. Lidkey and George Marshall are undertaking a trip from Moose Factory, on the shore of Hudson's Bay, to Los Angeles, Calif., by dog sledge.

It is 4000 miles from Moose Factory to Los Angeles. To traverse them the youthful pair is depending on a team of eight "husky" dogs from the northland.

Indians of North Bay, who are personal friends of Lidkey, selected the dogs which compose the team and the two young adventurers constructed their own sled. It is similar to an ordinary toboggan, but with some added features which will make it more adaptable for such a long and varied trip as that contemplated. It can be converted into an outfit to travel on wheels when the snowless lands are reached. The wheels are light in weight and equipped with rubber tires.

The eight "huskies" in the outfit are led by one of the valuable female leaders which are an indispensable feature of all first-class dog teams. These leaders are the most valuable of all the dogs, and the most intelligent and tractable. The leader of this particular team is valued at about $100, while the other dogs are worth some $50 each.

The route of the adventurers goes through Ontario to Windsor, cross the Detroit river to Detroit, thence to Toledo, Chicago, Kansas City, Denver and Los Angeles. Nearly six months will be required to finish the trip.

In the warmer climate travel will be slower, owing to the fact that great care will have to be exercised to keep the dogs in condition. For driving on the bare ground the dogs are equipped with special leather shoes to protect their feet.

The young men hope to complete the trip without being compelled to clip the dogs, or at least no more than on the under parts of the bodies.

Both these men are true northerners. Marshall is a native of Michigan but has spent several years as an explorer and prospector in the Peace River country of Canada. Lidkey was born and raised in the region of North Bay, Ontario, and is a woodsman and guide by profession. Both men are familiar with the handling of dog teams and expect no particular hardships.

At Local Theatres

THE GLENDALE

William Russell in "Times Have Changed" is the Fox picture showing at the Glendale Theatre for today only. If you have an aunt cut after the pattern of Aunt Cordelia who wishes to live with you and your wife, take her to see "Times Have Changed." The hint will be sufficient.

It is an ostensibly serious drama, tempered and refined by much irresistible humor. Satire plays an important part in the development of its multifarious situations.

The O'Rell couple after living under the hateful domination of their aunt suddenly rebel and usurp her authority. Youth, love and happiness then prevail, and they are free to live their own married life as freely and contentedly as Adam and Eve.

"Times Have Changed" is one of the most uproariously funny comedy-dramas in which Wililam Russell has ever appeared.

About 50,000,000 brooms are sold in the United States each year.

THE GATEWAY

"The Fighting Coward," Paramount-Tarkington-Cruze masterpiece now showing at the Gateway Theatre, has been voted one of the greatest romantic comedies ever filmed. Taken from the great stage success, "Magnolia," by Booth Tarkington, it was directed by James Cruze of "Covered Wagon" fame.

The cast contains Ernest Torrence, Mary Astor, Noah Beery, Cullen Landis, Phyllis Haver and many other capable players.

Just as "The Covered Wagon" is a story of the winning of the West, "The Fighting Coward" is a comedy-romance of the old "befo' the wah" days in the South, the days of slaves, warm Southern beauties, Mississippi steamboats, moonlight, passion, duelling, gambling and hard licker.

By making this picture on the actual locale of the story, along the Mississippi in the neighborhood of Natchez, Cruze has recaptured all the colorful, romantic atmosphere of the old days.

General News and Gossip from Staff Writers at Home and Abroad

By MARY L. CAPPICK
For International News Service.

KEY WEST, Fla., April 10.—Traveling 5,300 miles over the rough and stormy waters of the Pacific, Captain George Waard, a modern Viking of the sea, breezed into this port the other day in his little thirty-foot Chinese "junk." Captain Waard made the trip from Shanghai, China, to Victoria, British Columbia, in 87 days. Then he came down the coast and through the Panama Canal, his little boat being the first of its kind ever to make the trip through that channel.

Captain Waard's staunch little vessel bears the name of Amoy, after the Chinese town in which it was built. It is thirty feet long and has a draught of four feet. It flies three flags—the flag of Holland, because its master is a Hollander by birth, although a Canadian by adoption; while at the foremast flies the British flag, because of the ship's ancestry; and the American flag floats from the other mast.

This unique craft was built entirely by hand and is the work of the captain. No nails were used in the construction. The wood used is Chinese fir and hardwood, with camphor wood for knees and bows. Bolts of these woods join the parts of the vessel.

The interior of the vessel is decorated with hand-painted scenes of Chinese life about 2,000 years ago. The work, Captain Waard explained, was done by famous Chinese artists, who used their finger tips. The picturesque backgrounds for the paintings were put on with the palm of the hand. Handworked draperies about the small windows and low doors give the cabin a home-like appearance.

The vessel has a crew of five—Captain Waard, Robert, his son, who acts as quartermaster; Mrs. Waard, his wife, who is mate of the vessel, and two deck hands—Alfred Nelson and Benjamin Whiting. Robert is a boy of ten, robust, jolly, full of life, and a good swimmer. Mrs. Waard, dressed in her native Chinese costume, is a large, sea-faring type, jubilant, and speaks English fluently.

All five can speak English, and all were ready and anxious to relate their harrowing experiences over 5,000 miles of rough and merciless sea.

First there were the difficulties in getting away from their native land. Captain Waard was arrested for some "trifle" and thrown into a Chinese temple. He cut his way out with a sword, only to find that his vessel had been stolen. They managed to get the craft back in time, however, to make their escape.

A few mlies out a huge snake molested the happiness of the little crew. Captain Waard finally killed the monster, "and," he said, "for dinner the following day we had stewed snake.

"Indeed stewed snake is good," continued Captain Waard.

The skin of the huge reptile was dangling from the cabin ceiling.

They related tales of the many storms, typhoons and gales encountered during the 87 days of travel over perilous seas. "Being so small, the craft drifts very much," the captain said, "and at times we gave up all hope of ever surviving the tremendous breakers. At those times we turned to Joss, and to Joss we give thanks for the lengthy and safe voyage.

Joss Revered

Joss occupied a prominent position on the deck of the little vessel.

After leaving Shanghai the first stop was made in Japan. Captain Waard intended to follow the usual course across the Pacific, but storms drove the small boat almost into Behring sea. From Alaska stops were made at Victoria, Britsih Columbia; Seattle, San Francisco, Los Angeles, and then the Amoy headed for Balboa, Canal zone.

Coming through the canal, the Amoy sailed direct for Key West and will continue up the Atlantic coast. Stops will be made, the captain said, at Miami, Jacksonville, Norfolk, Newport News, Atlantic City, Philadelphia, New York and Boston.

From the New England states the Amoy will go through the St. Lawrence, into the Great Lakes and come down the Mississippi river, making the return trip through Panama Canal.

Timely Views

REAR ADMIRAL JOSEPH STRAUSS

It's a far cry from laying mines in the North sea to holding the receivership of the Teapot dome naval oil reserve, but officers of the navy are always prepared for anything, so there is nothing incongruous in the fact that Rear Admiral Joseph Strauss, the man who spread the allied barrier of death in the North sea during the war is now in the oil business. With A. E. Watts, vice-president of the Sinclair Consolidated Oil corporation, Admiral Strauss is administering the affairs of Teapot dome pending the outcome of the government action to cancel the lease on it given Sinclair by Albert Bacon Fall.

Admiral Strauss is a New Yorker. He was born in the Empire state in 1861. He was admitted to the United States naval academy when he was 20 years old, and in 1887 was commissioned an ensign. He became a captain in 1912 and a rear admiral in 1918.

To him is given credit for the invention of the superposed turret system of mounting guns on battleships.

In 1918 he was given the task of laying a mine barrage in the North sea from Norway to Scotland, planting more than 56,000 mines. When the war was over, he had the task of taking them up. Then he was made a member of the general board of the navy, and early in 1921 was made commander in chief of the Asiatic fleet. Lately he has been on duty in Washington.

Advises Ordinary Buttermilk for Wrinkles and Enlarged Pores

This Good Looking Young Woman Uses Old Time Recipe of Buttermilk Cream in a New Way—A Gentle Massage with Fingers Before Retiring All That Is Necessary.

The old-time application of Buttermilk and Cream to whiten and preserve the skin and remove harsh little wrinkles and ugly sallowness is in grandmother's recipe and women throughout the country are again using it to ensure a beautiful complexion and snow-white hands and arms.

Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk and combining it with a perfect cream, which you can buy in small quantities ready to use at any first-class drug store by simply asking for "Howard's Buttermilk Cream."

There is no secret about it nor is there any doubt about the result—it's just a common ordinary buttermilk in the form of a wonderful cream. That's all. Howard's Buttermilk Cream gently massaged with the finger tips around the corners of the eyes and mouth.

To get the best effect, be sure to follow the simple directions. Druggists guarantee a noticeable improvement after the first application or they will refund the money.

Dinner Stories

MAKES SPLIT

"Have any of you children had a birthday during the past week?" Mrs. Morrow, the Sunday school teacher, asked.

Three of her pupils raised their hands.

"Well, Charles and Betty and Jimmie, you may come forward and put your birthday pennies in the birthday box."

The three marched proudly to the front and dropped in their pennies. As each child dropped the pennies, Mrs. Morrow counted so all the class could hear. Five for Charles, six for Betty, and—

"Why, Jimmie, you're more than three years old!" Mrs. Morrow exclaimed. Jimmie had dropped in three pennies and started back to his seat.

"Yes'm," Jimmie agreed readily. "I'm six."

"But you only dropped in three pennies," protested the teacher.

"Yes, but I'm twins," Jimmie explained. "Teddy couldn't come to Sunday school this morning, but it was half his birthday and he'll have to put in the other 3 cents."

More than 88 per cent of the United States government forecasts issued every day are accurate predictions of the conditions of the weather 36 hours later.

Heart and Home — Health and Happiness

Diet and Health

By LULU HUNT PETERS, M.D.
Author of Diet and Health, with Key to the Caolries

ANSWERS TO CORRESPONDENTS

Mrs. P.—You say your little boy of 6 has a slight paralysis in the right hand and arm, due to a difficult instrumental delivery. If possible, take him to an orthopedic specialist. There is much that can be done for these cases, but of course, for best results, the treatments should be begun immediately after birth. Daily massage and exercises are a great help. Sometimes braces or casts are necessary and sometimes operations.

You should encourage the little boy to use the arm as much as possible by games, use of dumbbells, and reaching for toys, etc. Encourage him to believe that his arm and hand are getting better every day. You say they are considerably better than they were, but it will be best, as I suggested, to see an orthopedic doctor.

Pure woolen underwear in the winter, while warmer, is not so comfortable nor so practical as part wool and cotton, or part wool and silk. Some physicians advise thin cotton underwear with the woolen over it. In winter, if the house is well warmed, use fairly light underclothes, with heavy outer clothes when the child goes out. If the house is drafty and underheated, warmer underclothes should be used.

....Mrs. E.—You ask what will strengthen the bones of a 10-year-old girl who is a piano pupil of yours. You state that the knuckles and joints of her hands are so weak and soft that she cannot play a note without her joints bending inward, instead of the reverse. You have made some inquiries, and have found that she does not eat the foods that are good for her.

You are on the right track when you suspect that her diet must be wrong, although it is possible that she has a condition of so-called double joints which are inherited. However, she probably does not have enough milk with its valuable calcium and protein, nor enough whole-grain cereals and vegetables, etc.

You can probably interest her in eating more than her mother can if she is desirous of becoming a pianist. See if you cannot see that she has the following as a foundation for her diet every day:

Part 1—Protective Foods—

1½ pts. milk (at least).

1 full cupful of vegetables (especially the green leaf vegetables). Part of them raw.

1 cupful of fruit, part fresh, if possible.

Part 2—Energy Foods—Cereals, including whole-grain breads. Fats in the form of butter, cream, egg yolks and nuts.

"Dear Doctor Peters:

"I followed your directions for reducing and to date have lost about 40 pounds and expect to continue until 25 pounds more have vanished. Many friends asked me if it wasn't a terrible strain on one to reduce, but I told them I made a game of it and am finding myself the winner all the time. It kept me in good spirits and I had the most fun out of the game that I had had in my whole life. The benefits? Untold!

"My family physician, with whom I have doctored a great deal (and thus he knew my general condition), was asked to make an address before a Home Hygiene Study class. He was greatly interested in the results I obtained under your reducing plan, and he was so enthused over the benefits I received that he made special menton of it in this address and advised other overweighters to try it. Thanking you for your help, I am—Mrs. B."

This is interesting reading, isn't it, dear followers. Your letter will help to bring others into the fold, Mrs. B. Thank you for writing, and congratulations on your good results.

(Those of you who missed our instructions on reducing, may have them by requesting the pamphlet through this newspaper. Don't forget to enclose a self-addressed and stamped envelope and four cents in stamps).

Mrs. G.—We have articles on High Blood Pressure, Constipation, and Balanced Diets, which will inform you on these conditions.

Tomorrow—Answers to Mothers

My Dear Followers—When sending for material which we offer you, please remember to enclose a stamped envelope bearing your full name and address. The pamphlet on reducing and gaining is the only one for which you must enclose four cents in stamps extra. Address your letters to me in care of this paper. Make them as brief as possible, not over 200 words, and type or write them legibly with ink. Please sign your name as evidence of good faith—we will not use it in any way. Remember it is impossible for me to diagnose for you or ciate very much the beautiful letters you send me and regret it is impossible to give you individual advice. The questions you ask will be answered in the column as soon as possible, if they are of general interest. Don't forget the s. a. s. e. if you expect me to send you the

Copyright 1924, George Matthew Adams.

Story's About Her Back

This is MADEMOISELLE DIANA, and the story is, you have just it, about her back. She won the first prize in a French contest in which several thousand "backs" were entered. She refused to tell her real name and the reporters failed to find it out!

French women have backs too, it seems. Several thousand entered a contest held at the Casino de Paris to determine the woman with the prettiest back in France. First prize was won by one who was content to be known as "plain Mademoiselle Diana," although she has another name no more to be ashamed of than her back.

Heart and Home

By MRS. ELIZABETH THOMPSON

A BORROWING FRIEND

Dear Mrs. Thompson: I have a very dear girl friend, a relative by marriage, who has one very annoying fault, about which I would like your advice.

She borrows and forgets to pay back. She has borrowed from me at intervals for the past two years and I do not remember of her ever returning anything. She has even borrowed small amounts of money or asked me to do bits of shopping for her, for which she has never paid.

It is not because she hasn't the means, as she is considerably better off financially than I am.

I do not wish to seem small by asking for the return of these articles and I think too much of her friendship to lose it in that way.

It makes my husband, who is her uncle, very angry and he scolds me for loaning to her, but how can I refuse when she knows I have the article she wants?

Any suggestion you may offer will certainly be appreciated by one who has been IMPOSED ON.

Tell your niece that you value the article you are loaning and you want it back. Say at the time she borrows that if she forgets to return it, as you think she may, you are going to ask for it after a week. When she asks to borrow money, tell her that you can't spare it. And if you have shopped for her and she does not pay, say, "By the way, you owe me for the things I bought for you the other day."

* * *

LOVER CARRIES KNIFE

Dear Mrs. Thompson: A young man in this city has been going with me for a year. A few nights ago I gave back his promise of marriage, which made him rather angry at me.

One reason I wished to stop his coming to see me was because of my college work. That takes a good deal of my time and I am in rather bad health. The explanation failed to satisfy him and he said he could get another girl, but he loved me. Of course being all Irish I flared up and said I could have my old sweetheart back. He then told some one that he and this old sweetheart of mine were going to have a fight. It was a lie because my old sweetheart didn't know a thing about it until I told him.

My former fiance carries a knife and acknowledged the fact that he would not fight fairly. Should I try to win back the old sweetheart anyway? He is angry because I left him for my former fiance.

Should I do all in my power to keep them from fighting? REA.

Never speak of the fight. Your former fiance is merely threatening to disturb you and would scarcely dare to use a knife in a fight. The more you talk about the matter and interfere, the more apt the fight is to take place. Since you dropped your old sweetheart, it is only natural he should not care to return now that you are free again. Do nothing to win him back. It may be that he still cares for you and will return of his own accord.

* * *

A READER: The two tied for first prize might cut cards for it, the one turning the highest card winning the prize. The same method also would be used in determining the winner of the second prize. Or the two highest scores could cut for the first prize, the one turning the highest card receiving the first prize and the other receiving the second. In that way the two who tied for the second prize would be dropped entirely.

Raised for its delicious flavor, the chayote, a native vegetable of Mexico, is now being cultivated in southern parts of the United States.

or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question. Be sure to use your full name, street number, and the name of your city and state.—The Editor

TOMORROW'S MENU

Breakfast
Apple Sauce
Cereal
Coffee Fried Eggs Bacon
Toast

Luncheon
Baked Macaroni and Cheese
Wholewheat Bread
Tea Radishes Jelly

Dinner
Baked Stuffed Fish
Baked Potatoes
Spinach
Beet Salad
Coffee Lemon Pudding

Now is the time to begin making your summer bathing suit. Here are directions for:

Ladies Knitted Bathing Suit, Size 38: Materials:—12 balls dark blue Scotch knitting yarn, two balls gray Scotch knitting yarn, one pair ivory knitting needles number four, and one pair of steel knitting needles number ten. Begin skirt of slipover, at back, by casting on 144 stitches with blue yarn, using the number four needles. Knit 13 ridges, change to gray, K three ridges, with blue three ridges, with gray five ridges, then three blue ridges, three gray ridges, change to blue and knit 40 ridges (about ten inches); this is to the waistline. Next row, K two sts. together to end of row, having 72 stitches on needle. Now, using the steel needles, K two, P two to end of row. Next row P two, K two to the end. Repeat these two rows alternately for three and one-half inches, then change to bone needles and K 53 ridgse (or 13 inches). On separate needle K 21 sts. Bind off 30 sts. for back of neck; on other 21 sts. K down front, increase one st. at neck every third row for 19 times; when there are 29 ridges from shoulder, increase one st. at arm-hole every other row for five times altogether, 35 ridges from shoulder, having 45 sts. on needle; put these on a separate needle or on a stitch-holder and go back and knit the other front the same way. Then slip the 45 sts. together, having 90 sts. on needle, K 27 ridges to front waistline, change to the steel needles the same as you did in the back, and follow the pattern (the K two, purl two, as before); continue on down the front so that it corresponds with the work you did in the back, making front same length and carrying out the border design of gray stripes. Bind off loosely, sew side seams together to border but do not sew the two border-edges together, as a little room is given by having this slit.

Collar: Using the blue yarn and the number four needles, cast on ten sts., K in ridges for 27 inches, bind off; with gray pick up 132 sts. on edge of collar, K two ridges, one blue ridge, three gray ridges, bind off loosely, sew neatly around neck. With gray pick up 65 sts. around armhole, K two ridges, then K one blue ridge and three gray ridges. Bind off. Tomorrow the bathing bloomers will be given.

Tomorrow—Knitting Yourself a Bathing Suit, Continued

All inquiries addresed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn, however, owing to the great number received. So, if a personal

HOME WAVED HAIR

Assuming that you have the sort of face or the sort of hair that looks best waved, the thing to consider is the least harmful way of keeping in that wave. Constant curling the hair with a hot iron is death to the strongest hair, the use of harsh curlers will only make the hair dry and cause it to split. Let us consider how you can achieve the effect of waved hair with the least amount of actual waving.

If you look well with your hair parted in the middle and drawn rather snugly back to a knot you should have only the two strands on the edge waved. This will give a soft undulating line along the side of the face and the head. If you wear your hair parted very much to the side the same rule applies. It is only if you wear your hair brushed back from the face that you need have it waved all over.

If you wear your hair bobbed you have a special problem. You should if possible have it cut in a style that looks best straight, if it is naturialy straight. But if you must have it waved have it shingled in back, in which case it will stand out so attractively that it will not require a wave and you need only use the iron or curlers on the sides. In fact, with the hair shingled in back, it is quite possible to wave it only for an inch or two back from the ears to get as becoming an effect as though the hair were waved all over.

There are two other ways of waving short hair, turning the ends either under or up, according to which gives the most becoming line around the face.

You must remember that the hair needs only half as much waving as you think it does. The best looking wave is one that is almost out, for then it is softest and most natural looking. Buy large irons and do your own hair. Large irons make a natural looking curl.

True Friend:—Henna leaves will be all right for tinting your hair instead of the powder, but it will take longer. Your light hair will take the tint in a much shorter time than your sister's which is almost black. If you were using the powder, you should not leave it on your hair longer than three minutes and with the leaves possibly ten minutes, but you will have to experiment to get the time just right for your needs. The paste you made with henna is corret, or you may add it to your shampoo lather, retaining that on the hair just as you did with the paste mixture.

Any oil that gets into the eyes will cause them to smart, but it should only be temporary. There is nothing in the lash tonic that would hurt the eyes in any way, but it is well to avoid getting it into the eyes, as the oils in it would cause a feeling of discomfort. You can apply the tonic during the day instead of just before retiring.

Tomorrow—Drink Enough Water

All inquiries addressed to Miss Forbes, in care of the "Beauty Chats" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So, if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor.

Women of Today

By MRS. LILIAN CAMPBELL

Mme. Chas. La Verrier is the wife of the prefect of the college of the city of Paris. She is also

Mme. Charles La Verrier

one of the foremost welfare workers in France and is at the head of the work for French war orphans founded and supported by American contributions. Recently she came to the United States under the auspices of the Lafayette Memorial society to explain how funds raised here have been used for the relief work abroad.

Miss Ruth Lerch, backed by prominent publishing houses, has started a "floating bookshop." She has taken five hundred volumes to sell aboard the steamship Samaria, sailing for Suez, Egypt, India, China and other countries of the Orient. If she is successful in selling these books other ships will be fitted up and the traveler can carry away with him maps and guides of the places he intends to visit or novels to read at odd moments during his travels.

Miss Blanche Knox, of Erie, Pa., has been awarded the Cleveland H. Dodge medal for heroic service while with the Near East relief. She spent two years in relief work in Turkey and Armenia. Miss Knox is now connected with the Germantown hospital of Philadelphia.

BLANCHE KNOX

PROTECT YOUR CHILD'S HEALTH

Through thoughtlessness the slight cough or cold of a child is often neglected and soon becomes serious. A few doses of FOLEY'S HONEY AND TAR COMPOUND, at small cost, taken at the onset of the cold would bring speedy relief. Be prepared, have a bottle of this safe, reliable cough remedy on hand, and give promptly when a cough or cold is detected. Equally as effective for older persons. No opiates.

RALLY IN NINTH ENABLES ANGELES TO BEAT INDIANS

Krugs Triple Brings In Run That Wins Game 6-5; Other Scores

Wally Hood's home run and Marty Krug's triple in the last half of the ninth inning routed Red Killifer and his Indians at Washington park again yesterday. The final count was 6 to 5.

The game was marked by the number of pitchers used and the scraps staged by the players. The Angels used four hurlers—Payne, Hughes, Wallace and Walters. Killifer tried, Sutherland, Jones and Williams. Krug and "Suds" Sutherland, Brady and Butch Byer, and even the Angel recruit third baseman, Ray Jacobs, were at it most of the afternoon. Jacobs finally became so obstreperous that he was sent to the showers.

Ray Rowher's home run into the right field bleachers in the sixth, scoring two runners ahead of him, gave the Indians what looked like a commanding lead, but the Angels worked away on it, and finally came out with the long end of the score.

Hollocher Still Holds Out; May not Perform

CHICAGO, April 10.—It looks as if Charley Hollocher, star shortstop of the Chicago Cubs in seasons past, will be among those permanently absent. He has been a long time hold out and yesterday declared at his home in St. Louis that he would never play with the Cubs again, unless paid $5000 he claims is due him as back salary.

President Veeck in Chicago today said he made Hollocher a fair offer when the club started on its spring practice tour and that Hollocher rejected it.

"We are through with Hollocher," Veeck continued, "unless that offer is accepted."

Radio Gas Five Beat Carlocks on Alleys

The Radio Gas quintet managed to nose out the Carlocks in two out of three games on the Recreation alleys last night, in a City league fixture. Dawson of the losers rolled the best game, 226, and also had the high aggregate score of the evening—596.

Tonight the Red Feathers meet the Psenner Brothers five. Last night's scores were:

RADIO GAS	1	2	3	Tl.
Brown	178	185	138	501
Layman	165	163	162	490
McCoy	138	145	148	432

Sport Crucible

By DAVIS J. WALSH

He Shall Not Pass

Youth is the spirit of boldness—and caution knows it not.

Stanley Harris, of Washington, youngest manager on the big time, says he intends to instruct his pitchers to pitch to our Mr. Ruth at all times during the impending season, and intimates that he will get more favorable results than managers who approach the Ruth menace by retreating. There are to be no intentional gratuities extended to Ruth by Washington pitchers.

"I have a hunch that Ruth can be stopped at critical moments if he is worked upon properly," says friend Harris. "Of course, he will get his hits, because he is a great hitter, but he won't be getting on the bases as he is when clubs keep walking him."

Young Mr. Harris has quite an ample idea. Walter Haken never caught the cup with a putt that was short; no half-hearted tackle stopped Jim Thorpe.

And Ruth can be trifled with, as rather conclusively proved by Giant pitchers in the 1921 and 1922 series, by Dick Kerr while with the White Sox several years back, and by young Hub Pruett last season.

George Ade, Jr.

Without the slightest warning our favorite correspondent shoots from the hip with the following, which he designates as Lemon-Ade and offers for what it may be worth or even less:

"Two Pitchers there were who Buttered their Bread with big league Coin. The One was a Star who Flashed into baseball's Orbit unabashed; the Other a plodder, stable as Lead.

"Just like a Man of the Hour, of whom Big Things are quite naturally Expected, the Star was forced by Consistency to ride Fame's Car, but—came a slump and Aimless were his Flings.

"The Plodder plod on with Prosaic Deeds, but was a Welcome Visitor at the Paymaster's window on the First and Fifteenth of the month, proving conclusively that Bill Shakespeare was Right.

"'Lilies that Fester Smell Far Worse than Weeds.'"

It seems to be the common impression that the New York Yankees will win galloping in the American League this season and break all precedent with four pennants in a row. We will tell you more about it three months from now. By that time Everett Scott, our slightly spavined shortstop, and Joe Dugan, the third baseman with a demountable knee, may or may not be visible to the nude or naked eye.

Ruth Will Out

George Herman Ruth at the plate took his place
George Ruthlessly flailed the air with his mace;
Vain, strove our George to give fielders a chase;
Hard, swung he, only to fall on his face.
Thrice, Gee! Herman R. smote naught, sad the truth;
Then, down threw his cap in a manner uncouth,
Being lameless, quite naturally, he must, forsooth,
Leave a hole in the umpire's leg with his tooth.

Bedtime Story:

Once upon a time there was a pitcher who did not think the umpire missed a third strike on him. The ball was a wild pitch.

Having taken the pains to erect a stadium, seating 60,000 within fifteen minutes ride of Paris, it is to be hoped the International Olympic Committee will be repaid by at least a semi-generous attendance at the Olympic games. As a general thing they manage to draw newspapermen and ushers with the cash customers looking out the window.

Why? It's above and beyond our ineffectual head.

Send Strong Squad to Penn Relay Carnival

LOS ANGELES, April 10.—The Southern California Intercollegiate conference will be represented by the largest track team ever to represent a local institution at the Pennsylvania relay carnival a week from Saturday at Philadelphia. Occidental college will send either an eight or ten man squad to compete in the track classic of the United States and the Eagle Rock athletes have a mighty good chance of cleaning up in their class.

Definite announcement as to who will make the trip has not been made, but will be forthcoming within the next few days. Argue, sprint phenom, Buckman, quarter miler, Ellsworth, Spangler, Powers, Nash, Morey and Goodenough and Montgomery, are among those who have chances of making the eastern invasion it is announced.

New Jersey Open to Dempsey-Wills Bout

TRENTON, N. J., April 10.—A mixed bout between Champion Jack Dempsey and Harry Wills, giant negro challenger, will be sanctioned in New Jersey, Newton A. Bugbee, state boxing commissioner, declared late Wednesday. New Jersey will draw no color line and Bugbee sees no reason why the black man should not get his chance at the title, he says.

LEONARD-WALKER BOUT LOOMING UP

Benny Ends Vaudeville Trip Sunday; Wants Crack at Welter Crown

With Jack Dempsey in Los Angeles making pictures at the rate of one million dollars per annum, interest in the east is centered on the efforts of one Billy Gibson, pilot of Bennie Leonard, king of the lightweights, to get his charge within the roped circle with Mickey Walker, welterweight champion, some time during the coming summer.

Bennah's long vaudeville tour ends Sunday, and he will be free to take on a few opponents and many dollars. But the weight question is causing Gibson and Leonard no little worry. Banqueting scribes, stage and screen luminaries during his trip has added a few pounds to the New Yorker, and it is said he will scale 142 now when entering the ring.

Mickey Walker weighs only a few pounds more than this when in shape, not enough to give him any great advantage. As both can box and hit, the scrap, if pulled off, should be worth going miles to see. Bennie has held the lightweight crown for seven years, trimming them all, and at the present time it does not look as if there were a challenger in sight that was worthy of a great deal of consideration.

Prefers New York

The rumor is around that the welterweight champ will demand that the meeting be held in New Jersey, but Billy Gibson, shrewd and capable, prefers New York, where he can get fifteen rounds to a decision. The chances of Bennah to grab the welterweight title would thereby be enhanced by some considerable per cent. In Joisey he would have to stop Walker to win it.

If the match does go to Jersey, as present indications point, Rickard will without doubt land it for Boyle's Thirty Acres. Rickard will return to New York the latter part of the week and will have an announcement to make at that time.

GEORGES GIVES UP GUARD THIS TRIP

Feels No Need of Privacy in Training Here For Bout With Gene

NEW YORK, April 10.—Georges Carpentier, that gay young blood of the boulevards, notified all concerned today that it was his worthy intention to make a public matter of his training for the scheduled bout with Gene Tunney here on or about June 8.

The glad tidings were received in a cablegram to Jack O'Brien, who conducts an exclusive gym here, exclusive to those with the price of admission. It will be the first time a palpitant public can view Georges at close range without paying numerous dollars for the privilege. The cable was signed by Francois Descamps and read as follows:

"Please arrange Carpentier training your gym while in New York. Privacy unessential. Sail about May 10."

On the occasion of the Dempsey business, our Georges retired behind barbed wire and armed sentries to prepare himself for the great tumble. That his preparations were not in vain was attested to by the fact that he showed unusual form in tumbling on the day in question. Nothing more graceful was ever seen in an American ring.

Now, however, he seems to feel he has learned the trick and the need for secrecy no longer exists. The merry villagers may enter, provided they are equipped with the proper reference and a handy dollar.

At that, the change in the usual schedule may indicate that Georges is not the physical wreck that common rumor has made him. If he could no longer step like the Georges of old he would fear to let the great American public in on the secret at such a nominal charge.

Cinderpath Artists Start for Stanford

Coaches Joe Pipal and Eugene Nixon, acompanied by the best athletes in the Southern California Intercollegiate conference, will leave tonight on the Lark for Palo Alto where on Saturday they are to encounter the strong Stanford university track team in a high-powered dual meet.

Twenty-nine cinder-path artists, Graduate Manager Fred McLain of Occidental and Trainer Pete Poole completed the party. Last year the all-conference team took the measure of the Cardinals, 74 to 66 being the score. At that time the relay decided the meet and it is expected that a similar situation will arise Saturday.

There were quite a few trades. New York farmer traded his wife for a horse and horse died after finishing one day's work. Two Connecticut women swapped husbands and both claim they got stung.

EXHIBITION GAMES

AT GREENSBORO, N. C.:

New York (A.)	11	9	1
Brooklyn (N.)	8	18	3

Gaston, Shields and Schang, Hofmann; Reuther, Decatur and DeBerry, Gonzales.

* * *

AT KANSAS CITY, MO.:

Chicago (N.)	**6**	**10**	**0**
Kansas City (A.A.)	**3**	**8**	**0**

(11 innings)
Leverette, Lyons and Crouse; Ryan, Barnes and Ainsmith.

Men spend more money for their luncheons "downtown" than women.

SPORT SPARKS

By LES CONKLIN,
For International News Service.

A Review of the Week's Sports.

The week in sports was comparatively dull. No baseball stars threatened to quit club, not a single sporting writer spread report that Eddie Collins was to be traded, and only three boxing refrees were shot.

Greatest surprise occurred when big league manager predicted his club would finish second. not first. Generally all sixteen of 'em cable joyful reports to old folks at home that team will cop pennant as sure as taxes.

Ninety-five per cent of promising rookies were canned, but everybody knew that would happen a month ago.

Sport in Spain consisted of marathon dancing contest. Girls wore out 9,883 pairs of shoes and 1,490 partners. Winners collected $25,000 in prizes and $50,000 in hospital bills.

Perspiring dancers washed themselves between encores, while Mom and Pop stayed home and washed dishes. Contests proved that male is weaker of the species.

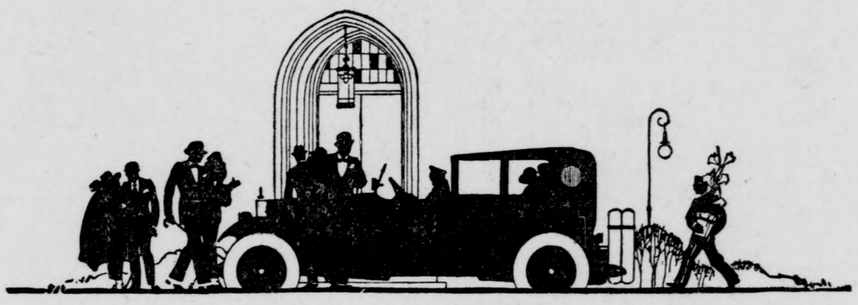
Decision to Kennedy In Bout With Murphy

OAKLAND, Cal., April 10.—Billy Kennedy of New Orleans defeated Dynamite Murphy, California featherweight, here last night. Frankie Grandetta of Portland lost to Jimmy McLarnin of Oakland.

Age of the earth is estimated to be between two and three billion years.



PRIDE IN APPEARANCE

A Magnificent Display for Our "Pride in Appearance Event"

Our Participation in This Nation-wide Movement Presents a Remarkable Opportunity for You—This Event Will Long Be Remembered for Its Splendid Assortments, Better Styles, Greater Values

"Pride in Appearance" A Nation-wide Movement

There are few men who are not proud of their homes. A home is one of the things the world judges a man's social standing by, and as a consequence he wants it to be as good as he can make it. It is not merely a place to live, but one to which he is glad to invite his friends, where he may entertain them comfortably and be proud to do so.

Likewise there are few men who do not insist that their wives or daughters be well dressed—that their appearance be a credit to them.

Today there is sweeping throughout the country the "Pride in Appearance" Movement. It is a movement for better clothes for men, a movement for correct dress. It has been brought about by the attitude of men themselves, who are everywhere paying more attention to correct appearance, and who are insisting on finer things. Everywhere men are coming to know more about clothes and are becoming more careful in their buying. It is not limited to one city or section of the country, but extends throughout the nation.

"Pride in Appearance" means that men have realized that clothes are a large factor in their impression upon other people, and that a man's appearance is a matter which will repay his most careful attention. He owes correct dress to his family because it gives them as much pride in his appearance as he takes in theirs. He owes it to his position, because clothes that are either conspicuous or ill-fitting are no help in business, but on the contrary are frequently a detriment.

Men in every city are realizing more than ever before the importance of good dress. That's the meaning of the "Pride in Appearance" Movement, which is sweeping the country.

Beginning tomorrow and until Easter Sunday our store is given over to "Pride in Appearance."

Knowing our own city as we do, we realized months ago what the demand on us would be at the Easter Season. We prepared and made certain that we would have not only the largest assortments and the best styles we have ever shown—but the greatest values as well.

They're ready for you now. An immense assortment of Society Brand Clothes, the best in America, and our Rochester tailored "all wool" 2 pants suits. A great many of them are the loose, easy, style that's the thing today—broad shouldered coats, straight, wide trousers, the most comfortable and the best looking clothes men **have ever** worn.

All this is our part in the "Pride in Appearance" movement; it's the biggest thing we have ever done; we want you to see it.

SIGNS POINT TO CRACK BASEBALL TEAM FOR YALE

Outfit to Take Stand With Old Eli Crews in Days of Yesteryears

By R. T. BULKELEY
For International News Service.

NEW HAVEN, Conn., April 10. Forty men, some of them Yale's best known athletes, are out to make the varsity baseball team here under the tutelage of "Smoky Joe" Wood. Indications are that Yale's team this spring will take its stand with famous teams of Yale in other days.

An additional advantage to the team this year is the fact that a former leaguer is at the head of the coaching staff, moving up there after a season of phenomenal success with the freshman team of 1923.

With a schedule of 32 games before it, the squad is getting down to work with a vim that indicates a desire to gain the intercollegiate championship of the east this year. Eight "Y" men of last year's squad, plus an abundance of the fast freshman team, serve to brighten prospects.

Line-up Strong

With versatile Charles M. O'Hearn at the helm, the squad has such men as R. W. Pond, who last year pitched his team to two victories each over Harvard and Princeton, and who also was a star back on the great 1923 football team; W. H. Neale, Jr., also a football star and outfielder last year; E. G. Weed, outfielder and first baseman; W. N. Mallory, last year's regular catcher; D. P. Ross, of last year's pitching staff, and W. M. Lovejoy, a first string catcher. R. W. Murphy, outfielder, is the other "Y" man on the squad.

The schedule shows Yale meeting such historic baseball opponents as Columbia, Fordham, Georgetown, Holy Cross, Dartmouth and Brown, besides Harvard and Princeton. Southern colleges also are on the list, some that smashed Yale last year on a southern trip. Penn State and Colgate are particularly tough opponents for Yale. Holy Cross attracts probably the largest attendances for the Yale team—if the commencement games be eliminated—for the rivalry between the two has been intense for many years.

Season's Schedule

The baseball schedule follows: Home Games—April 8, Providence College; April 12, Columbia; April 14, New Haven Eastern League; April 26, Pennsylvania; April 29, Georgia; April 30, Amherst; May 7, Brown; May 8, Washington and Lee; May 14, Colgate; May 16, Dartmouth; May 17, Cornell; May 21, Holy Cross; May 22, Boston College; May 27, Georgetown; May 31, Princeton; June 7, Crescent Athletic Club; June 17, Harvard.

Out-of-Town Games—April 17, Catholic University, Washington; April 18, Maryland, Washington; April 19, Georgetown, Washington; April 21, William and Mary, Richmond; April 22, Holy Cross, Atlantic City; April 23, Columbia, New York; May 3, Penn State, Philadelphia; May 10, Holy Cross, Worcester; May 24, Cornell, Ithaca; June 14, Princeton at Princeton; June 18, Harvard at Cambridge.

In Case of Ties—June 21, Harvard, in case of tie, or Princeton in case of no tie with Harvard; June 24, Princeton, in case of tie and third game with Harvard, games probably in New York or Boston, depending on team that is met.

What's Doing In Radioland

By Southland News Service

Radio programs will bebroadcast by the three Shriners' temples on the Pacific coast tonight at 9:15 o'clock. Shrine bands and chapters will give the programs in each case. Listen in for Al Malaikah, Los Angeles; Islam, San Francisco, and Al Kader, Portland.

From KGO, 312 meters, Oakland, the three-act drama "Kindling," will be presented at 8 o'clock by the KGO Players, with musical interludes.

The Pasadena Military academy band will be heard from 8 to 10 o'clock over KFSG, Los Angeles, 278 meters. Carl Hatch, violinist, also will be on the program.

KPO, San Francisco, will broadcast music by the Palace Hotel dance orchestra between 10 and 11 tonight.

KFI—(Earle C. Anthony)

5:15 to 5:45 p. m., The Examiner
E. W. Biscailus, undersheriff of Los Angeles county, talk.
Cecile Lowder, registered nurse, talk to mothers.
6:45 to 7:30 p. m., Anthony
Y. M. C. A. program, talk on salesmanship, music.
8 to 9 p. m., Ambassador Hotel
Concert by the Symphony orchestra.
9 to10 p. m., The Examiner
Palos Verdes Estates program presented by Jean de Chauvenet.
10 to 11 p. m., Anthony
Special concert.

KHJ—(The Times)

6:30 to 7:30 p. m.—Children's program, presenting Prof. Walter Sylvester Hertzog telling stories of American history. Billie Moore, reader, 7 years of age. Vierling Kersey, Assistant Superintendent of schools, speaker. Bertha Lipson, pianist, 8 years of age, pupil of Inga Nelson Brown. Mickey McBan, screen juvenile. Bedtime story by Uncle John.

8 to 10 p. m.—Program presenting the Studebaker Radio Orchestra. Nina Horner, pianist. Hatch Graham, singer and banjoist. The Al Malaikah Shrine Club Chanters.

10 to 11 p. m.—Art Hickman's orchestra from the Biltmore hotel.

EXPECT RECORDS TO FALL APR. 26 AT TRACK MEET

California Squad to Invade Stanford Stadium, Day of Homecoming

To one who happened to arrive on the Stanford campus on April 26, without knowing beforehand what to expect, the activities of that day undoubtedly would surpass those of the famed 6-ring circus. Athletics are the keynote of the program which has been arranged to greet the thousands of home-coming alumni who will visit the "Farm" at that time.

In the morning, on the old Stanford track, some hundreds of the best high school athletes in the state will run in the annual meet of the North Coast Section of the California Interscholastic Federation.

In the afternoon visitors will be regaled with the annual Stanford-California track meet which will dedicate the new track which has been built in the Stanford stadium.

Official Records

The official list of the Stanford-California track and field records, dating back as far as 1914, appears below. Eight records are held by Stanford, while California holds five. Two records, in the century and in the 440-yard dash, are held jointly by Stanford and California men. The following list shows the events, time, holder of the record, and university represented:

100 yard dash—:10 flat—Cadogan, (C); Abadie; (C); Snedigar; (C); McKee, (S); Kirksey, (S).
200 yard dash—:21 2-5—Campbell (S), 1923.
440yard dash—:50—Wyman, (S); Hendrixson (C).
880 yard run—1:45 3-5—Bonnett (S), 1914.
Mile run—4:20 1-5—Wilson (S), 1914.
2 Mile run—9:47 1-5—Dorr (C), 1921.
120 yard high hurles—:15 1-10—Falk, (S), 1923.
220 yard low hurdles—:23 9-10—Falk, (S), 1923.
Mile Relay—4 men—3:21 3-5—Stanford 1914. (Gard, Murray, Walcott, Chace).
High Jump—6 ft. 4 3-4 in.—Maker (C), 1916.
Broad Jump—23 ft. 8 5-8 in. Jackson, (C).
Pole Vault—12 ft. 8 1-2 in. Krohn, (S), 1914.
Shot Put—48 ft. 6 1-2 in. Bihlman, (S), 1922.
Discus—137 ft. 4 in.—Neufelt, (C), 1923.
Javelin—193 ft. 5 in.—Sorrenti, (C), 1923.

Records which are likely to be broken this year are those in the 100 yard dash, with Barber (C), and Campbell (S) running; the 440 yard dash, with Storie (S), and Miller (S) running under :50 in pre-season; the hurdle marks with Becker (C) and Leistner (S) running; and the shot put and the discus record should be beaten by Hartranft of Stanford, who has made 50 feet in the shot and 148 in the discus throw, and who holds the national intercollegiate shotput record.

Chimpanzees found on French territory in West Africa can only be taken by special permits issued by the government; apes must be carefully handled, and caught only in nets or traps.

YALE IS FAIRLY SUCCESSFUL IN INDOOR SEASON

Most Surprising Setback of Year Was Defeat of Swimming Team

By R. T. BULKELEY
For International News Service

NEW HAVEN, Conn., April 10.—With the boating of various Yale crews on New Haven Harbor and the Housatonic river, accomplished in the closing days of March, the Yale indoor sports season drew to a close after a fairly successful four months. Of reverses sustained by Yale indoor teams the most surprising, perhaps, was that of the swimming team, which for the first year since 1917, failed to top the intercollegiate list. Quite as much of a blow to fond undergraduate hopes, perhaps, was the fall of the basketball team, which in a short three seasons went from last to first to last places in the intercollegiate standing.

Won Three Titles

Hockey and boxing, and polo championships went to Yale. Boxing honors were shared by Annapolis, which sent an undefeated team here to meet Yale, also undefeated. The two schools were deadlocked at three victories each, after matches witnessed by the largest indoor crowd ever assembled here. In hockey Yale lost but one college game, Princeton taking that and then losing the other two in the annual three-match series. Charles M. O'Hearn, of Brookline, Mass., considered the most versatile athlete Yale has known, successfully led the hockey team. He will be succeeded next year by George A. Jenkins, of Ardmore, Pa., with John H. P. Gould, of New York, as manager.

Yale's polo team has won the intercollegiate championship in each of the two years the organization has existed. Before the championship series Yale had lost to Pennsylvania Military college, which in the series fell before Princeton. Yale went through the series in Squadron A Armory, New York, quite as handily as the team of 1923 went through the series at Governor's Island, New York. Henry P. Baldwin, of Cleveland, O.; Sanford Hewitt, of New Haven, and William K. Muir, of Grosse Point Farms, Michigan, were the invincible polo trio. Yale's large artillery armory is responsible for conditions which developed the polo teams for two years.

Third in Wrestling

Yale's wrestling team finished third in intercollegiates, falling before Penn State, winner, and Cornell, runner-up. Fencing saw Yale with a clean slate up to the end of March, with only Dartmouth remaining, before the intercollegiates, in which Yale was considered well placed. Princeton alone led Yale in swimming in the intercollegiates, and Columbia led in water polo. A post-series season with Annapolis saw Yale again defeated at swimming and victor again at water polo.

With the crew situation well cared for, the baseball team is expected to do real things. Outdoors for the first time on March 24, the team is to leave on a week-long southern trip on April 16, playing six games, and returning April 24. Charles M. O'Hearn, the hockey captain, leads the baseball team also and is expected to wind up a spectacular career in the most approved fashion.

The inventor of the sewing machine was accused of trying to throw many people who sewed by hand out of work.

David "Beauty" Bancroft has taken one step higher up in the baseball world. He has discarded his captain's bars of the Giants, to don the general's epaulets of the Boston Braves.

The New Yorks lose a great shortstop and the Bostons acquire a smart leader in "Banny." He was traded to Boston last month along with "Casey" Stengel and Bill Cunningham, for Joe Oeschger and Bill Southworth, with the understanding that he would succeed Fred Mitchell as manager.

"Beauty" joined the major league in an odd manner. The Phillies were in dire need of a shortstop, due to the aging of Mike Doolin. They had a good team and a fighting chance for the pennant, so they sent a scout out to the coast to look over a highly recommended shortstop. The scout also saw Bancroft, who was on the opposing team. A few exchanged telegrams and Bancroft was on his way to Philly with the scout. He stepped right in, made good and helped win the only pennant the Phillies ever won.

Bancroft received the nickname "Beauty" from his teammates for yelling "Beauty" from his position each time the pitcher threw a ball. Kidding the umpire, as it were, into calling them all "strikes."

Dave and his new boss, Christy Matthewson, had a long talk before the big trade was pulled and Banny came out with a fat little contract for two years. He's tickled to death with his new job.

Success seems to follow "Beauty" wherever he goes. The Phillies won their only pennant with him. Then he came to New York, and they won three straight. Now he goes to Boston—watch his dust.

CLUB'S WORK FOR BOYS DESCRIBED

Rotarians, In Meeting Held at Oakmont Club, Hear Committee Report

The regular weekly meeting of the Rotary club, held at the Oakmont Country club today, was turned over by President Geo. B. Karr to Roy L. Kent, chairman of the boys' work committee, who put on the program.

The principal speaker was Coach Normal C. Hayhurst of the Glendale Union High school, who made a plea for a more general participation in athletics, develop the qualities of leadership and sportsmanship, qualities which, he declared, as shown by the Americans and the British, went far toward winning the World War.

Spectators, he said, should also be trained in sportsmanship, as they are demanding professionalism in all branches of sport and are encouraging the standards that are set up in many cases, of putting out a strong team and of winning contests at any cost, rather than engaginy in sport for sport's sake.

David Roth, the memory expert, who is a member of the Los Angeles Rotary club, was present, and showed a number of memory stunts that impressed his audience.

Golf Committee

On the suggestion of A. R. Eastman, that the members should take up golf, a committee consisting of Mr. Eastman, George H. Bentley, H. S. Webb and Dan Kelty was named to look into the matter and report.

Dr. Warren Z. Newton, scoutmaster of the troop that the club is sponsoring, has been given a committee consisting of William Hunter, A. H. Dibbern, James H. Kirkwood and Roger Bentley, to aid him.

Mrs. Helen Sawyer, at the piano, rendered a number of selections in a pleasing style.

A large number of visiting Rotarians were present.

TUJUNGA

POPULAR COUPLE OF TUJUNGA WED

Miss Jessie College and Louis Everett Married At Los Angeles

Miss Jessie College and Louis Everett, both of Tujunga, were married in Los Angeles Saturday, attended by Mr. and Mrs. Hubert Poepke.

Mrs. Everett recently bought the Gilbert Gift Shoppe of Miss Zoe Gilbert and has established a line of novelty goods that is meeting with a growing demand.

Mr. Everett came to Tujunga from South Dakota and has lived in Tujunga a year, engaging in the trucking business. They expect to make their home on El Centro street.

Mr. and Mrs. Everett were entertained at the home of Mr. and Mrs. Earl Murray on Greeley avenue Sunday evening at a wedding supper. Among those present were: Mr. and Mrs. G. B. Patterson, Mr. and Mrs. Charles Patterson, Miss Lucille Pasquera, Richard Patterson, Mrs. Poepke.

Opens New Office

James D. La Motte, recently connected with the escrow department of the Tujunga Valley bank, has opened an office in connection with that occupied by Leo L. Lang in the bank building on Sunset avenue, where he will handle escrows, notary public work, collections and other legal matters.

Miss May Roe, a former resident of Tujunga, has been spending several days renewing old acquaintances.

The San Fernando Mission was the scene of a quartet of birthday celebrations when Mrs. E. E. Kautz, John Kautz, L. E. Jeffries and Mrs. Hedrick were the guests of honor at a picnic. Their birthdays occurred within the same week. Among those present were: Mr. and Mrs. E. E. Kautz, Mr. and Mrs. John Kautz, Mr. and Mrs. L. E. Jeffries and children, of Tujunga; Mr. and Mrs. L. Jeffries, Los Angeles; Mr. and Mrs. De Arman, Burbank; Miss Clara De Arman; Mr. and Mrs. Harry Young, Corona.

G. H. Garrison and family have taken a house on Greeleey avenue where they will make their home. Mr. Garrison is with a decorating company in Pasadena.

Mr. and Mrs. J. W. Furlong, of Denver, were recent guests of Mr. and Mrs. L. H. Fisher of Los Angeles street.

Boxer's Death Blamed On Brain Blood Clot

LANCASTER, April 10.—Johnny De Muth, local amateur boxer, died here last night following a boxing exhibition. According to a report submitted to the coroner, death was directly due to a blood clot on the brain. An inquest is to be held, probably tomorrow. De Muth lived on a ranch eight miles east of this city.

Bonus Bill Report Is Delayed; Out Saturday

WASHINGTON, April 10.—Because of opposition of Democrats, the senate finance committee today postponed until Saturday a favorable report on the soldiers' bonus bill.

No more hunting for the salt and pepper on picnics, claims the inventor of a shaker with a divided compartment and with half the top having large and the other half small holes, and each side bearing its own lid.

Reunions of State Societies Banned By L. A. Officials

The Federation of State Societies has been notified that all the state picnic reunions are forbidden. The Los Angeles Park commission and the state health authorities join in the ban and all announcements are void.

The Rhode Island, the Connecticut and the New York picnics for April 12 are all off and the Texas and Washington for April 19 will probably be stopped.

There is some hope that the Illinois for Saturday, April 26, at Sycamore Grove park may still be held.

All interested parties will watch the papers.

BOND ISSUE FOR LIBRARY SOUGHT

Chairman T. W. Preston of Board Tells Need of Additional Room

(Continued from page 1)

road and the remainder to equipment and fixtures.

As outlined in The Glendale Evening News recently, the proposed addition to the main library building, plans for which have been drawn by Arthur G. Lindley, architect, call for floor space equal to that in the Carnegie building at the present time, with the exception of an open air reading room in the center, approximately 10 by 30 feet. It will have a full sized basement and will provide the additional room which members of the board regard as essential to the present and future requirements of the city.

"It is impossible," said Mr. Preston this morning, "to get any further grants from the Carnegie fund since the death of the founder. We have tried twice and failed, and this has been the experience of other cities. We are absolutely so crowded that more room is essential for book racks and reading rooms.

"Five thousand dollars has been allotted from the library fund for a building in the northwest section of the city, but this is not sufficient. We will need an additional $10,000. This building will be of stucco design.

"We do not contemplate any extensive repairs in the southern branch. The sum of $500 for minor alterations will, we believe, put that branch in good shape."

Mr. Preston pointed out that there had never been a bond issue for the library in Glendale, and in order that this branch of the city work might function properly, additional funds were necessary.

PLAN CAMPAIGN OF ADVERTISING

Big Banquet to Be Held To Outline Population Boost Campaign

(Continued from page 1)

least $1,000,000, and a campaign that could be carried out on a larger scale would, it is asserted, result in bringing more people and a greater volume of assets to Glendale, all of which would, it is claimed, exercise an influence on the business of the city that would result in an immense increase in every line.

The invitations have been sent out to over 200 persons, and practically all of those who have received them are expected to attend the banquet. The invitation reads:

"You are invited to be present at the Hundred Thousand Banquet as a guest of the Glendale Chamber of Commerce, at the Oakmont Country club, Monday evening, April fourteenth, Nineteen hundred twenty-four, at seven o'clock."

The need of a national advertising campaign is generally admitted in view of the fact that other cities in the state are spending large sums to bring new people, and the plans to be outlined next Monday night will, it is believed, meet with an enthusiastic endorsement.

Court Rejects Plea of Auto Camp Owner

F. H. Hatfield, former proprietor of an auto camp at San Fernando road and Riverdale drive, lost his suit in Superior court, whereby he endeavored to have the suit brought by him against the city, later dismissed, reopened.

Hatfield's license was revoked by the City Council, and he later sold his interest to E. Holland. Holland was at first refused a permit, but later the Council gave him permission to operate the auto camp until July 1, to enable him to cover his losses to some extent.

Hatfield filed a petition in the Superior court to have the original case reopened, but this was turned down.

Because of the influx of wealthy Chinese seeking protection from disturbed conditions in the interior, Chinese ports have a building shortage, and an organization in Hongkong with $10,000,000 capital to build houses in the colony, already has 2,000 applications.

REPORT REVEALS MEMBERSHIP OF ORDER INCREASED

Parent-Teacher Associations Have 2,784 Members In Glendale Now

Conclusive proof that the Parent-Teacher Associations of Glendale have increased in membership during the past year was revealed at the meeting of the Parent-Teacher Federation held yesterday afternoon in the Chamber of Commerce building. Mrs. W. M. Crawford, membership chairman, reported there were 2,784 members of Parent-Teacher Associations in Glendale. This report shows Glendale women are active in matters pertaining to the education of their children.

The meeting was well attended and a number of important matters discussed with the president, Mrs. E. B. Moore, in charge.

Mrs. Moore made several important announcements, urging all members to make a special effort and attend the last lecture of the University extension course to be held tomorrow night, Friday, April 11, at 8 o'clock, in the Glendale Avenue Intermediate school.

Will Give Lecture

The lecture will be given by Dr. E. P. Woellner, on "The Triple Alliance—Parent, Teacher, Child." Dr. Woellner has had fourteen years' professional experience in teaching in the Columbia university and is a capable and interesting speaker.

Announcement was also made by Mrs. Moore relative to the bonds for the library. She called the members' attention to the fact of how necessary the library was to the students and particularly those in high school. She urged each member to do their part toward making the library all it should be.

Presidents of the various associations are to appoint their members of the nominating committee, as well as delegates to the convention to be held April 24 and 25 in Los Angeles in the Y. W. C. A. building. The election of officers for the district will take place at the convention.

Mrs. A. H. Brown, federation parliamentarian, announced that at the close of school, classes of parliamentary drill will be conducted for the benefit of all association members.

Boost Music Week

Presidents of the various associations were urged by Mrs. Moore to keep in mind National Music week, May 4 to 10, and arrange for musical programs to be presented in the schools during that time.

A lengthy discussion of the Father's auxiliaries of Glendale was conducted when it was announced Glendale has the distinction of being the first in the state and nation to organize Father's auxiliaries. Plans were discussed whereby the members could assist the auxiliaries in increasing membership and arranging programs.

A special feature of the afternoon meeting was the address given by Superintendent Richardson D. White on "The Recent Achievements and Next Forward Steps Along Educational Lines," and side lights of the Chicago convention of the department of superintendents of the National Educational Association held recently.

Revise System

Mr. White, in discussing this subject, gave four outstanding points which he discussed at length, namely: Financial Outlook, national department of education, changes in the curriculum, and new methods and systems.

Mr. White stated that it was agreed by the majority of the educators attending the convention that the present system of education was in the experimental stage and would have to be revised to meet the need of the modern life and the many so-called fads in the school, such as music, art, domestic art, etc., are really fundamentals.

He also brought out the fact that the next steps in world peace is through education and legislature and that in order to bring about world peace it will be necessary to educatae the children of today, rather than to try and reform the present adults.

Parent, Teacher and Child Lecture Topic

The last lecture of the series being given by the University Extension course under the auspices of the Glendale Federation of Parent Teachers' Associations will be held tomorrow, Friday night, April 11, at 8 o'clock in the Glendale Avenue Intermediate school, it is announced. Attention is called to the change of the meeting place.

Dr. F. P. Woellner will give the address on "The Triple Alliance, Parent, Teacher and Child."

Dr. Woellner has had wide experience as a teacher and is well known for his ability as an able and well informed speaker. He has had fourteen years' professional experience in teaching in the Columbia university and is now a faculty member of the University of California, Southern branch. All Glendale mothers will want to avail themselves of hearing his discussion on this subject.

PORTABLE HEATER

Denatured alcohol is the fuel used in a portable water heater invented in England for household use.

ANONYMOUS GIFT ENDOWS CRIB AT CHILD HOSPITAL

Announcement of Donation Made at Meeting of Glendale Auxiliary

The announcement by Mrs. E. J. Morgan, president of the Glendale Auxiliary of the Chilren's Hospital society, of a gift of $500 to the Children's hospital through the efforts of the Glendale auxiliary, brought joy and encouragement to this recently-organized society, which met on Tuesday at the home of the second vice-president, Mrs. F. L. Doggett, 326 West Garfield street.

Through the presentation of the needs of the Children's hospital to her chapter by Mrs. Thomas J. McDougall, director in the Glendale auxiliary, and a member of Chapter CJ, P. E. O., another member, hearing the story, induced a relative, who wishes the name to remain a secret, to make the gift to the hospital.

The gift of this sum provides for a life membership of $50 for the donor and endows another Glendale crib in the hospital at a cost of $300, with a surplus of $150, which it is the ardent wish of Mrs. Morgan and her co-workers will be increased by further donations, and thus provide for a third Glendale crib. The first crib was endowed with the funds from the Community Chest.

Other reports of an encouraging nature were heard on Tuesday. Mrs. Morgan reported the attendance of the president and Mrs. F. W. Kille at the annual board meeting of the hospital on March 20, when $100 due on the first crib was paid from funds in the Community Chest. This amount also provides for the upkeep of the crip until April, 1926. On this occasion the auxiliary presented the hospital with forty-four new garments, made by various Glendale societies.

Attend Luncheon

An invitation to attend the annual luncheon of the hospital board was accepted, and, on Monday, April 7, Mrs. Morgan, president; Mrs. Kille, secretary; Mrs. A. L. Bancroft, treasurer, and Mrs. Thomas J. McDougal, director of the auxiliary, attended the luncheon served in the new clinic building. Mrs. Albert Crutcher, president of the Children's Hospital society, presided over the luncheon, which was donated and served by a firm of caterers in Los Angeles, who are greatly interested in the hospital.

Mrs. Morgan presented the society with twenty-four new garments and $15 for the brace fund. This will provide a brace for a child, and the local society will keep in touch with the wearer as to its progress toward recovery. Later the visitors inspected the wards and visited the little patients.

Mrs. P. E. Maxwell and Mrs. Thomas J. McDougall, the new directors, were present, and Mrs. Alice Berry of Chapter AH, P. E. O., was a visitor. Mrs. Rose and Mrs. Lhamon are announced as members of the work committee, of which Mrs. F. L. Doggett, second vice-president, is chairman. A large quantity of material was cut into garments and sent out to be made by local organizations.

The auxiliary is very eager to complete the amount necessary to endow the third crib, of which half has been already given.

At the close of the meeting Mrs. Doggett, assisted by her daughters, Phyllis and Kathleen, served tea and cake to the members present.

Police Will Help In Cattle Plague Fight

Chief of Police John D. Fraser issued a special order yesterday directing all police officers to arrest anyone found moving cattle within the city limits, without a written permit to do so.

The authorities are taking drastic steps to keep the foot and mouth disease out of the territories not already infected, and this drastic order is a result of a request made to the chief by the county officers.

REAL ESTATE FOR SALE

OUT-OF-TOWN PROPERTY

Price $7,500, terms 1-3 cash, balance 15 years at 5% per annum, takes 160 acres level land, near Newberry, in San Bernardino county, California. Fine silt soil, no alkali nor hard-pan, has well 300 feet depth, pumping plant that produces 50 inches of water, no buildings.

Climate fine, and adapted on account of its dryness for one-lungers or other persons in ill health.

Here is a chance for some one to go to work and make money and get your health back.

If you prefer I will take your property over up to $5,000 in place of the mortgage.

BURBANK

HALF ACRE

Two blocks from Moreland factory in Burbank, 80x250 feet; will make 4 lots. It has gas, water, lights and street paved with crushed rock. For quick sale $2000, on terms. Can you beat it? Phone owner, Glendale 1191-R.

LA CRESCENTA

COME SEE Our model little house and garage. 50 foot lot all for $900 with $50 down, $15 month. Also the best and most beautiful view lots $10 down. Go four streets west from Post office on Michigan Ave., the Great State Highway. See Manager Highway Highlands, La Crescenta.

BY OWNER—One-half acre with garage house, chicken run and house; oak trees; two shares water stock. One short block to car; fine location, near Honolulu and Pennsylvania, and a good buy for $3000. Phone Glen. 129-J between 7 and 9 A. M. or P. M. and talk terms.

BEAT THE RENT MAN

Buy this brand new three-room bungalow-garage. Only $500 cash, balance $35 monthly. Price $2600. Corner lot 60x140, two blocks from car or bus. Water, gas and electricity. Papered, painted, shades and linoleum, composition sink and tray. Bath with water heater. This is a real snap, I built it and know.

WONDERFUL HOMESITE

Lot 120x292 covered with vineyard and oaks. Water, gas and electricity. Close to frequent car and bus service, school and stores. Beautiful panoramic view. Only $150 cash, balance $30 monthly. Price $3200. Look them all over and then see this.

RIGHT OFF THE FIRE

Lot 60x292 with fruit trees. Two blocks from car, school and stores, with water, gas and electricity. It's the view of the mountains and valley. A blind man would buy it. $50 cash, balance $25 monthly. Price $1500.

CITY PRINTING

PUBLIC NOTICE

NOTICE OF THE FILING OF THE ASSESSMENT FOR THE OPENING AND WIDENING AND LAYING OUT OF RALEIGH STREET IN THE CITY OF GLENDALE. TOGETHER WITH THE DIAGRAM OF THE DISTRICT TO BE ASSESSED FOR SAID IMPROVEMENT.

Public notice is hereby given that the Street Superintendent of the City of Glendale has filed with the Clerk of the Council of the City of Glendale, the assessment for the opening, widening and laying out of Raleigh Street, from the westerly line of Lot A, of the C. W. Bachmann Tract, as per map recorded in Book 21, page 110, of Maps, Records of Los Angeles County, California, to the westerly line of Adams Street in said City, in the manner contemplated by Ordinance No. 486, passed by said Council on the 6th day of October, 1921, together with the diagram of the district to be assessed therefor.

The date of the first publication of this notice is the 5th day of April, 1924. All persons interested are hereby required to file, in writing, their objections, if any they have, to the confirmation of said assessment by the Council of the City of Glendale, with the said Clerk of the Council, within thirty (30) days after the said date of the first publication of this notice.

A. J. VAN WIE,
City Clerk of the City of Glendale and Clerk of the Council of the City of Glendale.
April 5-7-8-9-10-11-12-14-15-16, '24.

NOTICE OF FILING ASSESSMENT

NOTICE IS HEREBY GIVEN that the Street Superintendent of the City of Glendale has filed with the City Clerk of the City of Glendale the assessment for the improvement of Thompson Avenue from Glenwood Road to Kenneth Road, more particularly described in Resolution of Intention No. 2184, passed by the Council of the City of Glendale on the 22nd day of November, 1923, reference to which is hereby made for a description of said improvement.

Any person interested feeling aggrieved, or who has any objections to the work, assessment, diagram, or any act, determination or proceeding of the Street Superintendent or City Engineer, may, prior to the date fixed for hearing, appeal to the City Council by briefly stating in writing the grounds of appeal.

Notice is hereby given that on the 24th day of April, 1924, at 10 o'clock A. M., in the Council Chamber in the City of Glendale, a public hearing will be given and had, when and where all persons interested in the work done or in the assessment will be heard.

Clerk's office, this 8th day of April, 1924.

A. J. VAN WIE,
City Clerk of the City of Glendale.
April 9-10, 1924.

"The Fighting Coward"

Adapted from Tarkington's Latest and Greatest Stage Comedy Success

Played by an All-Star Cast Headed by

Ernest Torrence and Mary Astor

He was branded the biggest coward in the South, turned away by his proud Southern sweetheart in humiliation and disgrace—came back the wildest eat-'em-alive fighting man ever known.

DRIPPING WATERS DAMAGE LIBRARY

Ancient Tomes in Congress Collection Ruined by Slush Seepage

WASHINGTON, April 10.—Congressmen and senators with a predilection for musty and yellow old tomes will find 8000 of them in the library of Congress, for which no one connected with that institution is thanking the weather man.

Water dripping through the roof of the library after the Capital's last rain and slushstorm so damaged some of the rare and, in some instances, nearly priceless, volumes, that many of them have been coated with a rich ochre tint, others have been discolored by a diluted dye soaked from the covers.

The monetary damage no one at the library cared to estimate, but if it will not run into thousands of dollars it will be in hundreds.

Six night watchmen worked heroically to stop the seepage when melting slush so clogged the roof gutters that there was no drainage. Thirty charwomen next morning mopped up the floors with squeegees and buckets, and ten men were hired to gather the damaged books and spread them out in a warm place where, it as hoped, drying would restore them to normal.

Great secrecy was maintained in an effort to keep news of the occurrence from leaking out, but it finally was brought to the attention of David Lynn, architect of the Capitol buildings. It was said that the incident was the first of its kind in the twenty-seven years of the library's existence.

Bootlegger Plugs His Trade at Auto Show

BOSTON, April 10.—"G. and S. Lubricants, Telephone Kenmore 1429" were the words on a card distributed by a self-admitted liquor salesman who mingled with sellers of automobiles and accessories at the automobile show here. Gin and Scotch, it was intimated in court, were the words meant by the initials, whereupon J. H. Marston, the alleged bootlegger, who pleaded guilty, was fined $100 by Judge Creed.

In gathering honey bees travel within a radius of two and a half miles from their hives.

DISC SYSTEM TO DOOM SEMAPHORE

New Automatic Device Cuts Risk on Railroads, Is Officials's Claim

COSHOCTON, Ohio, April 10.—The old semaphore railroad signal system is doomed, according to officials of the Pennsylvania Railroad in charge of the installation here of new automatic discs which are being installed at a local tower, one of four towers at which such systems are being installed between Pittsburgh and Columbus.

In the place of semaphore arms they are erecting signal posts along the tracks, upon each of which is mounted a huge disc, with lenses upon it. They are operated by levers—both the automatic and mechanical systems—just as were the semaphores. The signals of old in principle are retained—horizontal position means stop, a 45-degree angle, caution, and a vertical position, clear. But rows of three lights now give these signals instead of semaphore arms.

The new system provides additional protection and safety, it was claimed, through interlocking switch and signal devices and through absolute automatic blocking. As soon as a train passes a clear signal the horizontal row of three lights—a stop signal—immediately takes the place of the vertical row of lights.

Chorus Girl Wives Get Lesson In Marriages

BOSTON, April 10.—Community housekeeping may be all right when tried out with a group of chorines, but it's absolutely "no go" at all when there are a couple of husbands around to complicate matters. That's revealed by the discovery of Mrs. Edwin T. Hall and Mrs. Lowell Almy, the two Follies girls who married two young Boston business men. Two months ago the bridal couples settled in a three-room apartment, where they were going to live together "on a community plan and with a budget system."

But it took only six weeks for the quartet to learn that a kitchenette is rather crowded when presided over by two brides. So now the "community home" is no more.

Average cost to serve a meal on the diner of one railroad is $1.38.

Examinations Slated For 2nd Lieutenants

SAN FRANCISCO, April 10.—Examinations for appointment of second lieutenants in the regular army will be held throughout the United States during the week commencing April 14, 1924, it was announced at the Presidio here today. To be eligible, an applicant must be at the time of appointment a male citizen of the United States between the ages of twenty-one and thirty years and must also be either a warrant officer or an enlisted man of the regular army with more than two years' service as such, or a reserve officer, an officer, warrant officer or an enlisted man of the national guard, a member of the enlisted reserve corps or a graduate of a technical institution approved by the secretary of war.

A civilian who is qualified by citizenship and age and who is not a graduate of an approved institution may upon application take the preliminary examination, and, after passing the preliminary examination, may take the final examination, provided he has in the meantime become a member of the regular, national guard or reserve forces. Applications may be obtained from any adjutant at any military station of the army, it is said.

There are 450 species of frogs.
